

ONE-THIRD OF ALL

# Cars Made in America in 1912 will be Fords!

## What a Valuable Message to the World!

THAT old, reliable 4-cylinder, 5-passenger Model T Touring Car, unchanged during its four years before the public, except for a few refinements, put on the market now for \$690--equipped to the last detail. The Model T Commercial Roadster for \$590. The Model T Town Car for \$900. And a new Delivery Wagon on the same Model T Chassis for \$700. These prices include full equipment: Extension Top, Automatic Brass Windshield, Gas Lamps, Generator and Speedometer. Is there any wonder that "When Ford speaks the World listens."

If this were the announcement of a new model you might be skeptical of the car's merits, but Ford Model T is the best known car on earth. More of them are on the highways of the world than there are of any other motor car.

This is the fifth season of the Model T and its absolute reliability has been proven by 80,000 satisfied Model T owners. Think how that car has been tried and tested in four years of hard service. Ford owners in every quarter of the globe will tell you to-day that their Model T Cars are reliable in every

emergency and of surprising efficiency and utility under any and all conditions. After all of the millions of miles those cars have traveled, everybody knows the Ford Model T is right.

And that's the same sterling car that is being built for 1912--75,000 of them--with added features which go to make it even more convenient and valuable for users. By reason of the largely increased production, with consequent economy in buying and making, the price for 1912 has been largely reduced.

We are now ready to close contracts with Agents and Dealers for 1912 business.

Greenwood, So. Ca.

#### BOYS HAD A BAD START.

First Runner Took Wrong Course--Run Again Friday.

The relay race on last Friday afternoon between the Walhalla and Seneca schools proved a farce, when the first runner for Walhalla took the wrong course and by so doing gave a big lead to the Seneca boys. The mishap discouraged the Walhalla boys and they were never able to overcome the lead, although every one did his best.

Although the Seneca runner came in from 300 to 400 yards ahead of the last Walhalla boy, the last five runners for Walhalla gained steadily, which showed that with anything like a fair start, the result of the race would have been different.

After suffering two defeats, one by the crack Westminster team, the other in an unfair test, the boys of the Walhalla team are not discouraged, and they believe they can make the race interesting for any team in the county.

It is probable that the Seneca and Walhalla teams will meet again on next Friday, the race starting in Walhalla and ending in Seneca. There will again be fifteen runners, each to run 1/2 mile of a mile. The race will start from the Confederate monument not later than 1.30 p. m. Get out and help Walhalla to win.

#### Debate Friday.

Six members of the ninth and tenth grades will debate the subject, Resolved, "That the Indians were justly treated," on next Friday at the regular meeting of the Issaquena Literary Society. The debaters are: Affirmative, Myra Fant, Gray Macaulay and Earle Beard; negative, Marion Moss, Charles Hetrick, Ellen Duncan.

Besides the debate, the regular program of recitations, readings, etc., will be carried out.

Visitors will be welcomed at the meeting, which will begin at 1.30 p. m.

#### Kicked by a Mad Horse.

Samuel Birch, of Beetown, Wis., had a most narrow escape from losing his leg, as no doctor could heal the frightful sore that developed, but at last Bucklen's Arnica Salve cured it completely. It is the greatest healer of ulcers, burns, boils, eczema, scalds, cuts, corns, cold-sores, bruises and piles on earth. Try it. 25c. at all druggists.

#### Coneross Local News.

Coneross, Oct. 23.--Special: Miss Jessie Doyle, of the Pleasant Ridge community, is visiting her cousin, Miss Lucy Patterson.

The children, grandchildren and other relatives of Mr. and Mrs. Jas. Alexander, deceased, are expecting a nice time at the Alexander reunion, at the old Alexander homestead, on next Friday.

Miss Katie Abbott and brother, J. D. Abbott, spent Saturday and Sunday with their friend, Miss Maggie Adams, of Lavoia, Ga.

Mrs. Hettie Alexander spent some time recently at Walhalla. She was visiting her father, Robert Crisp, who is very ill. His friends here hope for his speedy recovery.

