You Must Sleep.

If you cannot, it is due to an irritated or congested state of the brain, which will soon develope into nervous prostration. Nature demands sleep, and it is as important as food; it is a part of her building and sustaining process. This period of unconsciousness relaxes the mental and physical strain, and allows nature to restore ex-

hausted vitality.

Dr. Miles' Nervine brings refreshing sleep, because it soothes the irritation and removes the congestion.

It is also a nerve builder; it

nourishes and strengthens every nerve in your body, and creates energy in all the organs. Nothing will give strength and vitality as surely and quickly as Dr. Miles' Nervine. quickly as Dr. Miles' Nervine.

Columbia, April 18 .- Accord ing to a letter received from the Governor of Georgia, mention of which was made yesterday, there is a decided mix-up in the battle flags of the two States. The letter states that a flag returned to this State listed as belonging to the SumterFlying Artillery, should have gone to Georgia, where there was such a battalion, and that the war department made a mistake in confusing it with the Sumter Heavy Artillery of this State. Governor Heyward will endeavor to straighten the matter out and has written the war department for further information.
