

The Greenville Bolt.

Fillman Takes Part Against the Bolters, But They Pay No Heed to His Interference.

Special to News and Courier.

Greenville, Nov. 5.—Senator B. R. Tillman has been appealed to by friends of J. E. Speegle to tell the Democrats of Greenville County how they should vote in the general election, whether for Speegle or for J. W. Walker, and there was great rejoicing in the Speegle ranks when the senator now in far away Indiana, dropped right into the local fight by sending the following dispatch, which was received yesterday afternoon:

"Messrs C. L. Verdin, W. H. Whitmore, W. E. Wright, H. P. Burbage, W. J. Bramlett, Greenville, S. C.: Young's telegram received. The action of the committee, right or wrong, is final. All Democrats must bow to its decision. If I lived in Greenville I would vote for Speegle. As fraud was charged and was shown on both sides, the committee ordered another primary. Walker should vote the ticket and urge his friends to do so, and appeal to the people he refers to, to right his grievance. The Democratic primary should be above suspicion or the negro will come back into our politics, something we cannot afford.

"B. R. Tillman."

Just what the effect of the message will be on the situation is a matter of much speculation. The Speegle people evidently think it is a winner, for circulars are already being scattered broadcast over the city and county bearing the Fillman telegram, with a sworn affidavit from the local office of the telegraph company as to its correctness.

On the other hand the Walker people laugh at such a long shot and they say it will have no effect on the man who has made up his mind, and that it is too late for Tillman to have any weight in this county. D. J.

DISASTROUS WRECKS.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung trouble. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Dragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed by Crawford Bros., J. F. Mackey & Co. and Funderburk Pharmacy, Drugist. Price 50c, and \$1.00 Trial bottle free.

Need Warrants in Arresting.

Special to Greenville News.

Columbia, Nov. 4.—An important Supreme Court opinion, in addition to its local interests was filed today by Justice Ira B. Jones. The opinion decides that arrests for misdemeanors without warrants merely on information are illegal and that confinement under these circumstances is false imprisonment.

The case came up during the construction of the Berkley building in this city. There were a number of strikers on the building and W. J. Bailey, the contractor, at one time caused the arrest of Martin Percival on the charge of interfering with labor, and disorderly conduct in front of the building. The case did not come up for trial and the prosecutor failed to appear, whereupon Percival, through his attorneys, Messrs J. Q. Marshall and J. S. Muller, entered suit against W. J. Bailey and the Columbian Real Estate and Trust company for \$10,000 for false imprisonment

and \$10,000 for false charges and damage to reputation, making \$20,000 in all.

The attorneys for the contractor and the company, Messrs Abney & Thomas, entered a demurrer on the ground that Percival had been interfering with labor and was guilty of disorderly conduct over which the city had jurisdiction and because it appears from the allegations in said cause of action that the court had the right to determine what was disorderly conduct, and if it subsequently came to the conclusion that on the testimony adduced the plaintiff was not guilty, nevertheless the defendant is not liable for false imprisonment; and the same result would follow if it turned out that the municipal court had no jurisdiction over the acts complained of.

A Policeman's Testimony.

J. N. Patterson, night policeman of Nashua, Ia., writes, "Last winter I had a cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Sold by Funderburk Pharmacy.

White Woman And Two Sons Arrested.

Mr. H. W. Halloway has returned from Blacksburg, where he went at the instant of the comptroller general to investigate an alleged incendiary fire, October 23. The barn and contents and some animals belonging to Mr. Dyer were burned. As a result of his investigation Mrs. Nancy Duncan and her two sons, white tenants, were arrested charged with the crime and they were turned over to the court.—Record, 5th inst.

A RUNAWAY BICYCLE.

Terminated with an ugly cut on the leg of J. B. Orner, Franklin Grove, Ill. It developed a stubborn ulcer unyielding to doctors and remedies for four years, then Bucklen's Arnica Salve cured. It's just as good for Burns, Scalds, Skin Eruptions and Piles. 25c, at Crawford Bros., J. F. Mackey & Co. and Funderburk Pharmacy, Drug Store.

