MORE FACTORIES.

Last week our attention was called to the handsome profit received from the investment in Red Bank Factory, and now we notice the dividend de clared by the Saluda Factory. They have just closed up the busine last year, and find that they have a dividend of 12 per cent., with a profit of 14 per cent. on the capital stock, realized. Red Bank and Saluda are the only factories we have in the county, and with the above showing. we cannot see why we should not erect more factories. We have the facilities for building, the material, the capital, the labor and the waterpower, equal to any in the State. There are many farmers; and others in our county who have uninvested capital. Why hoard this money when it can be safely invested and to great advantage, giving employment to many poor and deserving families, and thus build up our county in many ways, giving life and progress to all classes of business? There are no investments for those who have money outside of real estate, and it can only be loaned at the rate of 7 per cent. With the excellent and satisfactory showing of these two facfories we fail to see why Lexington sources and invest her capital to in- lent wine. dividual and general interest. Let those of the committee selected by the Grangers some time since to examine quors, etc., one bottle fine whiskey. the site within our corporate limits revive the spirit that at that time seemed favorable to the erection of a factory. Stock can be placed in shares allowing those who may have small amounts to invest at as great advantage as of those with larger amounts. We feel satisfied that if some energetic gentleman will take this matter in hand that he will succeed, and ere many months, like Rock Hill and Orangeburg, the hum of the spindle will be heard at Lex-

CHRISTMAS TREE CONTRIBU-TIONS.

In addition to the articles enumer ted as donations to our Christmas tree, for the benefit of St. Stephen's Sunday School, we are indebted to other business men of Columbia for the following contributions:

> THE LEXINGTON HIGH SCHOOL. The exercises of the Lexington High School have been resumed with more flattering prospects than during the past year. Students from other counties have come in, others are expected, and those of our county will continue. Parents who desire their sons or daughters to receive a practical business education, instruction in the higher branches, or a course preparatory for college, can do no better than avail themselves of this opportunity. The Professors of this institution are known to possess the ability to give instructions in all the higher branches, and are capable, both mentally and morally, to thoroughly train pupils of both sexes. No parent need fear that their children will not receive that attention which they may require from the hands of these gentlemen. We hope to see, during this year, that our people, not only in the community, but in the county, will give them the patronage they so much deserve. Board in the very best families can be obtained at \$8 to \$10 per month; For further information address the principal, W. D.

Besides the earnest work of reform in this direction in several counties of his courteous ways and low prices, 2 this State, the people of other States are taking up the line of march, and from every direction reports come of who knows well how to serve custile increasing advocacy and practice drinking and its consequences were greater than ever known, caused a all the good things in the world to bitter contest on Monday between a wet and dry ticket, but more than one drink called for another and the odds were in favor of the wet ticket. In Rock Hill, on the same day, a dry ticket triumphed by four votes. The town council have allowed the saloon

A mass meeting was held in Cincinnati, Ohio, last week, to arrange Lorick & Lowrance, the mammoth for memorializing the Legislature to shall be sold or not in the localities in which they live, avowing that the traffic in intoxicating liquors within the State of Ohio is a disgrace to the State and an outrage upon its citiservedly the most popular clerk in zens, and declared their purpose to support at the next State election only such persons for Representatives and Senators as will give their sup-

A Wood Famine.

The Charlotte Observer of the 2nd instant speaking of the intensely cold

weather has the following: The wood question reached a grand climax yesterday evening. As the north wind began to blow the sleet about and the shadows of night came on people without fuel began to get wild. A load of wood was the signal for the assembling of a crowd. A four-horse load of about three-eighths of a cord sold for \$7.50. Two old locust stumps, which have been standing for years on South College St., were sold for \$2.75 apiece. At Vanderburg's 1 ood-yard all day long women came with twenty-five and fifty cent pieces begging to be sold a stick of wood, which, when they were fortunate enough to get for their little hoard, they took up in their arms and carried home through the snow. Chairs and bedsteads were broken up and burned; fruit trees in gardens and yards were cut down, and fences disappeared to make the people warm. Lumber and shingle men became dealers in fuel, and besides the fact that there was not a sufficient supply at any price, it was asserted that lumber was actually cheaper as fuel than wood, at the exorbitant prices charged for it. Of course many good bargains were made, but if the load ever got up town and the driver saw the rush, he had but to

ask to receive his price. The Air Line and other railroads supplied the city, and it is hoped the famine is at an end. There was much inconvenience and some suffer-

We are glad to know that Mr. Jefcoat is doing very well. No cause is attributed with the exception of whiskey, as both gentlemen had the best friendly feelings for each other. Both Mr. Gantt and Jescoat are among the substantial citizens of that community and we are pleased to know that the affair has been amicably settled.

Our end of the Charlotte, Columbia and Augusta Railroad seems to be unfortunate. For some time past we have had several accidents. Yes terday morning the through freight ran off and had a general smash up near Johnston and to-day the local freight, going to Augusta, followed by running off with several boxes near Keislers. Both have blocked the road and we have had no mails that way. The road bed is unsettled, we suppose, from the continned wet weather, and besides the ties we are informed, are very rotten and ansafe. Cutting too close on railroads will not prove economical every

We give in this issue the protest gotten up by J. F. Hobbs, as attorney or Stolbrand, and served on Col. D. Wyatt Aiken. Thus our citizens can realize his purpose of visiting all the counties in this Congressional Disriet and commingling with the very owest Radical negroes to obtain a chain of batched up evidence. In his pretext he has not overlooked Lexngton, as he alleges with her sundry frands and irregularities. Hobbs has certainly put on the full uniform of a urn coat, with a hope of reward far beyond that of a \$4,000 practice at the equitable courts of Lexington, and has gone below where hot suppers are served momentarily and numbers of the fraudulent touch elbows.