The B. Y. P. U. will meet on Friday night before the first Sunday instead of Saturday.

Our Y. W. A. met Saturday afternoon and had a very interesting meeting. Miss Janie Alexander was appointed as delegate to represent our society at Anderson.

#### Boll Weevil Eats Okra Stalk.

Pass Christian, Miss., Oct. 23.--Mistaking okra stalks for cotton plants the voracious boll weevil here abouts is now dining off okra pods instead of his usual repast--cotton bolls.

The pest's change of menu and diet, say the farmers of this section, completely refutes the statements of professional agricultural experts that the insect confines itself to cotton exclusively.

That the bugs were genuine boll weevils was substantiated by a thorough investigation by planters who said they knew the boll weevil intimately. They assert that these bugs took the okra plant because of its similarity to the cotton plant.

Lame back is one of the most common forms of muscular rheumatism. A few applications of Chamberlain's Liniment will give relief. For sale by all dealers.

#### GET BUSY WITH WHEAT.

The Small Grain Crops Are South's Salvation.

To Whom It May Concern: That means you, Mr. Reader.

There is always room at the top for the man with a will; for the man with an "I can" in his vocabulary; for the man who knows not the word can't. The basement of life is crowned with men and women who never push the "up" button; who wait until they have reached middle age, or even later, before they realize that each and every individual in this old world of ours is a unit, or put here to be a unit, in its welfare and development. Many are the men who have a "wishbone" where their "backbone" should be, and who sit in their sackcloth and ashes in the slough of dependency and weep and wail and wait for the good things of this life to come to them. With never a thought for the morrow they lie down to sleep at nightfall, and the sun's rays climbing upward in the morning find them sleepily getting into their clothes, and with a long-drawn-out yawn they bewail their fate and lot in life, while just across the way some humor wanders along the same line--after the same pattern, by the same Creator, with the same amount of brains (possibly not so much gray matter, but with plenty of stick-to-itiveness) and long since reached the place of business and is busily engaged in wrestling fame and fortune from this broad land of ours.

The salvation of the South is self-sustaining men--men who will make a living at the place at which they stay. We can make it and enjoy it if we only will. Sow oats when the ground gets dry, and plenty of them; then the wheat. You need bread at home, in your own house, of your own raising. Take special care of your corn. Sow wheat when the ground gets dry. That is the first thing; then plow well, then harrow, then drag, then harrow; continue this for a number of times. Do not be afraid to do some work on your wheat land. It is like making up dough--it takes preparation, and you must not let some fellow make you believe that it is not possible, for it is. I make it, and I do it one year after another, and I expect to keep it up as long as it is the Lord's will for me to do so. There are plenty of folks who will not sow a grain.

I have a good fertilizer plan for members of the Farmers' Union. Ask about it. M. G. Holland.

#### Richland School to Open.

Pichland, Oct. 23.--Special: We have been visited by a cool wave during the past week, but have seen no frost as yet.

The Misses Reynolds, of Georgia, visited Miss Selma Driver recently.

Grover and Jesse Hubbard and Edgar McMahan, of Clemson College, spent the week end with homefolks.

Ronnie Abbott, of Coneross, took No. 1 at this place for Westminster yesterday evening. He is attending the Westminster High School and is one of their best runners.

The Richland school will open next Monday, October 30th. Prof. G. M. Barnett, of Oak Grove, will be the principal, and Miss Cromer, of Newberry, will be the assistant. Mr. Barnett is a graduate of Clemson College and taught school at Coneross last year. He comes to us highly recommended, and we hope to have the best school we have ever had. It has been asked, "Which will be the greater, the school or the track team?" but we feel sure that neither will be weak, and that both will be stronger than ever. Our teacher is a good athlete, and will help the boys and "show them the way." The boys will start to practicing as soon as school opens and we hope to run several relay races before Christmas.

