JOHN E. SWEARINGEN WILL RUN

For Governor—Has Definitely Made Announcement—Education.

Columbia, May 15.—State Superintendent of Education John E. Swearingen to-night definitely announced his candidacy for Governor. He is going to be a formidable and to-be-counted candidate. There will be no "also ran" candidacy about him. He is running on his personal worth and his record as State Superintendent of Education. His announcement is characteristically terse and states:

"I shall be a candidate for Governor in the Democratic primary. The Governorship is the highest honor in the gift of the people. I invite the voters to investigate my character and record. For fourteen years the people have allowed me to work as State Superintendent of Education. Of the modest standards that have been introduced under five a night for the common schools is one, and I prefer to make this fight in the open before the people. Despite the progress of recent years education is still the chief need of the State. It is the only cure for ignorance as well as the best and safest remedy for poverty and crime.

"The tax system should be adjusted and equalized so as to lighten the burden carried by the small farmer, the small home owner and the small business man. The wealth of the State can easily bear and pay the cost of honest and economical government without hardship on any tax-payer. Our tax burden needs to be justly distributed, conservatively expended. Notwithstanding business depression, the ravages of the boll weevil and the uncertainty of the outlook, the people are not ready yet to close our schools and colleges or to pull down our institutions. The direct tax now burdening visible property must be shifted so as to tap other sources of revenue. Second only to education and taxation stand law enforcement, good roads and public health. The carnival of crime should be checked. The investment already made in good roads should be conserved. Further improvements should be made when funds become available. The campaign for public health should be pressed and every public agency should be strengthened. Factionalism, hickering and strife have too long hurt the State. The Governor and the Legislature must work together if anything worth while is to be undertaken or accomplished.

Mr. Swearingen was born in the county of Edgefield, near Trenton, in 1875. His father was John C. Swearingen, a farmer, Confederate soldier and captain in the Red Shirts. His mother was a sister of Senator Benjamin R. Tillman. When 13 years of age he accidentally lost his sight, but that has in no wise interfered with his activities and wonderful mind and memory. He graduated at the University of South Carolina with highest distinction.

His remarkable work for the schools of the State has been his greatest pride. He is a Presbyterian. In 1916 he married Miss Hough, and they have two little boys. Mr. Swearingen is keenly interested in farming and is himself largely interested in agricultural ventures.

The Quinine That Does Not Affect the Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, 30c.

THE S. C. SATTE CONVENTION.

Platform Deals Largely with Finance and Education—Wilson Praised.

Columbia, May 18.—The platform of the State Democratic party, adopted at an early hour this morning, before the convention adjourned at 3.30, deals largely with State economy and finance and education. It expresses sympathy and praise for Woodrow Wilson, welcomes women into the party, greets James M. Cox as a leader of Democracy, charges the Republican party with being owned by the money interests, endorses the agricultural bloc in Congress, calls on Congress to provide a system of short-term credits, endorses luxury, income and excise taxes, favors law enforcement, especially prohibition; urges speedy trials and hearing of appeal, especially in felony cases, disapproves of Sunday sessions of the Legislature, disapproves of infringement of Federal laws on States' rights, and favors a pledge that the State take no backward step in the present financial situation.

Mrs. LeRoy Springs, of Lancaster, was elected national executive committee-woman to succeed Mrs. R. I. Manning.

There were fifty-four women delegates in the convention. (Oceonee was represented by two ladies—Mrs. M. E. Bradley, of Clemson College, and Miss Addie Tatham, of Walhalla.)

Campaign Begins June 20.
The political campaign this summer will start June 20, and all candidates must file their entries by noon of June 19th, according to decision of the State Democratic executive committee, in session at midnight last night. The assessments for candidates were also fixed as follows:

(Each.)
For Governor . . . \$200.00
For other State offices, \$100.00
For Congress 200.00
For Solicitor 100.00

Edgar A. Brown, of Barnwell, is the newly elected chairman of the committee. Harry N. Edmunds, of Columbia, was re-elected secretary, and Geo. Willie Jones, of Columbia, was re-elected treasurer. T. Haygood Gooding, of Hampton, was elected vice chairman.

