

TO ORGANIZE FOR GOOD ROADS

Plan Adopted for the Formation of Association in Every County.

President F. H. Hyatt of the South Carolina Good Roads association is arranging to publish a pamphlet containing the constitution and by-laws of the association and the plan of organization, arranged by the secretary, Mr. Earle Sloan, for the formation of branch associations in the different counties. The books will also contain the names of the county supervisors and other interesting information.

The plan is as follows:

A branch association of the South Carolina Good Roads association may be organized in each county of the State of South Carolina in the following manner:

1. The county supervisor and one or more of the county commissioners of the related county shall be advertised in a county paper issue "a call for all good citizens of — county who may be interested in good roads to assemble at the court house to organize the — county branch of the South Carolina Good Roads association on the — day of —, 19—, at the hour of —.

2. That at the specified time the supervisor shall call the meeting to order, read the advertisement announcing the purpose of the meeting, and appoint a temporary secretary who shall submit for the signatures of all intended members present the following form:

"We, the undersigned, do hereby subscribe ourselves as members of the — branch of the South Carolina Good Roads association subject to the constitution provided for such branch associations.

(Signatures follow.)

3. The county supervisor shall then appoint three tellers and call for the election of a president by a majority vote of the listed members.

4. The president so elected shall then take the chair and successively call for and require the election of a vice-president, a secretary and a treasurer, by a majority vote of the listed members.

5. The convention shall then adopt the following constitution:

(a) The — branch of the South Carolina Good Roads association shall comprise as permanent members all citizens in good standing who may from time to time subscribe to the roll of this association.

(b) The officers of the — branch of the South Carolina Good Roads association shall be a president, a vice-president, a secretary and a treasurer, whose term of office shall be coordinate with the term of office of the county supervisor. The county supervisor and one or more of the county commissioners shall ex officio constitute an executive board to whom the — branch association may delegate specific duties.

(c) The — branch association may, at appropriate times, elect delegate members to the South Carolina Good Roads association whose term shall be coordinate with the official term of the county supervisor. The number of delegate members so elected or appointed shall equal the number of representatives to which — county may be entitled in the South Carolina general assembly. The county supervisor shall be one of those

members and be ex officio chairman of the county delegation to the South Carolina Good Roads association.

(d) That the annual dues of each member shall be —

(e) The — branch association shall meet not less than once a year at such times as may be agreed on and as much often as the executive board may from time to time determine.

(f) All matters of appeal or contest which may arise shall be referred to the South Carolina Good Roads association whose decision shall be final and binding.—The State.

A VERY CLOSE CALL

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters, and after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by Crawford Bros., J. F. Mackey & Co., and Funderburk Pharmacy. Price 50cts.

Workman Fell Fifteen Stories and Was Terribly Crushed

Atlanta, Jan. 23.—A fall to death from the very crest of the lofty Candler building, now in the course of erection, 15 stories to the ground below, was the fate of Peter McGuarry, an iron worker, at 10 o'clock this morning.

McGuarry was crossing a plank which spanned the opening to the elevator shaft to the top of the building when he lost his balance and dropped head first down 15 stories, mashing his head to a pulp. Not an obstacle was touched by the falling man and when he struck, the full impact of his long fall brought instantaneous death. His head and neck were literally mashed into his body.

SAVED FROM TERRIBLE DEATH.

The family of Mrs. M. L. Bobbitt of Bargerton, Tenn., saw her dying and were powerless to save. The most skillful physicians and every remedy used, failed, while consumption was slowly but surely taking life. In this terrible hour Dr. King's New Discovery for Consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung troubles. Guaranteed Bottles 50 cts. and \$1.00. Trial Bottles free at Crawford Bros., J. F. Mackey & Co., and Funderburk Pharmacy.

Governor Vardaman Arrested a Negro Murderer While on a Train.

Birmingham, Ala. Jan. 23.—A special dispatch from Jackson, Miss. says that Gov Vardaman figured in a sensational encounter on a railway train last night when he borrowed a revolver from the conductor and arrested Jim Hannah, a negro who was charged with killing two men. When the Governor learned that the negro was in the same train he hurried into the car and had the culprit covered before he could make any resistance. The incident caused great excitement on the train and the spectacle of a chief executive holding the weapon and ready to shoot if the emergency arose, was decidedly startling. Hannah was delivered to the sheriff at Zazoo City.

Negro Meets Horrible Death in Chester Oil Mill.

Chester, S. C., Jan. 25.—Jim Wilson, a negro employee, met a horrible death at the Chester Oil Mill last night. By some means his arm was caught in the belting, carrying him up and winding his body around the shafting. His neck and legs were broken in places, and his head was beaten to a jelly against the ceiling.

Children Poisoned

Many children are poisoned and made nervous and weak, if not killed outright, by mothers giving them cough syrups containing opiates. Foley's Honey and Tar is a safe and certain remedy for coughs, croup and lung trouble, and is the only prominent cough medicine that contains no opiates or other poisons. Sold by Funderburk Pharmacy.

Mrs. Catherine Green, a planter's wife, was the inventor of the cotton gin. Her work on the farm taught her the necessity of such an invention.

A Life at Stake

If you but knew the splendid merit of Foley's Honey and Tar you would never be without it. A dose or two will prevent an attack of pneumonia or la grippe. It may save your life. Sold by Funderburk Pharmacy.

STRAIGHT FACTS.

A whole lot of fancy phrases can be written about remedies, but it takes facts to prove anything—good straight facts. And the strongest fact you ever heard is that Tannopiline is the best cure for piles on the market. It cures absolutely. Has a healing, soothing effect from the start. Aldruggists have it for \$1.00 a jar. Ask for Tannopiline and don't dare take a substitute.

His Authority.

A bank president called one day on Governor John G. McCullough of Vermont.

"Governor be said, 'I want to recommend to your notice Sebastian Sutro. This young man would fill a place of trust with discretion and integrity.'

"He is a good man, eh?" the governor asked.

"He is one of the best of men," said the bank president solemnly. "Moral, high minded, generous to a fault."

With a laugh the governor interrupted the bank president.

"This fervid praise," he said, "reminds me of a case wherein I appeared in San Francisco.

He laughed again. Then he went on.

"It was a will case. We were trying break the will of an elderly gentleman who, ignoring his relations, had left the bulk of his property to a total stranger. It was part of our case to prove that the dead man had been eccentric, irregular, cruel, dissipated, and, after we had proved this point, the defence summoned a witness in rebuttal.

"The first question put to defence's witness was: 'What do you know about the character of the deceased?' And the man answered, sir, in words like these:

"He was a man without blame, beloved and respected of men, pure in all his thoughts, and"—

But, I interrupted the witness. "Where," I said, "did you learn all that?"

"I got it," the man answered, "from the tombstone."
