—A petition asking the county supervisor to have erected at the county home a suitable house in which to hold divine services during the winter months has been left at Crawford Bros. drug store for signatures. During the Summer the services have been outdoor, and as the ministers of the town and county are very kind to supply preaching it seems proper and right that the county should erect a building for the service to be held in.

For the ensuing session, Pleasant Valley will be represented in the various colleges as follows: Misses Eva Potts, Edna and May Harris at the Asheville Normal College; Misses Rebecca Harris, Cloud Hall and Martha Barles at Columbia College; Miss Rena Perry at Winthrop; Miss Annie Alderson at Limestone College; Miss Annie Ardrey at Greensboro Female College; Messrs. —A special to the News and Courier from Chester says: "It will be gratifying news to Mr. P. G. McCorkle's friends throughout the State to know that he is still improving, and was able to be out on the streets yesterday, for the first time since his accident about three months ago, when he received injuries that resulted in the total loss of his eyesight. His general health is very good and he is gradually growing stronger."

—A mule and buggy belonging to Messrs. Jno. D. and Allen Adams was taken from a back lot here about dusk Saturday evening and the supposition is that it was driven by some negro to the big camp meeting, for the buggy and harness were found Sunday at Carmel church a few miles this side of the camp ground and the mule was standing in the lot of Mr. W. E. Wilson where it had gone during the night after being turned loose by the rascal who drove it off. Sheriff Hunter and the Messrs. Adams were at the camp ground all day Sunday on the lookout for the mule and vehicle.

In Magistrate Caskey's Court

—Johnson Benson, Columbus Jackson, Alfred Mackey and Tom Ely were convicted on the charge of refusing or neglecting to work the public highway and fined \$7.50 each or 30 days each on the gang.

The Confederate Monument

In soliciting funds for the Confederate Monument, we feel that our call appeals to every resident of Lancaster County, and we need the aid of every one without exception; it is impossible, however to make a personal application to the people in every part of the county. We therefore make this proposition to the women of the county, (those living both in town, and the country,) that every woman send \$1.00 to any of the following persons, who are each chairman, of their respective committees, for soliciting subscriptions—the names of those contributing will be regularly published in the county papers.

County Associations Called to Meet Next Monday.

Survey Delayed.

Prof. Greer, of Due West, who was appointed to represent Lancaster county in the survey of the line between the counties of Kershaw and Lancaster, could not accept on account of not being able to complete the work before his school duties begin, and consequently the survey was not begun Monday, but was postponed to the 19th inst. Mr. B. M. Sullivan of Pelzer has been selected to represent Lancaster county in his stead.

—South Carolina produced gold to the value of \$121,800 last year.

—Senator Tillman is shocked to find that the labels ordered by the board of directors would, if laid end to end and side by side, cover thirty acres. He is troubled by the fact that the whiskey bought by the board in one year and consumed by the people would fill a trough one foot deep, one foot wide and seventy-five miles long, and that the beer would make a miniature lake in which the biggest battleship of the world could float. As the dispensary was preeminently a "temperance measure" these facts should occasion a careful daddy some concern. But they do not. —The State.

Correspondence of The Observer.

Wadesboro, Sept. 9.—When Judge Walter H. Neal convenes court here next week, there will be one case which will attract wide-spread attention. Already the question is being asked: "What will be done with the safe-crackers?" It is a question, the answer to which cannot be guessed, since it is not even known upon what charge they will be tried. It is thought that it will be for carrying concealed weapons, and it is also predicted that they will be sentenced to the roads, but no one can speak with any certainty.

"Drumming Dispensary."

From the Abbeville Press and Banner.

We have read the speech of Senator Tillman at Edgefield, as reported in the daily papers. What the Senator says of drinking liquor looks to us too much like he was drumming for the dispensary. We are sorry that the Senator should have made any speech or any utterance that would encourage our people to drink liquor.

We have heard it stated that it is being urged that if the dispensary is voted out of this town in the election ordered by the Lancaster county supervisor one will be established across the line in Kershaw county side by the Kershaw county board of control.

Certainly no reasonable person will be caught with such chaff. Such a thing cannot be done under the law. If it were possible, then each county could maintain a dispensary in this town, and a child would know that such a proposition is absurd in the extreme. —Kershaw Era.

"Blind tigers" are scarce in Cherokee county, and we heartily commend the county and city officials for their splendid work in catching and punishing them in the city and county.—Blacksburg Chronicle.
