

RIGHTS OF STATES THREATENED

So Says Governor Morrison, of North Carolina, in Address

Shelby, N. C., July 27.—Declaring that the Federal government is now engaged in a steady encroachment upon the rights of the States, Governor Cameron Morrison told editors of North Carolina, gathered in the Golden Jubilee Convention of the North Carolina Press Association here to-night that President Harding's proclamation and call upon the Governors to intercede in the coal strike is "an attempt to debase the States."

"There may be bolsheviki after me who come into power, and they may attempt to bring sovietism upon the State, but this will never come while I am Governor," he declared.

Denouncing what he termed the "benevolent despotism at Washington," the Governor reviewed the unrest and disorders prevalent in the country.

"Why is all this?" he questioned. "Because of the non-enforcement of law—because the Federal government is assuming to run all business and to assume the right to do those things which the Governors of the States alone can do for the welfare of the people." He declared that the States must discharge their duties, that the majesty of the law must be upheld by them, and that nine-tenths of the trouble in America to-day is because of lawlessness.

"Everybody wants to hang the little murderer, and punish petty thieves, but in these things that affect the great mass of the people there is nothing being offered in Washington but a new commission that will investigate and make a report some day and in the meantime give thousands of jobs to people. If the law is to prevail it must be by action of the States. I am for law enforcement, and I have tried, so help me God, despite every whirlwind that flew about me, to enforce it impartially."

DRASTIC BAN PUT ON LIQUORS.

Imports Are Blocked by New Ruling of Commissioner Blair.

Washington, July 27.—Imports of wines and liquors were banned yesterday night by Commissioner Blair, of the Internal Revenue Department, in this country except for non-beverage use sufficient to meet the national requirements. Drastic new regulations were issued by Mr. Blair covering the entrance of alcoholic beverages into the country, designed to shut off one of the sources of illegal liquor supply.

In determining the supply of spirituous and vinous liquors the regulations declared that such distinction will be made between the various kinds as may be necessary to insure a sufficient supply for the various needs, and in the case of wine for sacramental purposes importation will be permitted upon the affidavit of a rabbi, minister or priest that there is not sufficient domestic supply of the particular wine required.

The regulations provide that all permits to purchase intoxicating liquors shall expire thirty days after the date of approval, except importation permits and permits to purchase alcohol for manufacturing or selling, which shall expire ninety days after date of approval, and permits to purchase wine or distilled spirits other than alcohol for manufacturing or selling, which shall expire sixty days after date of approval.

AN EVANGELISTIC ASSOCIATION

Is Formed — County-wide Organization for Gipsy Smith Campaign.

A representative group of some seventy-five preachers and laymen met in the Chamber of Commerce Hall, at Seneca, on the afternoon of July 24th, for the purpose of forming a county-wide evangelistic association. At this meeting more than forty churches in the county were represented. Dr. E. A. Hines called the meeting to order, and after an inspiring prayer by Rev. W. R. Barnes, of the Townville Baptist church, the assembly proceeded at once to the organization of the Oconee County Evangelistic Association. The association adopted as its aim "The Winning of Oconee County for Jesus Christ."

As to the membership of the association, each church in the county was invited to participate by appointing its pastor and two laymen of its congregation as members of the association.

Officers Elected.

After the adoption of the plan of organization the following officers were elected:

President—Dr. E. A. Hines.
Vice President—J. N. Boleman.
Secretary—Marshall Woodson.
Assistant Secretary—T. B. Jones.
Treasurer—F. S. Holleman.

GIpsy SMITH.

The Noted Evangelist who will Hold Revival at Seneca, Sept. 3-21.

By means of local Gipsy Smith clubs, which are to be formed in the near future, the association plans to reach the entire county through prayer meetings and personal workers. These local clubs will be composed entirely of laymen, who shall meet weekly for prayer as well as to lay plans for an intensive personal work campaign. Such clubs are being planned in the following towns and localities: Westminster, Walhalla, Salem, Clemson College, Townville, Fair Play, Fairview, Oakway, Wolf Stake, Long Creek and Seneca. Although these clubs are being formed in preparation for the coming of Gipsy Smith, their work is not to be limited to this campaign, as each of the clubs is to assist in all meetings in the local churches and in all ways to win men and women to a personal acceptance of Jesus Christ.

The following men and women were present, and without one dissenting vote joined the association as charter members: J. E. Alexander, Fairview Methodist church; Mr. and Mrs. J. H. M. Whitmore, Old Pickets; S. H. Sneed, Bethel Presbyterian; Mr. and Mrs. J. P. Stribling, E. W. Barr, J. M. Moss, Walhalla Methodist; S. B. Earle, F. H. Clinkscapes, Clemson College Methodist; J. A. Henry, Clemson College Methodist; Rev. W. R. Barnes, J. N. Boleman, Townville Baptist; Rev. I. E. D. Andrews, Westminster; J. M. Bruner, Mrs. S. F. Reader, Westminster Baptist; T. C. Peden, D. J. Plans are being made to organize additional local clubs in various sections, the dates for this organization work to be arranged.

