

WASHINGTON, November 28.

THE SOUTHERN MEMBERS TO BE RE-ELECTED.—Those who have thought that Mr. Colfax spoke in consistency with the views of the President will be satisfied from the telegram...

A few additional members of Congress arrived here to-day, including Senator, Trumbull, of Illinois. No delay from factious movement in the organization of the House is anticipated.

Mr. Colfax for Speaker and Mr. McPherson for Clerk, seem to have the entire field to themselves thus far for re-election.

The intelligent visitor from New Zealand who might be sojourning in New York would suppose from the perusal of the daily prints that we Americans were not only satisfied with the frightful war from which we have just emerged, but that we were spoiling for still more fight.

There is at this time a gentleman from the South-west stopping at the Charleston Hotel, who informs the News that he has made an arrangement for the cultivation of 1,000 acres of cotton land by fifty Swedish laborers.

NEW ORLEANS, Nov. 26.—The Matamoros *Ranchero*, of the 10th, says that the firing on the steamer Antonio from the North bank, on Tuesday last, was one of the most dastardly outrages ever perpetrated on the frontier.

THE ANTONIO HAVING ON BOARD A detachment of French marines and two field pieces, was finding its way up the river, under a heavy fire from the combined forces of the Liberals, when she grounded seven miles below the city, and while engaged with the enemy on the Mexican frontier, a furious fire at long range was opened on her from the neutral bank, which was effective, wounding two marines.

WE SEE MANY EVIDENCES in the Northern press that our late enemies no longer cherish in their hearts a bitterness towards us, but on the contrary, evince a commendable disposition to cultivate amicable relationships.

There are a great many Southerners in this city trying to make arrangements for a resumption of business. As a general thing, their conduct is manly, frank and sensible—calculated to win the confidence and respect of every generous and just community.

BILL ARP ASPIRES to be a SENATOR.—Our citizens, says the Rome Courier, will be gratified to know that the author of the popular papers over the signature of "Bill Arp," is a candidate for the State Senate, from this District.

THE INTELLIGENT is of opinion that if the inimitable "Bill" be elected, he will attract more attention at Middleburg than "any other man."

FOR OURSELVES, we wish Mr. Arp, so-called, all possible success, and from his late article on the "State of the Country," we are led to believe that he will do much toward reconstruction in the State.

IT IS SAID that the French Minister at Washington has energetically protested against the appointment of Gen. Logan as Minister to the Juarez Government in Mexico.

THE METHODIST Conference of Mississippi has just adjourned. It adopted resolutions providing for the education of freedmen and their wives and children.

AMONG the latest wonders in the animal kingdom is a talking dog, which has been brought out in Springfield, Mass. He can say "Good morning," "How do you do?" and many other things as good as a human being.

BROWNLOW ON THE "REBELS."—Parson Brownlow thus pours out the vials of his wrath on the Knoxville "Whig" of the 8th inst:

The Southern leaders still have the devil in them, and are presuming upon the leniency of the President, they are losing sight of their real positions. Louisiana is now proposing to elect ex-Governor Allen, now a refugee traitor in Mexico, to be gubernatorial honors, on the ground that he is endeared to the people because of his services rendered in the cause of the rebellion.

GRAND LODGE OF ANCIENT FREEMASONS OF SOUTH CAROLINA.—The Annual Communication of the Most Worshipful Grand Lodge of Ancient Freemasons, of South Carolina, closed at Columbia, on Wednesday evening, 22d instant.

There is at this time a gentleman from the South-west stopping at the Charleston Hotel, who informs the News that he has made an arrangement for the cultivation of 1,000 acres of cotton land by fifty Swedish laborers.

A HAPPY RE-UNION.—A very happy re-union of the children and inmates of the Orphan House of Charleston with their numerous friends and benefactors, took place recently, on the occasion of re-opening of the Chapel of the Institution for public worship.

THE SOUTH CAROLINA RAILROAD, which all our citizens are anxiously concerned about, is making, we understand, steady progress towards completion. It is thought that the Augusta branch will be completed to Midway, twelve miles beyond Branchville, about the first of the coming month; and if no unusual obstacle present itself, the entire line will be open to Augusta on the first of February next.

FROM CUBA.—The principle item of Cuba news, of interest, brought by the steamship Corsica, at New York, relates to the landing on the island of another cargo of slaves from Africa—an event of a kind formerly very common, but recently quite rare.

AN able letter, (introduced to the public by Senator Foot, of Vermont,) of Judge Bedford, of Boston, takes the ground squarely that none of the States, late the scenes of insurrection, are responsible as States, and nothing but individuals in States are amenable to law as the score of treason. The reasoning is clear, cogent, compact and convincing.

THE CHICAGO TRIBUNE reports that the military post at Cairo is to be abandoned; that Camp Douglas, during the winter, is to be occupied by a company of regulars, and that a fort is to be erected at the end of the Chicago River as soon as practicable.

GEN. DADLY has arrested a number of negroes who were leading dissolute lives at Memphis, and bound them out to work on plantations for the balance of the year and all of next.

GEN. ROBERT E. LEE is running a College; Gen. Joe Johnston, the National Express Company; Gen. Beauregard, an Alabama railroad, and Gen. Mansfield Lovell, a law office; Gen. N. B. Forrest still preserves his individuality by "running a saw mill." All honor to the men who thus set noble examples of industry to their comrades.

CONSIDERABLE sensation was recently created in Central Park, New York, by the appearance of a handsome, dashing-looking woman, elegantly dressed, riding on a spirited horse after the masculine fashion.

Passengers will be carried through in ONE DAY, and in DAY LIGHT. In consequence of the irregularity of the Trains on the Laurens Railroad, and the probability of their discontinuance altogether, I propose to establish a Hack Line between this place and Newberry, commencing on or about the above stated time, and on the days mentioned. Passengers going down will arrive at Newberry in time to take the cars on the Greenville Railroad for Columbia, thence meeting with no detention. Passengers coming up will arrive at Newberry in the morning in time to take the Hack for this place. I do not undertake the enterprise so much for what I expect to realize from the profits, as to facilitate me in publishing the Herald, as we are compelled to have mails; and as no one else seemed disposed, I have undertaken the project. To The Public. I FIND that it is the impression of a number of persons in the district that I was a co-partner with R. B. Holman in the Tanning of Leather for the Confederate Government. This is to certify that I was not a co-partner, and had nothing to do with the business whatever. But now I have commenced the Tanning Business on my own responsibility, and at my Old Tannery, and will guarantee to make the best of Leather with dispatch, as I have practiced with myself to make it. Send your Workmen to Headquarters to be Tanned and Dressed on Shares, if you want something like Leather. The highest price will be paid for Hides in gold, silver or leather. Also all home-tanned Leather Dressed in the best manner. Wool for sale at the Tannery. O 11-12-4f I. BIERFIELD.