One Hundred Persons Drowned.

Bona Algeria, Nov. 4.—A hundred persons were drowned last night by the sinking of the French steamer Gironde after having been in collision with the French steamer A. Schiavino. The Gironde left Bona with 110 passengers, of whom 100 were Algerian natives.

It is a household favorite for throat and lung troubles, and as it contains no opiates or other poisons, it can be safely given. Sold by Funderburk Pharmacy.

Telephone Girl Killed.

Her Body Found in a Vacant Lot at Cincinnati

Cincinnati, Nov. 4.—Terribly cut and crushed about the head the dead body of Alma Steinway a telephone operator, 18 years old was found today in a vacant lot near Spring Grove cemetery at Winston Place, a suburb. While there are large footprints in the trail, where the body was found there is no clue to the supposed slayer.

The girl left the telephone office at Cummingsville last night and her body was found in the lot near the cemetery this morning. Her head and face had been horribly crushed with a club. No other injuries were found on the body, except the wounds on the head.

Tonight Conductor Frank Lini told the police that Alma Steinway got on his car last night at Knowlton corner, accompanied by a man. The pair rode to Winston road and got off. He said the man had frequently ridden with Miss Steinway. Lini said he could identify the man.

There is a striking similarity in the death of Miss Steinway and that of Louise Mueller, whose mutilated body was found a month ago about half a mile from where the body of Miss Steinway was found, the chief of detectives is of the opinion that the same man committed both crimes.

DOESN'T RESPECT OLD AGE.

It's shameful when youth fail to show proper respect for old age, but just the contrary is the case of Dr. King's New Life Pills. They cut off maladies no matter severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect Pill. 25c, at Crawford Bros., J. F. Mackey & Co. and Funderburk Pharmacy, Drug Store.

DANGER OF A COUGH.

Pneumonia, grippe, cold, bronchitis and nearly every other dangerous sickness of this kind is usually the development of a slight cough. Too many people are laid up and too many die from diseases where they could so easily knock that first cough in the head. Murray's Horehound Mullen and Tar cures colds. It drops the bottom out of a cough. Every druggist has it for 25c a bottle. Remember "Murray's" and take no other. Regular 50c size.

The decision of the supreme court as to authority of police officers to arrest for misdemeanor without a warrant need give no uneasiness to municipal officers. Associate Justice Jones reiterates former decisions to the effect that for offenses less than a felony a peace officer may not arrest without a warrant unless the offense is committed in his presence but the justice qualifies this broad rule by the assertion that an arrest may be made on the arrival of the officer at the scene so soon after the occurrence that there are still evidences of the disturbance. In the discharge of their difficult and peculiar duties it is frequently necessary, for the sake of order and justice, that police officers shall make immediate arrest for misdemeanors not committed in their presence, and so long as these officers perform their duty with discretion they can be certain of being sustained by the courts in any particular case.—The State.

Bloodyed in Spartanburg.

Spartanburg, November 5.—A terrible tragedy was enacted here tonight. J. L. E. Jones shot and killed J. M. P. Young, in Fant's little confection store on Magnolia street. Both are white men and each has been running a repair shop a few doors from each other. They are about the same age. Young was a large, strong man, while Jones is slender and small. So far as can be learned Young took hold of an Italian with a monkey this afternoon and forced him to pay a lodging bill due Young's mother. Jones called for a policeman and reported Young for rough treatment of the Italian. About 7 o'clock Young went to Jones shop and they got into a fight and Jones was worsted considerably. A little later Jones went into Fant's confectionary and went to the back end of the little room. Young went in soon after, apparently to make a purchase. Seeing Jones near the stove, he threw his walking stick at him. He recovered it and threw it a second time. Jones then shot him with a pistol, the ball entering the left side, cutting the aorta artery. Death was instantaneous. Young's wife followed him to Fant's door and was in front of it when her husband was shot. There were several witnesses to the fight and the shooting. So far as can be learned there was no quarrel before this evening.
