

Reminded Kansan of Home.

The recent tornadoes in Kansas led the Kansas City Journal to tell of the experience of a Kansan crossing the Atlantic in tough weather.

"Go below there!" the captain shouted.

The passenger looked around to see whom he was talking to.

"You mean me?" he yelled back when he saw there was no one in sight.

"Of course, I do; go below," and the captain came alongside.

"Well, I guess not," protested the Kansan. "I'm up here to see how one of your mountain-high waves and 'terrible gales' compare with what we have in Kansas in the way of cyclones."

This ain't a patch to what I've seen out our way. A big wave broke over the deck, sweeping the Kansan aft. They picked him up with a broken leg, twisted shoulder, a sprained wrist, and his face looked as if he had been dragged backward through a briar patch.

When he came to he saw the captain. "By grave, cap," he said feebly, "that reminded me of home, only it was a darn sight wetter."

Crockett and the Mules.

When Davy Crockett sat in the national legislature as a representative of the state of Texas he had many clashes with men of more education but less wit than himself. It is told of him that one day while standing in front of his hotel on Pennsylvania avenue a swarm of mules trotted by under the custody of an overseer from one of the stock farms in Virginia.

A congressman from Boston, who was standing near by, attracted Crockett's attention to the unusual sight, saying: "Hello there, Crockett; here's a lot of your constituents on parade. Where are they going?"

The celebrated hunter looked at the animals with a quizzical glance, and then turning to the other said quietly, but with great emphasis, "They are going to Massachusetts to teach school!"

DON'T BORROW TROUBLE

It is a bad habit to borrow anything, but the worst thing you can possibly borrow, is trouble. When sick, sore, heavy, weary and worn-out by the pains and poisons of dyspepsia, biliousness, Bright's disease, any similar internal disorders, don't sit down and brood over your symptoms, but fly for relief to Electric Bitters. Here you will find sure and permanent forgetfulness of all your troubles, and your body will not be burdened by a load of debt disease.

Fooled.

A regiment of soldiers was drawn up for church parade in the barrack square, but the church was being repaired and could only hold half of them.

"Sergeant-major," shouted the colonel, "tell all the men who don't want to go to church to fall out on the reverse flank."

Of course a large number quickly and gladly availed themselves of the privilege.

"Now, sergeant major," said the colonel, "dismiss all the men who did not fall out and march the others to church; they need it most."—London Standard.

Tired Nervous

When you feel languid, tired, nervous and irritable, your vitality is low—your supply of nerve energy exhausted, and your system running down for lack of power.

The organs of the body are working poorly, or not at all, and you are not getting the nourishment needed. This soon impoverishes the blood and instead of throwing off the impurities, distributes it all through the body. This brings disease and misery.

Feed the nerves with Dr. Miles' Nervine, a nerve food, a nerve medicine, that nourishes and strengthens the nerves, and see how quickly you will get strong and vigorous.

"My wife suffered with nervousness previous to a recent attack of typhoid fever, but after her recovery from the fever, she was much worse, and could hardly control herself being exceedingly nervous when the least excited. She was very restless at night, and never had a good night's rest. She also suffered much from nervous headache. Dr. Miles' Nervine was recommended by a friend. After the first three doses she had a good night's rest, and at the end of the first week's treatment she was wonderfully improved. Continued use of Nervine has completed her entire cure."

1021 Cherry St., Evansville, Ind. Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money. Miles Medical Co., Elkhart, Ind.

Turkey Farmers' Secrets.

The turkey farmer pointed to a small mill wherein a petroleum engine chog-chugged vigorously.

"In that mill," he said, "the feed for my 2,000 turkeys is ground. The whole secret of successful turkey raising lies in abundant feeding. It keeps six men busy to feed my birds. They are fed five times a day, and each turkey gets as much as he can hold. Carrots boiled in lard and crushed barley and milk are very good fatteners, and the birds stuff themselves with them. Then the last thing before going to roost they eat all the oatmeal porridge and buttermilk they can find room for.

"Cocks cost more than hens on the markets, because they are harder to raise. If they get together they fight and kill each other, and they eat, furthermore, five times as much as hens. A cock three hours before killing is made to swallow a half pint of vinegar. This vinegar makes his flesh fine and tender; without it he would be coarse and tough. A turkey farm like mine pays easily from \$1,500 to \$2,500 a year."—Boston Cultivator.

The Crop Conditions.

Weekly Summary Issued by the Washington Weather Bureau.

Washington, June 13, The weather bureau's weekly summary of crop conditions says:

The weather conditions throughout nearly the whole of the cotton belt have been favorable for the cultivation of cotton, although a considerable part of the crop continues grassy. A general, though not decided, improvement in the condition of cotton in the central and western districts is indicated, but in the Carolinas and Tennessee cotton has made slow progress, and in the first mentioned States the plants are small and of unhealthy color. In portions of the central and eastern districts of the cotton belt light rain would be beneficial. In the northern and central counties of Texas prospects are improved, though still poor in localities; in southern Texas in the crop condition an improvement in localities is reported. Boll weevils are active over increased areas.

The 1st Cotton Blooms.

Perhaps the first bloom of cotton in Richland was exhibited Monday by Mr. J. A. Moore, the bloom having been picked on his farm nine miles southeast of Columbia on the Bluff road. On the same day a bloom was sent to the State by Mr. M. A. Wood of Eastover.

Mr. K. T. Estridge of Bethune has sent to the State a bloom that was grown by Eligh and Elliott Pettors, colored, at that place, the bloom being white on the 11th, Sunday.—The State 13th inst.
