On this subject the Marion Star, a paper ever alive to the internal interests of the whole State, has the follow-

"NARROW GAUGE RAILROAD. -A gentleman of prominence and enterprise has consulted us as to the pro-priety and advantages of building a narrow gauge railroad from Charlott, M. C., via Cheraw, Bennettsville, Marion, and Conwayboro to Little River, S. C. We would be pleased to receive communications from prominent gentlemen along the line designated, as to the advantages or disadvantages of such an enterprise in order that we may inform the people as to their true interest in the matter."

We hope this request will elicit a reply from the prominent men on this proposed route, in the right spirit.

DIED.

At his residence, on Buck Creek, in Simpson Creek Township, on the 8th inst., John Marsden Cox, in the fortythird year of his age.

Mr. Cox was an industrious, energetic and frugal man in his business; strictly honest in his transactions with mankind; lived a life, the County, especially that portion of it in which he lived, has lost a noble citizen; the widow and six small orphan children, a husband and father, whose noble ambition was to supply their every

May this afflicted family remember, and put their trust in Him, who hath promised to be a husband to the widow and a father to the fatherless.

DIED .- On the 7th inst., at his residence in this County, Wilson Dorman, aged 40 years.

Mr. Dorman's and rs were among the first, and most respectable settlers on the Lake Swamp. He leaves a starge family and connections with more liberties he is inclined to take with his hearts bowed in sorrow and sadness.

DIED

At his residence in this County on Monday, Aug. 28th, Mr. ARTHUR HAR-DY, aged about forty. He was a real Christian who "walked in all the Commandments of the Lord blameless." Also on the next day Arthur Hardee, Jr., son of the above, aged about fifteen, and two other children are lying dangerously ill. This bereaved family desideratum of the busy millions, an I they have the article in Hosteiter's Stomach Bitters. ITEMS.

A Washington dispatch of Friday last says: "The administration appears to be retracing its steps on the proposition to declare martial law in South Carolina. The Cabinet meeting which was appointed for to-day to dispose of the question, has been indefinately postponed. Two facts have contribated to this result. The first is a protest from influential Republican quarters against such a step, and the second is the entire absence of any confirmation of Senator Scott's bugaboo story as to the condition of affairs in that State. The War Department reports from officers of the army on duty in South Carolina atterly fail to mention any new outrages, as alleged, and the Department therefore has no intention of issuing a circular letter of instructions, as has been reported."

An extensive sulpher mine has been discovered in Louisians, the only one of the kind in this country. It is on Marion, Bennettsville, Cheraw and the gulf coast, and the sulphur lies over \$6.25 to to \$9; Corn. firmer 70 to 71c. When reached the supphur deposits were over one hundred feet in thickness and of \$4.50. great purity, The mine is worked by a company with ample capital and experience, who have every facility for doing it scientifically. The deposits are so remarkable both in regard to quantity and quality, and are so readily obtained, that enormous profits are expected to accrue to the shareholders.

> IMPORTANT TO BUILDERS AND CON-TRACTORS. - We learn from our Charleston exchanges that Mr. P. P. TOME, the manufacturer of Doors, Sashes, Blinds, &c., has established a depot at No. 20 Hayne street, where he keeps constantly on hand not only articles from his own manufactory, but also every variety of builders hardware, French and American window glass both plain and ornamental, slate mantels, and, in short, everything necessary to finish handsomely a residence, a store, or a church.

The Dadeville (Ala.) Banner says of Darby's Prophylictic Fluid: "It is an almost indispersable vade mecum with the planters." Our own experience con irms this opinion. Try it, is our advice to alll.

EXUBERANT HEALTH

Is a blessing vouchsafed to few. Even those who have been favored by nature with strong constitutions and vigorous frames are apt to neglect the precautions necessary to preserve these precious endowments. Indeed, as a rule, the more healthy and robust a man is the own physique. It is some consolation to the naturally weak and feeble tok sow that they can be so invigorated and built up, by a proper use of the means which science has placed at their disposal, as to have a much bet-ter chance of long life, and exemptions from disease and pain, than the most athletic of their fellows who are foolish enough to suppose themselves invulnerable, and act accord-

ingly.
It is not too much to say that more than half the people of the civilized world need an occasional tonic, to enable them to support the strain upon their bodies and minds, which the fast life of this restless age occasions. In fact, a pure, wholesom, unexciting tonic is the grand desideratum of the busy millions, an I they manent strength to weak systems and invigorates delicate constitutions. Its reputation and its sales have steadily increased. Competitive preparations have been introduced ad libitum, and, as far as the public is concerned, ad nauuseum, in the hope of rivaling it. but they have all perished in the attempt, or been left far in the rear. It has been the great medical success of the present century, and it is quite

certain that no proprietary medicine in this country is as widely known, or as generally Ten lightning presses, runing incessantly (Sundays excepted,) the whole year through barely supply the demand for the Illustrate Almanac, in which the nature and uses of th peparation are set forth, the circulation nore being over eight a year.