A committee to arrange the itinerary of candidates for the summer campaign was selected, composed of Gen. Jones, Mr. Edmunds and Geo. Bell Timmerman, of Lexington. The campaign will last three or four days before the primary, which will come to a close Aug. 10th.

Petitions for the confirmation of action by the Charleston executive committee in seating county convention delegates from five Charleston which had first been declared without seats were filed with the executive committee, and the action was confirmed, the delegations being declared seated. These petitions came from St. Andrews, Awensday, James Island, Adams Run and Edisto Island clubs and were presented by Senator Arthur Young, of Charleston. Daniel A. Sinkler, chairman of the Charleston county committee, was allowed to make a statement regarding the petitions, and he made remarks that came near precipitating a mild sensation, and which brought forth a warning from the chairman against personal remarks. Mr. Sinkler stated that the Charleston committee had seated the delegations filing petitions and he thought the petitions should be thrown out. He stated that he had not been served with a copy of the petitions, and added: "I'm not surprised when a man like Arthur Young presented them." This statement brought a loud rap from the chairman's gavel. The committee took cognizance of the fact that the petitions had not been served on the county chairman, and that the delegations had been seated, but voted confirmation of the county committee's action and the seating of the delegates in question. John I. Cosgrove appeared in behalf of the county committee and stated that the delegates had been chosen at meetings of the clubs in question held at times not properly advertised. He stated that in one case the club leaders had met at church and changed the time for the meeting of the club.

The State committee Wednesday night heard a long debate on proposed changes in the party rules, and then threw out all proposed amendments because of their conflict with the statutes. The convention was in session into the wee small hours of the morning, the adoption of the platform consuming also lengthy consideration.

Million and a Half Jersey Fire.

Perth Amboy, N. J., May 17.—The white lead department of the United Lead Company's plant here was destroyed by fire yesterday. The damage was estimated at \$1,500,000.

FINE OPPORTUNITY FOR OUTING

For Young Men of South Carolina at Government Expense.

South Carolina young men have an exceptional opportunity right now to enroll for the Citizens' Military Training Camp, which will be held at Camp McClellan, Ala., July 27th to Aug. 26th. An opportunity will not only be given for military training, but for sports and all forms of recreation, which will be emphasized more than ever before. Camp McClellan offers an exceptional opportunity for both training and recreation, since, among other things, it has a fine lake in the center of the camp.

Young men who attended Camp Jackson at Columbia, S. C., last summer were greatly benefited physically and wonderful endorsements will come both from them and their parents.

Young men who go to camp will not in any way obligate themselves to join the organized reserve or the national guard, although the purpose of the work is to train men to become reserve officers in three summers (Red, White and then Blue Camp). Any young man from 17 to 25 is eligible for the Red Camp. No previous experience is necessary.

Application for Admission.

Since only a limited number of boys will be admitted to camp, each applicant should send to the address below for a tentative application blank at once. This should be filled out and returned immediately with the understanding that after notification of tentative acceptance, they will receive smallpox vaccination and paratyphoid inoculation before entering camp, at his own expense. In most communities local physicians will be glad to do this work if the men will request it and pay for the medicine.

Expenses.

To Camp—(a) Government will furnish transportation and will reimburse for meals upon arrival at camp at rate of not to exceed \$2.00 per day, upon presentation of proper receipts; or (b) candidate may pay his own way to camp and be reimbursed at rate of \$5.00 per mile by the shortest usually traveled route.

To Home—Applicant will be paid at rate of 5 cents per mile by the shortest usually traveled route before leaving camp.

The government will provide uniform, meals, equipment, ammunition, etc., the candidate to furnish underwear and personal toilet articles.

Remember, men who would like to go to camp will have the best opportunity if they apply now. Write to-day for information and an application blank.

Extension Dept. S. C. University,
Columbia, S. C.

STRAIGHTEN THAT BENT BACK

No need to suffer from that tired, dead ache in your back, that lameness, those distressing urinary disorders. Walhalla people have found how to get relief. Follow this Walhalla resident's example.

