#### MILLION AND A HALF PAID OUT

By S. C. Cotton Growers Association in Advances to Members.

Columbia, Oct. 2.—The South Carolina Cotton Growers' Co-operative Association has paid out in advances to its members over \$1,500,000. Cotton is pouring into concentration points, warehouses and receiving stations daily in large lots, and the great organization which the farmers of the State has set in motion for the purpose of marketing their crop is functioning in a splendid manner.

To give an idea of how the cotton is pouring in, it may be stated that on last Thursday there were over two hundred carloads of cotton consigned to the association on the Atlantic Coast Line railroad alone for the concentration warehouse at Columbia. This, of course, did not include cotton consigned to the association's concentration warehouses at Spartanburg and Greenville on that railroad, nor did it include any of the cotton consigned to any of the three concentration points by the other railroads of the State. It did not include any of the cotton received at the association's local warehouses over the State.

So far as association officials have been able to ascertain, the members of the organization are standing most loyally by it. There have been no reported violations of the contract as yet. Should there be any they will be dealt with most vigorously, and the full penalty of the law applied.

Much old cotton is being turned over to the association. It is estimated that almost half of the cotton turned over to the association to date is old cotton. Hundreds of members delivered it to the association and hundreds more have signified their intention of doing so.

#### Judge Martin to Take Vacation.

On account of my absence, the Probate Court will be closed from Tuesday, Oct. 3d, 1922, until Tuesday, Oct. 24th, 1922, inclusive.

Judge D. A. Smith has kindly consented to take charge of the keys to the cases containing the records.

Except when sick with influenza, for nearly five years I have not been out of the office for more than two days at a time, and during my incumbency not more than one week at a time, and then only two or three times. I hope, therefore, that my good Christian friends, who cheerfully give their ministers a month's vacation in every year, will not complain of my being absent for three weeks in nearly ten years.

V. F. Martin,  
Judge of Probate.

Westminster, Oct. 3.—Special: A county-wide attendance contest has been announced in connection with the approaching County Sunday School Convention to be held at Richland Presbyterian church on Sunday, Oct. 8th, according to the county association officers in charge of arrangements.

At this convention a banner is to be publicly awarded to the Sunday school having the largest number of persons (over 16 years of age) present at the convention, in proportion to the distance traveled. Under this plan ten persons coming ten miles each to the convention count the same as twenty who come only five miles each, thus making it fair to all, both near and far. There is no limit to the number who may attend from any Sunday school.

The banner becomes the property of the Sunday school winning it and may be taken home for permanent display in the Sunday school room.

#### STATE-WIDE CONVENTION CALL

Is Issued to Consider Matters Pertaining to Cotton Association.

Farmers and merchants, bankers and other allied interests are urged to attend the Cotton Growers' Conference to be held at Columbia next Wednesday, Oct. 11th.

A full attendance of the State executive committee of the South Carolina Division of the American Cotton Association was held at Columbia on Wednesday night, Sept. 20th, in response to a call by President J. B. Johnson, of Rock Hill. The following important matters pertaining to the future work and activities of the division were taken up, and, after discussion, were acted upon:

#### Removal of Headquarters.

It was unanimously voted to remove the headquarters of the division from Columbia to St. Matthews and consolidate with the offices of the American Cotton Association. Secretary H. C. Becker resigned, as he had been elected secretary of the South Carolina Cotton Growers' Co-operative Marketing Association. J. T. Mackey also resigned as treasurer, and Col. Harvie Jordan, secretary-treasurer of the American Cotton Association, was selected as secretary-treasurer for the South Carolina Division, American Cotton Association. A State-wide educational campaign in the interest of the rehabilitation of the agricultural and cotton-growing industry will be actively conducted from St. Matthews and the full membership of the division maintained and increased.

#### State-Wide Meeting Called.

By unanimous action of the committee, President J. B. Johnson was authorized to issue a call for a State-wide convention of farmers, merchants, bankers and all other allied interests, to be held at Columbia, on Wednesday, Oct. 11th. The purpose of the meeting is to arouse renewed interest in the educational work of the division, inaugurate an active campaign for increasing small grain acreage this fall, and thereby bring about a drastic reduction in the cotton acreage for 1923; to emphasize better practical methods for boll weevil control; to urge the enactment of Federal legislation for the appointment of a special commission to investigate the entire cotton-growing industry, and to devise financial relief measures that will aid in the rehabilitation of the agricultural industry of the State and the South.

#### Bryan and Wallace Invited.

Urgent letters of invitation have been transmitted to Hon. Wm. J. Bryan and Secretary Henry C. Wallace to attend the conference and deliver addresses on the subject which will be proposed for discussion. It is believed that one or both of these notable speakers will accept the invitation extended. A large attendance at the conference is most earnestly desired, and the invitation to all interested is most pressing.

#### Cotton Price Recommended.

After a thorough discussion of the average cost of growing the 1922 cotton crop, as ascertained by the American Cotton Association, the present shortage of cotton supplies and the prevailing low spot market values offered the growers, the committee unanimously recommended that spot cotton be held off the markets for an average of all grades of 20 1/2c. per pound, as a fair and reasonable price. The cotton growers throughout the S. C. and South and all co-operative cotton marketing associations, are urged not to sacrifice the staple at prices less than the cost of production plus a reasonable profit. It was the consensus of opinion that if war starts in Europe the price of cotton will advance to very high figures.

