

Legislative Proceedings Continued.

Resolved, That this General Assembly will oversee the following order of business during the present special session: All bills already introduced, and such as hereafter may be presented, shall be prosecuted to a second reading, and if read a second time in both Houses, shall then be continued until the next regular session of the Legislature for a third reading, and if read the third time, shall then be presented to the Constitutional Governor for his approval.

Williams offered a resolution, which was agreed to, that it be referred to a special committee to inquire and report what officers, if any, may be dispensed with, what salaries, fees and perquisites should be reduced, and what changes and retrenchments it may be advisable to make under the changed condition of our affairs, with leave to report by bill or otherwise.

Mr. Thomson submitted the following report: The Committee on the Judiciary, to whom was referred that part of the message of His Excellency the Provisional Governor which relates to the government and protection of persons of color, and the report of the Commission on the Code, ask leave to report: That they have concluded the consideration of the subjects above referred to them, and ask leave to report by bill, and recommend the passage. In reporting upon the last of these subjects referred to your committee, they have not deemed it improper to express their high sense of the eminent services rendered by the Commission on the Code, and the approval, by your committee, of the general accuracy of the work. One of the members of the Commission on the Code was present during the deliberations of the Committee of the Senate, and afforded explanations of the parts regarded doubtful, or to which objections were made. The object proposed, namely, to prepare a new and entire system, suitable and proper, for the government and protection of a numerous race heretofore unaccustomed to the forms and usages of laws, was, in the opinion of your committee, happily accomplished; and that the thanks of the State are due the gentlemen composing the Commission on the Code, for their useful and valuable work.

Resolved, That having given the strongest practical proofs of their entire acquiescence in the results of the war, including the emancipation of their slaves, the people have fairly entitled themselves to the benefits of amnesty guaranteed them by that proclamation.

Resolved, That the continuance of martial law, and the further suspension of the writ of habeas corpus within the limits of the State, is inconsistent with the restoration of civil government, and the proper subordination of the military to the civil power, required by the Constitution of the United States.

Resolved, That the people of South Carolina fully appreciate the difficulties which have surrounded the President of the United States, and cheerfully accord to him the tribute due to clemency in the exercise of power. That, acknowledging their position at the close of the war to have been that of a conquered people, yet having accepted the terms which were offered them, and having fully complied with all the conditions then proposed, the public faith of a great Government stands solemnly pledged, before the eyes of the world, to release them from military rule, and to restore them to all their rights in the Union.

Mr. Black introduced a resolution, which was agreed to, that it be referred to the Committee of Ways and Means to ascertain what provision, if any, has been made by the South Carolina Railroad Company to meet the payment of the \$2,000,000 of her indebtedness falling due in January, 1866, for which the faith and credit of the State is pledged, and that the committee report by bill or otherwise.

The Negro.—We think that the negro should be content with what the war has done for him, without asking the right of suffrage or other political privileges, and, if he makes such demands, we are opposed to granting them.—Richmond Whig.

THE WEEKLY HERALD. NEWBERRY, S. C. WEDNESDAY MORNING, NOVEMBER 15, 1865.

Owing to the pressure of other matters on our columns, our readers will please wait until next week for the conclusion of a "Jaunt into the Country."

Election of Representatives. Wednesday, the 22d inst., is the day fixed for the election of Representatives in the United States Congress from this State.

Meeting of the Grand Lodge. The Grand Lodge of Ancient Free Masons of South Carolina will convene in Columbia, at 12 o'clock, M., on Tuesday, 21st November, 1865.

The Legislature. Adjourned last Monday. Recess 'till the 4th Monday in November, when the body will assemble in regular session.

Another Company. Capt. Joo. McCrley's company, we are pleased to learn has been received, and is now ready for duty. The following are the Lieutenants: J. W. Hill, Jno. Riser, and J. L. Cromer.

We will publish a list of members in the next issue. We notice with satisfaction the formation of another company, under the call of Gov. Perry. It has been organized by Maj. J. K. G. Nance of the veteran and gallant 8th Regt., under whose efficient command as captain it will do a good duty. The section comprised in its beat will be the Eastern portion of this District. The Lieutenants are J. L. Coffield, J. C. S. Brown and J. O. Tarnipseal.

Death of Lord Palmerston. Lord Palmerston, England's great Premier, died on the 18th of October last, in the 81st year of his age. His funeral obsequies took place on the 25th. Earl Russell will reform the cabinet, only to the extent necessitated by the appointment of a Premier. Mr. Gladstone is considered by the London press as the man best qualified to conduct a liberal government. Earl Russell's unpopularity, it is believed, will render any government that he may form very unstable.