Mrs. C. E. Alexander, 13 James St., says: "I had a bad time with kidney complaint. My back was in bad condition and ached a good deal. I felt run down and when I bent I could hardly straighten again so the pain would almost take my breath away. I was weak and nervous spells bothered me. Black specks often appeared before my eyes and my kidneys didn't act right. Hearing of Doan's Kidney Pills I got a supply and began taking them and they soon entirely cured me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Alexander had. Foster-Milburn Co., Mfrs. Buffalo, N. Y.

She Saved Her Flowers.

(Columbia State.)

When Mrs. Calhoun spoke on Tammassee at the D. A. R. Continental Congress, recently held, she presented Mrs. George Maynard Minor, the president general, with a corsage bouquet of organdie flowers made for her by the girls of Tammassee.

On the following Saturday night, when fire was discovered in the New Willard Hotel, where Mrs. Minor was a guest, people rushed from their rooms, seizing only a few articles they could carry in their arms. As the crowd gathered in the hall on the main floor they began to realize what they had saved. Mrs. Minor found herself clasping her president general's badge in one hand and the bunch of Tammassee flowers in the other! We feel much flattered that her sub-conscious mind treasured this gift from the girls so much.

THERE'LL BE MUSIC IN THE AIR.

Columbia Chamber of Commerce at Work for Big Radio Station.

"There'll be music in the air" all over South Carolina, according to the Columbia Chamber of Commerce, which is making ready to begin a \$12,000 request for the erection of a radio broadcasting station. The wireless apparatus will be presented to the University of South Carolina and will be erected on the college grounds.

When completed a daily program will be broadcasted, consisting of lectures, sermons, political gossip, sporting results, market, weather and crop reports instrumental and vocal music, and daily talks by Columbia business and professional men.

The campaign is being made a novel one. Moffatt B. DuPre, newly elected councilman in the Capital City, is Radio Chief, taking up the duties of the usual chairman. J. Irwin Sutphen, cashier of the National State Bank, is Head Receiver, otherwise known as treasurer, and Frank A. Pierson, as Broadcaster, performs the duties of publicity manager. The committees are designated as Amplifiers. Every community in the State will be brought into direct touch with Columbia daily.

A Fearfully Shaped Dam.

(Anderson Daily Mail.)

The Georgia Power Company is building a big dam across Tugaloo river, between Oconee county and Georgia, to develop enormous horse power. The dam will be over 100 feet high and will cost \$2,000,000, and is the biggest thing of the kind in this section.

A great deal has been printed in the newspapers in reference to this big dam recently, and among others a Greenwood paper says it is to be 122 feet wide at the bottom and 350 feet at the top. The Manufacturers' Record goes the Greenwood paper several better, and says it will be 132 feet wide at the bottom and 850 feet across the top.

FOR Sunburn Tan, Freckles
Erythema, Blackheads, Itches, Magnolia Balm is the only cream and soothes dry, burning skin. A preservative as well as a remedy. Removes skin blemishes. Makes skin soft and complexion clear, rosy, beautiful. Imparts delicate, lasting fragrance to the person. Won't rub off. Impossible to detect.

USE Magnolia Balm
LIQUID FACE and TOILET POWDER
A color: Brunette, White, Pink, and Rose Red, for lips, cheeks. Sold by all dealers, or direct from us, 75 cents, postpaid.
LYON MFG. CO., 42 So. Fifth St., BROOKLYN, N. Y.

G. L. Knight, Dean of Anderson.

(Greenville Piedmont, May 18.)

Dr. Graves L. Knight, of the faculty of Bailey Military Institute, will become dean of the faculty and also treasurer of Anderson College for Women, beginning his duties there on June 1, according to announcement to-day. Dr. Knight's family is at present living in Laurens, but he will probably move them to Anderson, he states.

For the past four years Dr. Knight has been a member of the faculty and chaplain of Bailey Military Institute. Previous to his connection with Bailey he had held important positions in the schools of this State. For a number of years he was superintendent of schools at Graniteville. For 18 years he was a member of the board of education of Aiken county, and for eight years he was a member of the State Board of Education.

