Prohibitionists Meet to Discuss Plans.

Decided to Call a State Convention at Later Day.—Committee From Each County

A conference of prohibitionists from different sections of the State was held Thursday night at the main Street Methodist church. The conference took no radical steps; it did not formally express itself as being for or against a State prohibition ticket or the like. It simply provided for an organization and arranged to call a State convention, as the following resolutions, which were adopted, indicate:

Resolved, That it is the sense of this conference that a general conference of prohibitionists of South Carolina should be held to discuss and inaugurate a plan of campaign against the sale of alcoholic liquors as a beverage within the State.

Second, That an executive committee, consisting of one member from each county, of whom any ten shall constitute a quorum, hereafter to be appointed, shall take charge of all matters referred to them by this conference and that said executive committee shall call the conference above referred to meet in the city of Columbia on such a date as it deems advisable.

Third That in such proposed conference each county shall be entitled to as many delegates as it has members in the General Assembly.

Fourth, That the qualifications and manner of election of delegates be left to the executive committee.

Only once the meeting became real animated. This was when Capt J W Hamel introduced a resolution that stated it to be the purpose of the conference to inaugurate a movement to advance the cause of prohibition and not to put into the field a ticket for political offices. The latter portion of the resolution met with considerable opposition and was finally withdrawn, clearly against an expression on this phase at this time.

Capt Hamel supported the resolution in its original form in a clear-cut speech, taking the position that the fight should be for the cause of prohibition and that to connect it with the personality of any man would be to weaken the chance for success. He pointed out the success of the prohibition movement in Cherokee and Pickens as evidence of the sentiment spreading over the state and contended that the time was opportune for a fight for prohibition without any qualifications.

Notice to School Trustees

July the 1st, is the time for appointing Trustees to serve for the next two years. Please call a meeting of the patrons of your respective districts and send me the names of those recommended to serve for that time. I sincerely hope and urge that these meetings be entirely harmonious and that the best interests of your schools have absolute precedence over everything else.

W. M. Moore,
Co. Supt. of Education.
