C. S. BRADFORD, - - Editor.

The publication of the report of the County Commissioners takes up much of our space this week, but we presume most of our readers will be pleased to see how the taxes have been disbursed.

Don't buy a thermometer now. They will be lower scon.

The present Legislature will elect a Chief Justice of the Supreme Court. They cannot find a better man for the position than Judge Pressley.

From a hasty perusal of the Governor's Message, we see that it is replete with interesting matter and valuable suggestions, which if carried out, will inaugurate an era of business and financial prosperity which the State has not felt for many years.

The Legislature met yesterday. The House convened at 12 o'clock, Speaker Sheppard in the chair. The calling of the roll showed but two absentees. The Speaker expressed the hope that harmony and unity of action would characterize the session. The purpose of all should be to accomplish the greatest amount of work in the least possible time, and at the least possible expense.

The Senate met at 12 M. Governor's Message received and read. Several bills and resolutions were offered, and will come up for consideration to-day.

Dr. E. S. J. Hayes, W. M.: Lexington Lodge, No. 152 A.: F.: M.: is in receipt of a letter from Charles Inglesby, Sccretary Grand Lodge, informing him that he has succeeded in procuring reduced rates over the South Carolina and the Greenville and Columbia Railroads to Charleston on the 7th, 8th and 9th December, good to return until the 15th December inclusive. Round trip tickets from Columbia \$2.50. These rates will not be confined to the Masonic fraternity attending the session of the Grand Lodge but will be given to all persons wishing to visit Charleston on above dates.

### The Bridge Meeting.

The committee of eleven on the crossings of the rivers between Lexington and Columbia held their meeting Saturday in the City Council Chamber.

The sub-committee submitted their report, showing the revised rate of toll over Columbia Bridge, heretofore pub-

A letter was received by the sub-committee from W. G. Childs, Secretary Columbia Bridge Company, declining to make any further reduction in the tolls over that bridge.

Dr. Muller then introduced the following preamble and resolutions, which

Whereas, the reductions which have M D. Harman, Anditor, account been made by the Columbia Bridge Company do not relieve the citizens of Lexington and Columbia of the high rates of toll imposed upon them; therefore, re-

1st. That a sub-committee be appointed, consisting of the chairman of committee and two others, to be appointed by the Chair, whose duty it shall be to ascertain whether the Kinsler charter of a ferry near the Columbia Bridge is still of force, and whether it can be transferred and made use of by other parties; also, Drs. Muller and Muller, ...... 15 00 that said committee devise a plan for the Dr. C. E. Leaphart, ...... 24 00 re-establishment of a ferry at that place [Committee-H. A. Meetze, ex officio Chairman, J. C. Haskell, Dr. G. Muller.

2d. That a sub-committee of three be appointed in the city of Columbia to obtain subscriptions of money or stock for the re-establishment of a ferry near the Columbia Bridge. [Committee—John E Bacon, John C. Haskel and John C. Dial.

3d. That a sub-committee of five be appointed in Lexington County to obtain subscriptions of mony or stock for the reestablishment of a ferry near the Columbia Bridge. [Committee-H. A. Meetze, G. Muller, Levi Gunter, Simon I. Hook and S. T. Lorick.]

4th. That a sub-committee of three be appointed to present a petition to the County Commissioners of Lexington, asking them to re-open the road leading from Kiusler's Ferry to the old State Road as it was when the said ferry was in operation. [Committee-H. A.

# Dots from Saluda.

Weather very cold for some days. Four inches of snow fell on the 19th. Sowing of small grain delayed by frozen ground. A much larger area is being planted in oats and wheat than in former years. One our farmers has sown 100 bushels of oats. This is true economy, as they are better for stock than corn and fod ler and raised with much less labor and expense. Potato crop short ownig to dry full Our cotton crops yielded heavier than anticipated and nearly all sold. Diphtheria h sbeen quite prevalent but under the hands of that skillful physician Dr. J. W. Eargle but few cases proved fatal. Mr. J. B. J. Hiller is running an extensive tannery. His leather took three premiums at the E late State Fair. He should advertise in the Dispatch. I notice several new dwellings in course of erection, which is encouraging and denotes a return of prosperity. A large debating society has been organized at Mr. J. J. Wessinger's L. W store. It meets every Friday. Subject Jno for next Friday, "which affords man the M. D most happiness, a married or single life?" John Ladies are invi'ed to attend as a lively debate is expected. The Dispatch is gaining ground in this community and cople are becoming convinced that L W. Rast, Sch. Commissioner, Court House paper is the best one to for advertising, . . . . . . . \$ 4 50 money for. В.