FORTY WOMEN MAKE ATTACK

On Shopmen on Their Way to Work in Shops at Toledo, Ohio.

Toledo, Ohio, July 26.—Forty women—wives and relatives of striking railway employees—attacked a party of non-union railroad shopmen on their way to work in the shops of the New York Central railroad here early to-day. Police responding to a call for help were met with a shower of bricks and stones, which resulted in a call for the police reserves.

Three patrol wagons filled with officers were rushed to the scene with orders to arrest every woman found in the vicinity.

When the reserves reached the scene of the disturbance the women had fled, and no arrests were made. The trouble started about 7 o'clock when round house employees were met with a volley of bricks as the automobiles they occupied entered a short subway near the shops.

The women lined up on either side of the street with piles of bricks and stones beside them, and each automobile carrying the men who are taking the places of striking shopmen, as it entered the subway, was showered with the missiles. No one was seriously injured, according to police, and outside of a few broken wind-shields little damage was done.

LIGHTNING DEATH TO YOUTH.

The Bolt Struck Tree Near Where Boy Was Standing.

Wallerboro, S. C., July 26.—Fenn Ackerman, the 13-year-old son of J. O. Ackerman, of Cottageville, was killed by lightning Tuesday during a severe electric storm which visited this section. Fenn was out in the lot when the bolt struck a tree near which he was standing, killing him instantly. The only mark left on the boy was a dark place near the temple. His mother was in the house with the smaller children, and the bolt stunned her, throwing her to the floor in an unconscious condition. Mr. Ackerman, the father of the boy, was at Jacksonboro at the time. As soon as the mother regained consciousness, she went to look for her son, and found him in the lot with life extinct. Fenn was the oldest of several children.

This was the worst electric storm which has visited this section in a number of years. There seemed to be no intermission between the flashes of lightning. A heavy rain fell, and hail in some places.

J. W. Bishop, of Wallerboro, lost two fine milk cows, and a number of large trees were felled.

Do you have a dull, steady ache in the small of the back—snapping, stabbing twinges when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys Walhalla residents recommend Doan's Kidney Pills. Read this Walhalla statement:

"Mrs. R. C. Stout, S. Ann St., says: 'I had a dull, heavy ache in my back and felt tired and languid most of the time. Sharp pains came in my back when I bent. My kidneys acted irregularly and I often had dizzy spoils when back aches appeared before my eyes. My ankles swelled and I was in pretty bad shape. Hearing of Doan's Kidney Pills I got a supply and they made me feel like a different person. I recommend Doan's very highly for the cure they gave me.'

Strike Sympathizers Beat Two Men.

Hattiesburg, Miss., July 25.—W. L. Christian and Alvin Robbins are in a local hospital today after having been badly beaten in a considerable crowd of unidentified men here last night. They were employed as guards at the Mississippi Central railroad shops, and stated, according to the police, that they were kidnapped and taken out of the city and beaten by men whom they said were strikers and strike-sympathizers.

WHERE OUR TAX MONEY GOES.

S. C. School Expenditures More than Ten Million Dollars.

(Charleston News and Courier.)

The News and Courier is in receipt of a copy of a "Statistical School Atlas of South Carolina," prepared by Power W. Betha, State Supervisor of Rural Schools and statistician for the State Department of Education,

showing "selected facts for the scholastic year 1920-21 and the scholastic year 1921-22." It is an exceedingly interesting publication. Some forty-nine tables are given, and most of the tables are illustrated by maps. Tables No. 2 and No. 3 are devoted to "school revenue" and "school expenditure." It is of interest to note the amount of money raised and spent for school purposes in each county. Here are the facts as given in these two tables:

York	426,359.58	375,552.91
Totals	\$10,920,293.94	\$10,020,444.55

According to the table published by Governor Cooper in his annual message to the Legislature last January, giving the abstract of duplicate which showed the aggregate tax levied in each county in 1921, the total State and county taxes in that year amounted to \$18,257,021.25. It would appear, therefore, that about

sixty cents out of every dollar of tax money for the State and county purposes has been going recently to the support of the public schools.

In 1921 the tax for ordinary county expenses and for roads was \$6,335,438.67. The total State levy for all purposes was \$5,429,927.13, and of this total State tax \$1,486,410.76

was returned to the various counties to supplement the school funds; \$764,000 was for the State Hospital for the insane; \$820,000 was for higher education. The remainder was used for paying the expenses of the Legislature, about \$100,000; expenses of the courts, about \$150,000, for agricultural work, upwards of \$400,000; for interest on the bonded debt, about a quarter of a million dollars; for public health work, including the expenses of the tuberculosis sanitarium, upwards of \$200,000, etc.

The great bulk of the money raised by taxes for State and county purposes went to the public schools. The largest increase in public expenditures since 1912 has been for the up-building and maintenance of the public school system. These are facts. They cannot be ignored. They show how preposterous it is to talk of reducing taxation in South Carolina by the abolition of "useless offices."
