THANKSGIVING PROCLAMATION.

President Wilson Sets Thursday, November 29, for Thanks.

Washington, Nov. 7.—President Wilson issued to-night his 1917 Thanksgiving proclamation, calling upon the nation, even in the midst of the sorrow and great peril of a world shaken by war, to thank God for blessings that are better than mere peace of mind and prosperity of enterprise.

The proclamation fixing Thursday, November 29, as Thanksgiving day follows:

"It has long been the honored custom of our people to turn in the fruitful autumn of the year in praise and thanksgiving to Almighty God for His many blessings and mercies to us as a nation. That custom we can follow now even in the midst of the tragedy of a world shaken by war and immeasurable disaster, in the midst of sorrow and great peril because, even amidst the darkness that has gathered about us, we can see the great blessings God has bestowed upon us—blessings that are better than mere peace of mind and prosperity of enterprise.

"We have been given the opportunity to serve mankind as we once served ourselves in the great day of our Declaration of Independence, by taking up arms against a tyranny that threatened to master and debase men everywhere and joining with other free peoples in demanding for all the nations of the world what we then demanded and obtained for ourselves.

"In this day of the revelation of our duty not only to defend our own rights as a nation, but to defend also the rights of free men throughout the world, there has been vouchsafed us in full and inspiring measure the resolution and spirit of united action. We have been brought to one mind and purpose. A new vigor of common counsel and common action has been revealed in us. We should especially thank God that in such circumstances, in the midst of the greatest enterprise the spirits of men have ever entered upon, we have, if we but observe, a reasonable and practical economy, abundance with which to supply the needs of those associated with us as well as our own. A new light shines about us. The great duties of a new day awaken a new and greater national spirit in us. We shall never again be divided or wonder what stuff we are made of.

"And while we render thanks for these things, let us pray Almighty God that in all humbleness of spirit we may look always to Him for guidance; that we may be kept constant in the spirit and purpose of service; that by His grace our minds may be directed and our hands strengthened; and that in His good time liberty and security and peace and the comradeship of a common justice may be vouchsafed all the nations of the earth.

"Wherefore I, Woodrow Wilson, President of the United States of America, do hereby designate Thursday, the 29th day of November next, as a day of thanksgiving and prayer and invite the people throughout the land to cease upon that day from their ordinary occupations and in their several homes and places of worship to render thanks to God, the great ruler of nations.

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done in the District of Columbia this 7th day of November, in the year of our Lord one thousand nine hundred and seventeen, and of the Independence of the United States of America, the one hundred and forty-second.

Woodrow Wilson
By the President:
Robert Lansing, Sec. of State."

SECOND LIBERTY LOAN LARGE.

Reached Near Maximum Figures—
9,400,000 Subscribers.

Washington, Nov. 7.—Americans responded to the call for a second Liberty war loan by subscribing \$4,617,522,300, an oversubscription by 54 per cent of the \$3,000,000,000 asked and only \$383,000,000 less than \$5,000,000,000 maximum fixed by the Treasury. Tabulation completed to-night, 11 days after the close of the nation-wide bond-selling campaign, showed that every Federal Reserve District exceeded its quota, and 9,400,000 persons subscribed in the big war financing operation which Secretary McAdoo described as the greatest ever attempted by any government.

Half of the over-subscribed sum will be accepted, making the actual total of bonds to be issued \$3,308,766,150. Ninety-nine per cent of the subscribers will receive the amount for which they bargained, all subscriptions for \$50,000 or less being allotted in full and those above that amount being pared down in varying proportions, ranging from a 90 per cent allowance on subscriptions between \$50,000 and \$100,000 to 40 per cent for the largest single subscription of \$50,000,000.

"The success of the second Liberty loan, like that of the first, is a distinct triumph for the people of the United States," said Secretary McAdoo, announcing the loan results to-night. "It not only demonstrates their ability, patriotism and resources, but augurs the certain success of any future loans that may be offered by the government."

No January Loan.
The Secretary added a denial of reports that the third loan would be solicited in January, 1918. "In view of the large oversubscription of the second Liberty loan," he said, "I am glad to state that this will not be necessary."

It has been generally understood that the third loan would be sought probably in late February or early March next year. Although only 1 per cent were for sums above \$50,000, for which only partial allotments will be made, \$2,129,000,000, or nearly half the big aggregate, was made up by the larger sums. More than three-quarters of a billion dollars were subscribed in individual amounts of more than \$1,000,000.

