

Spinners Will Fight Association.

President Harvie Jordan Urges Farmers to Stand Firm—Asheville Meeting September 6th Will Fix a Minimum Price.

A recent meeting of the International Cotton Spinners held at London, England, on August 1st indicates very clearly that the producers are to be bitterly fought by the spinners during the next three months.

ASSOCIATION TO FIX PRICE.

The Southern Cotton Association will meet at Asheville, N. C., September 6th, and at that time will fix a minimum price on the present crop which will be fair and just to both the producers and spinners.

MUST STAND FIRM.

The producers have just won a notable victory in the face of the largest crop ever produced in this country and by concert of action forced prices up from six cents in January to ten cents on July 3rd.

The present crop indicates a short yield compared with 1904, while the consumption of cotton will go forward unabated for the next eighteen months.

If the fight must come it will be forced by the spinners and will be met by determined and effective opposition on the part of the producers.

publish this article and comment upon the same editorially. The farmers all over the South are rapidly organizing and the Association has no fear of the final outcome in the struggle which lies just ahead.

Very respectfully, HARVIE JORDAN, President Southern Cotton Association, Monticello, Ga.

Conditions in Cherokee.

A Well-Informed Witness Gives Interesting Testimony.

(From the Yorkville Enquirer.) I have received so many inquiries from Yorkville and vicinity in regard to the whisky situation here since we have gotten rid of the "G. M. I." in Cherokee that I have concluded to ask you for enough space to answer a few of the questions which have been propounded.

The situation here is such a vast improvement upon the conditions which prevailed prior to the voting out of the dispensary that I scarcely know where to begin. In the first place the consumption of whiskey has decreased in this county at least 90 per cent since the closing of the dispensary.

The circumstances of at least half a dozen families (whom I have in mind) have vastly improved since the dispensary has closed.

In my opinion the dispensary is a manufacturer of drunkards. I am told that there are numbers of individuals in the town of Yorkville, and in York County who are drinking whiskey to excess who were never known to drink before.

My observation has been that the more convenient you have whiskey more of it will be drunk. To illustrate: Sam Jones who is not a drinking man to any extent, only takes a drink occasionally, come to town; walking by the dispensary he feels like a drink, he walks in and buys a bottle.

I have it straight on unquestionable authority that the shipments of whiskey to Gaffney are less than one-fourth of what they were just after the closing of the dispensary and I am in a position to know that the larger part of the whiskey that is shipped here is brought to people who did not patronize the dispensary.

Sick Headache

When your head aches, there is a storm in the nervous system, centering in the brain.

This irritation produces pain in the head, and the turbulent nerve current sent to the stomach causes nausea, vomiting.

This is sick headache, and is dangerous, as frequent and prolonged attacks weaken the brain, resulting in loss of memory, inflammation, epilepsy, fits, dizziness, etc.

Alay this stormy, irritated, aching condition by taking Dr. Miles' Anti-Pain Pills.

They stop the pain by soothing, strengthening and relieving the tension upon the nerves—not by paralyzing them, as do most headache remedies.

Dr. Miles' Anti-Pain Pills do not contain opium, morphine, chloral, cocaine or similar drugs.

"Sick headache is hereditary in my family. My father suffered a great deal, and for many years I have had spells that were so severe that I was unable to attend to my business affairs for a day or so at a time. During a very severe attack of headache, I took Dr. Miles' Anti-Pain Pills and they relieved me almost immediately. Since then I take them when I feel the spell coming on and it stops it at once."