After Dr. Knight's graduation from Furman University in 1885 he entered the ministry of the Baptist denomination. He was pastor of the Highland Home Baptist church, Lanford Baptist church and Waterloo Baptist church in Laurens county. Three years ago he was honored with the degree of doctor of divinity by Furman University.

Methodist Revival at Walhalla.

There will be a revival meeting at the Walhalla Methodist church for fifteen days, beginning May 28th and ending June 11th. The preaching will be done by Rev. R. F. Morris, of the Shandon Methodist church in Columbia. Brother Morris is a strong young preacher. All who hear him will be helped. The other churches of Walhalla are invited to co-operate as fully as may be possible.
A. W. Barr, Pastor.

A sweeping verdict for QUALITY

WALHALLA SALES FOR APRIL

Of Savings Certificates, \$3,000.—Mr. Fant, Postmaster, Congratulated.

Postmaster N. Fant, of the Walhalla postoffice, has been congratulated on his energy and efforts in the government's savings system campaign on the result of his sales in treasury savings certificates, which totaled \$3,000 for April.

Howard T. Cree, director of the government savings organization, Fifth Federal Reserve District, in a letter to the local postmaster stated: "I congratulate you on the fine showing made by you and your associates in the sale of these savings certificates. Your office led all postoffices of the third class in South Carolina."

"This record," said Postmaster N. Fant, "not only reflects favorably on the financial situation of our community, but indicates that our citizens are quick to take advantage of a high class investment in the form of a government security, absolutely safe, guaranteed against depreciation and yielding a high rate of interest. When our people recognize that money invested in these certificates increases 25 per cent in five years, and can be cashed at any time, I believe our sales will go far beyond what they have been. One of the best things about this offering is that an individual with but \$20 to invest is offered the same protection, enjoys the same privileges and receives the same rate of interest as a man with his thousands.

"I would like to see more of our young people buying these \$25 certificates for \$20," said Mr. Fant, "and I wish to call their attention to these words from J. J. Hill: 'If you want to know whether you are destined to be a success or not, you can easily find out. The test is simple and is infallible. Are you able to save money? If not, drop out. You will lose. You may think not, but you will lose as sure as fate, for the seed of success is not in you.'"

SEARCH FOR DROWNED BODIES.

Thirty Persons Dropped into Brazos River when Bridge Collapsed.

Marlin, Texas, May 17.—Parties scoured the Brazos river to-day for the bodies of persons believed to have been drowned yesterday when the Marlin-Belton bridge, five miles west of here, collapsed, dropping about thirty men, women and children into the river. Two bodies had been recovered to-day, but many more were missing and some estimated the number of dead at between twelve and fifteen. Ten persons had been rescued when to-day's work began. Mayor Frank Stallworth and Dr. W. H. Allen, prominent local physicians, were reported among the missing.

About a thousand persons were watching the workmen repair the bridge when it collapsed. The Brazos has been at flood stage for several weeks.

Many Accounted for Later.

Marlin, Texas, May 18.—Four dead or missing was the latest estimate to-day of casualties in the collapse of a bridge across the Brazos near here. Persons reported missing last night had all been accounted for to-day, it was believed.

DYED HER BLOUSE, SKIRT AND A COAT.

Every package of "Diamond Dyes" contains directions so simple any woman can dye or tint her worn, shabby dresses, skirts, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything, even if she has never dyed before. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is sure, because "Diamond Dyes" are guaranteed not to spot, fade, streak, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.—adv.

The imports of German dyestuffs to Japan are increasing.

Benjamin Franklin was a vegetarian until he discovered that fish ate one another; then he ate them.

All new building is best done with our own world-famous Southern wood,

"TIDE WATER" CYPRESS
"THE WOOD ETERNAL"

It's equal to an insurance policy against a lot of repair bills later on. For true economy, first as well as "last," simply stick to "the Wood Eternal" and Buy the Grade That Fits the Job. Often middle or low grades are "just right for the case."