Much Cash in Hand.
On the second Liberty loan payment of 2 per cent of the subscription amount was required with the application and thousands of purchasers of the smaller bonds, particularly of \$50 and \$100 denominations, paid cash in full. From this payment \$151,000,000 already has been received by the Treasury. The second installment of 18 per cent will fall due one week from to-morrow, Thursday, November 15; 40 per cent addition will be due December 15 and the last installment of 40 will be due January 15, 1918.

Thanking the people who made the big loan possible, Secretary McAdoo in a statement said in part:

"This would have been impossible without loyal support and co-operation of the people of the country, but even that support could not have been secured except for the indefatigable, unselfish and earnest work of hundreds of thousands of splendid men and women throughout the United States who threw themselves into the task without reservation.

"I wish to thank all these splendid volunteers and patriots, and I particularly wish to thank the bankers of America, the Liberty loan organization in every State, the women of America, who made a distinctive fight for the Liberty loan through their own organizations, the Boy Scouts and Girl Scouts, the newspapers and periodicals which gave, as in the first Liberty loan, the most effective, unselfish and generous support through their columns, the press associations, the business houses, the various pa-

STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandierine" hair cleanse. Just try this—moisten a cloth with a little Dandierine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandierine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Knowlton's Dandierine from any druggist or toilet counter for a few cents.—Adv.

triotic organizations, co-operative and fraternal societies, and other organizations throughout the length and breadth of the land which so generously and earnestly gave their services to the great cause.

"I should like to make special mention of the soldiers and sailors of America who came forward with subscriptions amounting to more per capita than those received from the civil population."

In explanation of the reasons for not accepting the full amount of subscriptions Secretary McAdoo declared the government as a matter of policy must abide by announcement of plans for the second Liberty loan made October 1, as follows:

"The Secretary of the Treasury invites subscriptions, at par and accrued interest, from the people of the United States for \$3,000,000,000 of United States of America 10-25 year 4 per cent convertible gold bonds of issue by act of Congress, approved September 24, 1917, the right being reserved to allot additional bonds up to one-half the amount of any oversubscription."

This we do know to be true.
Of all cars selling at \$800 to \$1150 Saxon "Six" at \$935 does offer the greatest value.

If you doubt, look at the way it is winning buyers.

Men who formerly drove only costly cars are turning to Saxon "Six."

They know it is a car of fine quality. They know that \$200 or \$300 more cannot buy a better car.

Men who limited themselves in

the past to cars of lesser price are likewise coming to Saxon "Six."

It has been proved to them that the true economy is to pay the difference and get a real motor car such as Saxon "Six."

Men who have hitherto been loyal to the "four" are now buying Saxon "Six."

They wanted greater smoothness, greater flexibility, greater endurance, greater roadability.

And they find these in full measure in Saxon "Six."

Saxon "Six" will give you

really unusual service. It will perform better, perform longer and cost you less for upkeep than any other car in its class.

Come in at once and place your order for Saxon "Six" at \$935.

This price is based on cost of material bought quite some time back. Prices of all materials have recently risen.

There is no telling how long it will be before all motor cars must advance prices. By all means make your buy before the rise comes.

HARVESTING AND FEEDING VELVET BEANS.

There are three methods of harvesting velvet beans where planted with corn as a companion crop:

1. The corn stalk, bean and vine cut and shocked. This is a very good method where shredder is available.
2. Pull corn and pick the beans as you would peas. A good hand can pick from 400 to 600 pounds per day. The beans will remain on the corn stalks until Christmas without damaging.

3. Gather corn, then turn stock into field to gather beans. The farmers in the sandy sections use this method almost entirely. Clay lands are injured if pastured while wet.

Farmers in all parts of the county are feeding velvet beans to hogs, horses and cattle. The following is the comparative analysis of corn and velvet beans in hull.

Protein, Carbohydrates, Fat
Corn 10.1 72.9 5.0
Velvet beans 17.1 62.0 4.6

453 Billion Bushels Potatoes.

Washington, Nov. 10.—The railroads are now moving what promises to be the biggest potato crop in the history of the country. This crop will, it is estimated, total approximately 453 billion bushels, or half again as much as last year, and has been on the way since the middle of September. The movement of it will continue until about April 1st next year. Reports received by the Commission on Car Service indicate that even with intensive loading more than 750,000 cars will be needed to handle the potato crop.

How Long Must I Suffer From the Pangs of Rheumatism?

Is there no real relief in sight? Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered. Science has proven that your Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons from your blood. This explains why liniments and lotions can do no permanent good, for they cannot possibly reach these germs which infest your blood by the millions. S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. You can get valuable advice about the treatment of your individual case by writing to the Chief Medical Adviser, Swift Specific Co., Dept. D Atlanta, Ga.
