Boys:

Every boy is a miniature business man. If he manages his little business affairs with credit to himself, he will be a good manager of big affairs later in life. The best way in the world for a boy to become a good manager is to have a savings account, think twice before spending and keep the account growing. This bank wants to be a "partner" in the affairs of every sturdy, sensible boy in Lexington by helping him to save.

Do you know that ninety per cent. of all headaches are caused by strain of the muscles and nerves of the eyes? In most of these cases there is no noticeable defect in sight whatever—the trouble is simply oversensitive nerves and overworked muscles. Immediate relief for this trouble is found in glasses that are properly fitted.

There's a wider meaning in those two words "properly fitted," than has occurred to you, perhaps. For instance if the glasses you are wearing fail to give complete relief, it is probably because your lenses do not put the nerves of the eyes, as well as the muscles of the eyes, at rest.

The Walter Scientific System of Fitting Glasses offers complete satisfaction on all these points. This system meets every requirement of your particular case and assures you the best in glasses at one reasonable charge. Thousands of Columbians rely implicitly on Walter service and are wearing Walter's glasses with entire comfort and lasting benefit. In the past week hundreds of newspaper readers have used the Coupon, like the one above, and have become new and firm friends of ours.

Here is what the "Walter System" means to you: First—Your eyes are scientifically examined by a sight specialist of wide experience and training. Second—The glasses are made upon his prescription and under his personal supervision. The lenses are ground in our shops, in the shape and size that best suits your features. The mountings are designed particularly for you, insuring comfort, neatness and security. Third—You are assured of getting the best glasses that money will buy, and they will fit in every way.

Our single charge covers the fees asked by oculist and optician. It is no greater than the price you pay to have glasses fitted indifferently at the sideline optical section of some jewelry or department store.

Walter's careful examination of your eyes is made without any charge to you whatever. You are invited to drop in any time and consult us freely. The advice you will receive is scientifically correct, thorough and sincere—we have no wish to put glasses on eyes that do not really need them.

Beyond any doubt Walter offers the very service you are seeking. The only questions for you are these: "Do your eyes need attention now?" and, if so, "When are you coming in to consult Walter?"

We Accept The Coupon Same As \$1 in Cash

On a pair of glasses, or as 50c cash where mountings are ordered. We give an exceptional service in the matter of fitting nose glass mountings. They are not fitted out of stock. They are made to measure for your nose. You can wear Walter mountings when all other mountings prove unsatisfactory. Coupon is also worth fifty cents where lenses only are fitted in the mounting you are wearing.
