afternoon party Friday. Autumn flowers, which were used in profu-sion, added much to the attractiveness of the lovely home. The out-oftown guests were Miss Anna Marett, Miss Tabitha Stribling, Miss Ellen Lawrence and Mrs. John Anthony,of Westminster High Schol, and Mrs. Clinton Marett, of the Newry school. Added to this numebr were several teachers of the Seneca schools. A delicious salad course, with coffee, was served late in the afternoon.

Owing to the insufficient heating capacity of the school auditorium, the opening exercises are held in sections. The first four grades alternate by days with the seven higher grades. With an enrollment of 438 pupils it goes without saying that a

larger auditorium is needed. An event which is of more than passing interest was the annual gettogether last week of the girls of the sixties who attended George's Creek School in Pickens county, in their early girlhood. For ten years or longer the "girls" have been having these reunions for a day and a night. The girls take it in rotation being hostess. Miss Mary McMahan, of Greenville, was hostess on this occasion. Those who attended were Mrs. L. M. Berry, Statesville, N. C.; W. T. Hubbard, Mrs. J. L. Smith, Mrs. W. E. Nimmons, Mrs. L. E. Knox, together with a few friends. Truly it was a happy occasion. The "girls" rehearsed the early school days at George's Creek, each one telling of some prank she had played, and for which she was probably punished by standing in the corner, where she could be seen by all the school. Then they all joined many times in singing the songs of long ago, which were dear to their hearts and helped to keep green the mem-ory of their girlhood. Even in their merriment their voices were softened when they thought of the round dozen "girls" who were with them at the first meetings. One by one they have passed away, until now only half that number are left. May these good women live to celebrate many

Bounty Land and Richland Schools.

Armistice Day Observed. Bounty Land, Nov. 15 .- Special: Our school opens to-day with Miss Lalla Ballenger as principal and Miss Sybil Chamblee, of Liberty, as assistant. Owing to the inclemency of the weather it is quite doubtful that there will be a full attendance, or that there will be any of the parents at the opening, which will be discouraging indeed to the teachers.

We are in hopes that some one will be pasent, should there be any

parents there, who will give a talk on the necessity of the regular at-tendance of the pupils, giving a clear interpretation of the compulsory attendance aw. Our school did not show as god an enrollment last year as it might have done had this law been entitled as it should have been. Indeed; tendance Bankin's resigna-tion as treat officer, we heard many remarks to the effect that the law had "done quit, and it really seemed that it had "done quit" when the excuses sent in by the few parents who tried to comply with the require-ments of the law, were not even opened by the officer in charge of the work. This may not have been the case all over the county, however-we hope not-but it was certainly the case here, and we hope the law will be more rigidly adhered to during this term.

Mrs. Julia D. Shanklin and son Edgar, spent Sunday in Anderson with the family of J. B. Shanklin. Frank Marett made a business trip to Ware Shoals last week.

The many friends of Miss Mary Taylor were grieved to learn of her death, which occurred Thursday last in her home at Tucker, Ga. Her death was very sudden, being due to blood poison. She was well known in this section, and her death is deeply deplored. She was a niece of J. D. McMahan, of this vicinity. The sympathy of many friends goes out to the bereaved ones in their sorrow.

Mr. and Mrs. Henry Hughs, of Walhalla, were recent guests of the former's parents, Mr. and Mrs. W. H. Hughs.

Mr. McLaurin was also the president of a cotton warehouse. A Circuit Judge will be asked to name the receiver. Mr. Craig's statement concerning the bank follows:
