Now Paint.

Strike when the iron is hot and paint when the property needs it.
They paint ships a dozen times a year; yes, some of them, every voyage. What for, do you think? To look nice and get business.

A livery keeps its carriages painted and varnished and washed, to look nice and get business.

A man, with a house for sale or to let, "does it up," and Devoe is the paint.

There's more in paint than to keep-out water. Paint for looks and you needn't think about water. A fresh coat of paint once a year is about as good for his credit as paying his debts. But the man whose buildings and fences look new, very likely, has no debts.

Result of State Election.

Governor.

Cole L. Blease, 71,552
Ira B. Jones, 66,478
John T. Duncan, 2,385

All State officers were elected except in the race for attorney general. J. Fraser Lyon, incumbent, and Thos. H. Peebles run over.

The State executive committee meets today to hear contests in the governor's race and also in the race for the United States Senate, Mr. Tillman's two opponents having filed contests against him.

White Bronze Monuments

Are more durable than Marble or Granite, neither heat nor cold affects them. They do not chip nor crack, nor breed moss, nor change their color ever, for like designs they are cheaper than Marble or Granite. The lettering, much or little, in bold raised type, is put on without extra charge. Call and see samples of White Bronze and over 200 designs.