#### Mother Burns Self and Tots.

Bradoek, N. D., Oct. 23.--Mrs. Axel Johnson, wife of a prosperous farmer near here, locked herself and six small children in their home and set fire to the house after saturating the room with kerosene. All were burned to death.

#### Big Frost; Cotton Damaged.

Dallas, Oct. 23.--Reports from a score of points in Texas and Oklahoma in the cotton belt indicate that a wide area in both States was visited by a killing frost last night. Late cotton is undoubtedly damaged.

#### COMING MISSIONARY MEETING.

Notice to Missionary Societies in the Piedmont Presbytery.

The Piedmont Presbyterial Union will meet in the Central Presbyterian church of Anderson Tuesday afternoon, October 31st, at 4 o'clock. The sessions of the union will continue through Wednesday. Rev. W. H. Hudson, a returned missionary from China, will address the union on Tuesday evening. Dr. Thornton Whaling, president of Columbia Seminary, will deliver an address on home missions on Wednesday evening. Every missionary society in the Presbytery is expected to send two delegates. Any church in the Presbytery that has not, as yet, any missionary organization, is cordially invited to send a visitor to the union. Please send names of delegates and visitors to Mrs. Raymond Beatty, Anderson.

#### Fair Play Items.

Fair Play, Oct. 23.--Special: Rev. and Mrs. I. E. McDavid, of Pelzer, are visiting at the home of her parents, Mr. and Mrs. A. R. Marett.

Farmer Land and family, of Avonlon, Ga., were recent visitors at the home of B. J. Marett.

Mr. and Mrs. S. L. Leathers spent Friday in Lavoia.

Adrian Marett, one of our prominent young men, who is attending school at Martin, Ga., visited homefolks recently.

Little Miss Annie Willie Barton, of Lavoia, is visiting her aunt, Mrs. W. L. Dobbs.

Mrs. J. D. Sheldon and Miss Helen Thompson were visiting in Lavoia Friday.

Quite a crowd gathered at Fair Play to see the automobiles pass through last Saturday morning. Gilman Thompson, of Westminster, spent the week-end with his grandparents, Mr. and Mrs. Thompson.

#### BINFORD PICTURES CAUSE ROW.

With Driven Revolver Show Manager Threatened Police.

Durham, N. C., Oct. 24.--The Binford picture muddle assumed ominous proportions last night, when Manager Wilkerson locked his operating room doors, warned officers not to enter it and threatened to shoot Sgt. Pendergrast if he interfered. A bursting-over crowd was present and twice Manager Wilkerson mounted the stage and announced that the pictures would go on, while the crowd cheered.

He had previously required officers to buy tickets and said, "First show is over. You officers can buy tickets for new one if you want. Benlah Binford pictures will go."

Sgt. Pendergrast sent Sgt. Cagle for a top of a hat box which he had constructed to blind the projector. He thought he could not enter the operating room to serve a warrant on the operator.

When Wilkerson saw his device he said: "If you put that thing up over that hole I hope God will strike me dead if I don't put a bullet through you." He stepped into his private office then and Commissioner Claiborn Carr remonstrated with him. Men in the audience ran out and others gathered to caution both officers and manager. Chief Freeland advised that the device of Pendergrast be not used and a warrant was issued at once for the manager and operator.

In the meantime the reeling of the picture went along until officers arrived, served the warrant and stopped the show in the middle. Manager Wilkerson then went to the police station, put up a \$200 bond and returned to the show, having announced that he would not attempt to present the Binford picture anymore. He was followed by a cheering mass of men.

The case will be threshed out in the recorder's court.

#### Saved His Mother's Life.

"Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, La., and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and I have done me a world of good. I will always praise them." Electric Bitters is a priceless blessing to women troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney disorders. Use them and gain new health, strength and vigor. They're guaranteed to satisfy or money refunded. Only 50c. at all druggists.

#### FOR OUR WINTHROP GIRLS.

The Magnitude of Winthrop's Ideal Library Work.

