Cool Weather Injures Crops.

The cool weather of Saturday, Sunday and Monday—the coolest on record in eighteen years for June—has damaged the crop prospects to a great extent; and has caused corn and other crops to deteriorate. Most of the small grain has been harvested, the yield being much larger than it was thought some weeks ago. Sowing peas in many sections is now in order.

"Women, Home and Health," will be the subject of a lecture to be delivered in the court house by Mrs. E. F. Darby tomorrow afternoon at 3:30 o'clock. Everybody invited.

Big Crowd Hears Governor Blease.

A crowd estimated to number from one thousand to twelve hundred people attended the big barbecue at S vanessa on Saturday and heard Governor Blease vigorously defend his record as the chief executive of the State. Governor Blease was the only speaker, although many of the other candidates were present.

Messrs. Johnson and Reeder furnished an excellent barbecue, which was much enjoyed.

Aside from a few little "scraps" the crowd was orderly, and there was not a single incident to mar the pleasure of the occasion.
