SOME IMPORTANT INFORMATION

As to the High School in Walhalla, Eleventh Grade is Needed.

Superintendent Marion K. Frost was in town several days this week arranging for the opening of the fall session of the Walhalla High School. He has returned to Spartanburg, but expects to move his family to Walhalla during the next week or ten days, and will occupy the Dukes cottage on Church street.

School will open on the first Monday in September, which will be the 5th day of the month. All parents are urged to send their children in on the first day if possible, in order that the work may be uniformly begun.

It is further hoped that we can have a large attendance in the High School from the Rural Graded Schools in our surrounding districts. We intend, if attendance will justify it, to put on the eleventh grade. This is essential for two reasons: For those desiring to go away to college the work done in the eleventh grade is necessary before students will be allowed to enter. To stop short of it therefore, entails expense of going to a preparatory school for work that we should do at home.

The second reason is that those desiring to teach may do so when they obtain a certificate from the eleventh grade and attend an authorized summer school. This work entitles them to a State certificate, so for this class of students it is placing a handicap on our school not to have the eleventh grade. So we strongly urge those who took the tenth grade work here last year to come back and take the eleventh grade this year. While we urge them, we cordially invite any others who will to come in and join us. We must have one hundred in the High School next year to procure State aid.

We are also trying to arrange to put in a commercial business course, including shorthand, typewriting, business forms, etc. Your presence will help in that.

All students in the summer school from outside the district will be required to pay two dollars per month tuition, payable nine dollars at the beginning of each half of the school session, and all students in town and outside will be required to pay the usual incidental fee of fifty cents each at the beginning of each half of the school session.

Further information will be published later.

BOARD OF TRUSTEES.
