PAIN-KILLER.

FOR OVER THIRTY YEARS Perry Davis' Vegetable Pain-Killer HAS BEEN TESTED IN EVERY VARIETY OF CLIMATE, AND BY ALMOST EVERY NATION KNOWN TO AMERICANS.

It is the constant companion and estimable friend of the missionary and the traveler, on sea and land, and no one should travel on our lakes or rivers without it.

It has been used by the public over thirty years, and probably has a wider and better reputation than any other proprietary medicine of the present day.

Rules and Regulations Adopted by the Turpentine Distillers in Horry Governing the Buying and Selling of Crude Turpentine.

At a meeting of the Turpentine Distillers held here this day, for the purpose of adopting such rules and regulations in buying of turpentine in its crude state as will conform to the rules and regulations for the sale of Naval Stores adopted by the board of trade in New York.

It was put and carried that the empty barrels weigh not exceeding sixty pounds, made of seasoned timber, and hooped with eight good hoops; that if made of unseasoned timber sixty pounds be deducted from every such barrel.

It is further ordered, That bench warrants do, forthwith, issue for the arrest of John Cox, Samuel Long and Jupiter Newton, for riot and affray, and that they answer to same at the next term of this court; and also for witnesses mentioned in said presentment.

Those rules and regulations will be applied to those buying for the distillers. The rules recently adopted in New York and Wilmington regulating the sale of naval stores are so stringent that we have been compelled to adopt the foregoing rules, and we believe it will result to the benefit of the producer—more especially those who are in the habit of putting their stuff in good order.

The undersigned do hereby pledge themselves to be governed by the foregoing rules and regulations, and that the same be published in the Horry News.