> STATE OF SOUTH CAROLINA, THIRD CONGRESSIONAL DISTRICT.

In the matter of the Election of Rep. resoutative to the Forty-seventh Congress.-Carlos J. Stolbrand Plaintiff, Contestant, against D. Wyatt Aiken, Defendant, Returned

To the Hon. D. Wyatt Aiken: Take notice that the undersigned will contest the declaration of the State Board of Canvassers in the matter of the election of Representative to the Forty-seventh Congress, State aforesaid held on the 2d day of November last past, and promulgated on the 29th day of November last past, on the following grounds:

First-That the legal and legitinate Republican vote in said District is 22,657, and the legal and legitimate Democratic vote is 18,978, instead of 9,758 Republican and 27,853 Demo cratic, as declared and promulgated by the State Board of Canvassers.

Second-Because of the numerous frauds in the count of said vote by the Managers of Election and the Board of County Canvassers to the amount of in Abbeville, 500; Ander son, 300; Oconee, 100; Pickons, 200 Newberry, 800; Richland, 800; Lex

ington, 200; Laurens, 800. Third-Fraudalent casting of surplus llegal ballots by Democratic voters is by stuffing the ballot box with Demo cratic tickets in Abbeville to the amount of 2,235; Anderson, 1,031 Laurens, 1,212; Lexington, 300; Oconee, 250; Newberry, 1,000; and Richland, 1,480.

Fourth-Throwing out of Republi can tickets where said tickets were properly and legally cast to the amount of in Abbeville, 2,235; Anderson, 1,031; Laurens, 1,212; Lexington, 300; Oconee, 250; Newberry, 1.000: Pickens, 100; Richland, 1,480.

Fifth-Intimidating and hindering the Republicans from voting to the amount of in Abbeville, 3,000; Aulerson, 1,000; Laurens, 3,000; Lexngton, 100; Oconge, 250; Newberry, 2,000; Pickens, 100; Richland, 900

Sixth-Refusal on the part of Dem ocratic Managers of Election to allow examination of boxes by United States Supervisors of Election previous to opening the polls for election to the number of in Abbeville, 5; Anderson, 2; Laurens, 8; Richland, 7; Newberry, 6; Lexington, 2 boxes.

Seventh-Placing ballot boxes inaccessibly in the second story of a building with but one narrow stairway leading up to the same, which was taken possession of by persons lisposed to interfere, and who did effectively by threats, and by armed demonstrations, or by crowding from the polls, prevent large numbers of Republicans present from voting to the number of in Abbeville 1,000; Anderson, 300; Newberry, 1,500; Laurens, 1,500.

Eighth-By threats, intimidation, armed demonstration, crowding then from the polls or otherwise preventing Republican Supervisors of Election from serving at all, or serving in such capacity as to know and certify the lawfulness of the election or the legality of the count to the number of in Abbeville, 10; Anderson, 8; Oconee, 2; Pickens, 6; Newberry, 12; Laurens, 12; Lexington, 4; Richland,

Ninth-Neglect to open polls at various precincts designated by law and usage to be opened whereby large numbers of Republican voters were prevented from exercising their elective franchise to the number of in Abbeville, 2 precincts, and in Richland 1 precinct.

Tenth-Opening and closing polls at precincts or places unauthorized or unsanctioned by law, and not opening polls at places authorized by law, to the number of in Abbeville, 2; Oconee, 2; Richland, 5.

Eleventh-Adding to the poll lists by Democratic managers of election

Twelfth-Repeating by Democratic by Democratic of one county in an-other to the amount of in Abbeville, Chickens, grown...head

500; Anderson, 400; Pickons, 100; Oconee, 50; Laurens, 500; Newberry, 600; Lexington, 100; Richland, 500

Thirteenth-Interference with town clocks, setting them forward onehalf or three quarters of an hour to make the Democratic managers of elections, where no Republicans were appointed, under pretense of legality o open the elections before the legal our, and before the arrival of the United States Supervisors of Election, hus preventing large quantities of Democratic ballots previously deposited in the box from being discovered, and the boxes inspected and cleared by said Supervisors of Election, who on arriving inside, and previous to the proper and legal hour for opening the polls and beginning the election were refused permission and prevented by the managers, who were Democratic, from making examination of the boxes, under the plea made by the managers aforesaid, that the demand was made too late, and that it was in any event beyond the rights and powers of these officials, the Supervisors of Elections, who must not touch the ballot boy, to the number of in Richland, 5 precincts.

Fourteenth-Forcing Republicans to vote the Democratic ticket.

Fifteenth-Frandulently procuring Republicans to vote the Democratic ticket by counterfeiting the Republican ticket, taking the Republican tickets from them telling them they were not the right ones and giving them the counterfeit ticket, assuring them that such tickets were the Republican tickets, thus causing large numbers of ignorant colored people to vote the Democratic ticket, in fact when they are bona fide and thought they actually voted for the Republican candidate.

Sixteenth-Other and further frauds, irregularities, and unlawful means which, with the above, destroyed the legal and legitimate Republican vote of 4,324 majority over the Democratic votes, and gave instead an illegal Democratic declared majority of
