the Wilderness?"

How was it done, old comrade?"

"It was this way," was the re sponse. "We were on a hill, and the enemy advanced steadily toward our intrenchments. A veritable hail of fire swept our position. Suddenly you turned"here the auditors were absorbed and excited-"and ran, and I ran after you. I think that if you hadn't shown the example I would have been killed that day.'

Funderburk Pharmacy, C. O. Floyd, Kershaw, S. C.

Since the 1st of January of the present year there have been 4.578 cases of typhold fever in Philadelphia, attended by 454 deaths-a mortality of about 10 per cent. This year there have been 1,503 cases of yellow fever in New Orleans, with 214 deaths -a mortality of about 13½ per cent. It will surprise the average citizen to know that the fatality from yellow fever is so little in excess of that from typhold. And again, yellow fever ends with frost while typhold fever has all seasons for its own. There is little difference after all, and that in favor of yellow fever.

There is some promise at last hat something will come from the investigation of the cotton leak scandal. Assistant Statistician Holmes has been arrested and placed under bond for trial. The charge against him is conspiracy. While there is moral certainity of his guilt it may be difficult to prove it.

Warehouse For Fort Mill.

Special to The State.

Fort Mill, Aug. 29. - The stockholders of the local cotton warehouse association yesterday purchased from Mr. J. M. Spratt, the old Sprat Machine Co. building and will at once fit it up as a cot ton warehouse. The building has about 4,000 feet floor space, will hold over 1,000 bales of cotton and is built of brick with a es, make a good fireproof ware-

The G'ory of Japan.

The magnanimous conduct of For C. of Work and Low Prices the Japanese government in withdrawing the demand for indemnity and in dividing the Island of Sakhalin, thus making peace absolute and sure, will win the highest praise and commendation from all the civilized world. No such generous act has ever marked the pages of history. Victorious on land and sea, having the enemy wholly in its power, Japan could have prosecuted the war to still greater triumphs, yet in sacrificing financial reward, it has brought upon its head reward more lasting and has proved that it leads all nations in kindly deeds. We may talk as we please about the importance of sending our people to that far away land to teach Christianity to the inferior tribe, but the men who fight and die and who find glory in death, have done that which might not have been done by the people who fight uader our flag. And while the world is thanking God that countless multitudes have been saved from slaughter, it will not forget the part that Theodore Roosevelt took in the negotiations, and it will praise him, because that is his due. -Greenville News.

You Must Sleep.

If you cannot, it is due to an rritated or congested state of the brain, which will soon develope into nervous prostration.

Nature demands sleep, and it is as important as food; it is a part of her building and sustaining process. This period of unconsciousness relaxes the mental and physical strain, and allows nature to restore exhausted vitality.

Dr. Miles' Nervine brings refreshing sleep, because it soothes the irritation and removes the congestion.

It is also a nerve builder; it nourishes and strengthens every nerve in your body, and creates energy in all the organs. Nothing will give strength and vitality as surely and quickly as Dr. Miles' Nervine. quickly as Dr. Miles' Nervine.

"During the past winter I had two attacks of LaGrippe which left me very weak, and in bad condition. I was so nervous I could not sleep. My wife, after trying different remedies, went for a doctor. The doctor was out, and a neighbor recommended Dr. Miles' Nervine, and she brought home a bottle. I had not slept for some time, and had terrible pains in my head. After taking a few doses of Nervine the pain was not so severe, and I slept. I am now taking the second bottle, and am very much improved."