Winthrop College, Oct. 21.--Special: Alfred Tenneyson Dickens lectured here last night on "My Father's Life Work." It will be remembered that the centennial celebration of Dickens' birth is to be held in England in February, 1913. The lecture was much enjoyed.

The ladies of the Presbyterian church delightfully entertained the Winthrop girls of that denomination last Monday afternoon in the church parlors.

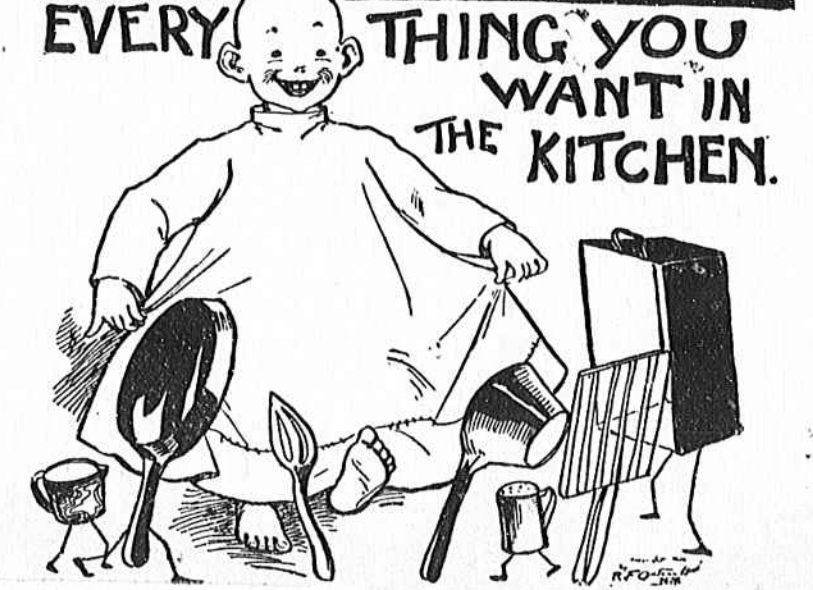

An educational rally of York county is in session to-day. O. J. Kern, of Rockford, Ill., who is known among school men as the most successful County Superintendent of Education in the United States, will work for one week in York county. He will deliver two lectures at Winthrop College.

One of the busiest places in the whole college during the school year is the library. It is here that the students do most of their preparing for daily recitations. There is hardly a lesson given which does not require some parallel reading in the library, which now contains 33,544 well chosen volumes. The collection of 63 a 1/2 out-of-print South Carolina books is said to be one of the finest in the State. We are subscribing to 57 periodicals. Special effort is being made to secure a complete set of magazines. Among the most valuable recent additions to our magazine files are the following: Littell's Living Age, in 267 volumes, beginning 1844; Edinburg Review, in 210 volumes, beginning 1802, and Mile's Weekly Register, in 75 volumes, from 1811-1849. Through the use of Poole's Index, which is an index to each article in more than 200 magazines for the last 100 years, and the Readers' Guide, which is an index to 100 current publications, our magazines prove a valuable part of our reference collection. Our library subscribes to several daily newspapers and most of the current papers are sent as a compliment to the girls of each county.

Blown Out of Shaft of Mine.

Harrisburg, Ill., Oct. 23.--There was an explosion in the Ogara coal mine No. 9 to-day and two miners were killed. It is feared that more of the thirty men in the workings met death. The survivors are imprisoned in a cave-in. The two miners' bodies were blown out of the shaft's mouth.

## ALL HANDS ROUND EVERY THING YOU WANT IN THE KITCHEN.

UNLESS YOU BUY HIGH GRADE KITCHEN THINGS, THEY ACT BADLY AND ARE SOON WORN OUT.

IN WHATEVER YOU BUY IT PAYS TO BUY ONLY THE BEST.

OUR KITCHEN HARDWARE, AND HARDWARE FOR ALL KINDS OF USE, IS THE VERY BEST.

WE DO NOT SELL GOODS FOR LESS THAN THEY COST US.

## MATHESON HARDWARE CO.

Westminster, S. C.