Ex-President Davis. Mr. Davis is said to bear up bravely under the ordeal of imprisonment and its attendant trials. He is in good health, and is ever the courteous and dignified gentleman he was always found to be, and extorts the admiration of the officers and soldiers who come in contact with him. It is no doubt a source of comfort to Mr. Davis to know that he is held in kindly remembrance by all people, and general and just men every where. Petitions reach the President almost daily from conventions, legislatures, societies and individuals, throughout the South, and various other portions of the United States as well from different sections of Europe.

The Cholera. Fifteen cases of cholera and eight deaths from cholera, are reported at the New York Quarantine, on board the steamship Atlanta from London. The police commissioners of New York have increased the price of the various wards with the view to the removal of nuisances as a preventive. They will police every cellar, house and alley, &c. Northern papers state that many general premonitory symptoms of the approach of Asiatic cholera are prevalent. Malignant fevers, bowel affections and chills and fever have not been so heavy in many years, and the increase of the number of deaths is out of all proportion to the increase of population. It is the certain approach of a fearful epidemic.

Another paper says: "It is stated that this disease amongst cattle, which generally precedes the cholera amongst the human race, is prevailing in Tennessee. Cattle and hogs are dying off at a fearful rate, and we are informed that a few cases closely resembling cholera have occurred in Memphis."

We regret to learn that Dr. O. V. Trezevant, of Charleston, was murdered by a negro named Fortune Wright, a member of the 96th Regiment, U. S. C. His murderer is under arrest at Carrollton, La.

A bill has passed the Tennessee House of Representatives proposing a stay of executions until the first day of January, 1870, provided that the debtor pays one fourth of his debt annually for four years.

Law in favor of negro testimony, in Tennessee, passed the Senate by a majority. The Georgia Convention repudiated the war debt by a vote of 123 to 127. Captain Henry Wirz was hanged last Friday.

Spain.—The cholera, the cholera, is the one long, terrible cry of agony from nearly every part of the Queen's home dominions. At Seville, Alicante, Malaga, Pamplona and Madrid, the ravages are horrible, but it is at Valencia, in Andalusia, that the most astounding slaughter has resulted—no less than 15,000 persons having been swept off in a few days. At Palma, in the Island of Majorca, the decaying bodies of men and women enumber the houses for lack of hands to bury them—well-nigh all the inhabitants having fled. At Barcelona all the shops are shut, and the inhabitants impelled to fly to their homes, endeavor to escape even beyond the French frontier, where, alas! the dreaded death stalks before them as fearful as where they left it. Business and politics alike are dumb in the presence of such terror.

After the publication of the returns of the gubernatorial election, Gen. Hampton, with the noble spirit of high-toned manhood, which characterized him on all occasions, requested Gov. Perry to inform the President that he had not been elected, so that the President might withdraw his pardon should he think proper.

The citizens of Georgetown, recently petitioned Gen. Meade to have the negro troops removed from their midst. Gen. Meade communicated with the President, and an order subsequently relieved the negro troops. Five hundred white soldiers have taken their place.

It is said that "waterfalls" are prohibited by the English game laws. The clause which applies to them runs as follows: "Netting the hare shall be punished by fine and imprisonment," etc.

JACKSON, MISSISSIPPI, November 8.—The bill to abolish the special court of equity, established by Provisional Governor Sharkey, has passed the House over the Governor's veto. It will pass the Senate.

THE CONGRESSIONAL TEST OATH.—The Congressional test oath and what Mr. Seward thinks of it, may be gathered from a conversation he had with Mr. Rives, of Virginia recently.

The planters of Cuba, have addressed a memorial to the Court in Madrid asking for abolition of slavery on the island.

A Good Instruction.—A little boy once gloried over the fact of having a grandmother, it was a splendid thing he said to have a grandmother; grandmothers were jolly old souls; give you candy and sweet things; and let you see them as much as you please. The next in importance to grandmother are uncles, good, clever uncles, who carry capacious saddles, and large pockets, and who always have them filled with something good. Heaven protect our uncles and keep their saddle bags in good condition. One of them called in the other day and emptied his bags in our sanctum in such an acceptable manner, that we are obliged to raise our voice in praise of uncles; bless our uncles, with saddle bags we mean, or any other kind of bags.