#### South-Wide Campaign Endorsed.

The committee passed a strong resolution calling upon the American Cotton Association to immediately begin an active and persistent South-wide campaign for greater crop diversification, drastic cotton acreage reduction in 1923, and urging upon all growers to stop selling cotton at present low prices and refuse to market the staple for less than average cost, plus a reasonable profit to themselves. It was confidently believed by all present at the meeting that if strong resistance to existing low markets is made by the growers all over the belt, in a very short period of time the legitimate laws of supply and demand will function, with much higher prices prevailing in the open markets.

Strong and impressive talks on the cotton situation were delivered by Chairman Johnson, Rock Hill; President J. S. Wannamaker, of the American Cotton Association, of St. Matthews; Capt. J. H. Claffy, of Orangeburg; L. I. Guion, Lugoff; Col. B. Harris, Columbia; R. C. Hamer, Eastover; T. L. Manning, Dillon; and J. P. Stribling, Richland.

Twenty members of the committee were present, and all were very strongly of the opinion that if 10,000,000 bales of cotton in 1922, with practically no surplus, will not afford the growers cost price for growing the crop, then production must be reduced to not exceeding 8,000,000 bales in 1923. #### ACCIDENT IS FATAL TO CHILD.

Infant Daughter of Mr. and Mrs. Chas. Knox Succumbs to Injuries.

Seneca, Oct. 3.—Special: Mrs. A. P. McClair, of Atlanta, visited Mrs. W. P. Reid for a few days the past week. Mrs. McClair went from here to Camden, Lugoff and other places in the lower part of this State.

The October meeting of the U. D. C. chapter will be held Friday afternoon at 4 o'clock, Mrs. J. J. Ballenger and Misses Ballenger being the hostesses. A full attendance of members is desired, this being the date for the election of officers for the ensuing year.

A get-together of the various cottage prayer meeting groups which were organized for the Gipsy Smith meetings was held recently for the purpose of considering a continuation of these prayer meetings. A unanimous vote of the assembly of women was in favor of continuing the cottage prayer meetings, which will be held every Tuesday morning at 10 o'clock in six different sections of the town for a half hour of prayer.

The Literary and Civic Club opened the club year with an enjoyable social meeting Tuesday of last week with the president, Mrs. J. Q. Adams. Mrs. Broncus Bagwell was the hostess yesterday (Tuesday) to the club. At the close of each session tempting refreshments were served by the hostesses.

The various clubs and chapters are entering into the new year with renewed interest, after having disbanded during the summer months.

The Once-a-Week Club held the first meeting of the season with the president, Mrs. S. K. Dendy, and as usual this was altogether a social gathering, with a number of outside friends as special guests. Miss Ruby Harper will be hostess to the club to-morrow, when the club will enter into club activities. After business had been transacted the following program will be given: Roll-call, current events; paper, "Art—Home Decorations," Mrs. G. W. Ballenger.

The clinic which was held in Seneca Friday was a pronounced success in every detail, and far exceeded the expectations of the most optimistic. During the hours for examination the line of applicants who waited for their turn reached through the hallway down the stairs and on to the sidewalks, these being blocked time and again.

The doctors, with a strong staff of assistants in all the departments, were kept busy until dark. There were in round numbers 341 applications enrolled for examination, many having come from long distances. From 1 to 3 o'clock the visiting doctors and a number of representative citizens of Oconee were tendered an appetizing two-course luncheon at the home of Dr. and Mrs. W. J. Lunney.

Several after-dinner speeches were made, with Dr. Hines acting as the chairman. This the first clinic of this nature held in Oconee has been pronounced a grand success. We only need to wait to see the good results.

A most distressing accident occurred about noon Saturday at the Townville street railroad crossing, when Carolyn, the 26-months-old baby of Mr. and Mrs. Charlie Knox, in attempting to cross the track, was hit by Train No. 12 and fatally injured. The child had been playing in the yard, when her older sister started on an errand down street, and the baby was following her without the knowledge of the family, when the fatal accident occurred.

First aid was immediately given, and as soon as possible Dr. E. C. Doyle, with Mr. and Mrs. Knox and others, motored to a Greenville hospital with the baby in the hope that something might be done to save the life of the little one. But to no avail. About 3 o'clock Sunday afternoon God claimed little Carolyn to live with the angels in heaven. She went without regaining consciousness. Funeral services were conducted at the home Monday morning by Rev. J. W. Willis and Rev. H. B. Hardy, after which the remains were laid away in God's acre midst a bed of flowers. Profound sympathy of the entire community is felt for the bereaved family in their great sorrow.

of the State was cordially requested to give due publicity to the proceedings of the committee meeting as set forth above.

J. B. Johnson,  
President S. C. Division, American Cotton Association.  
Harvie Jordan, Secretary.

# Oldsmobile

The  
Olds Motor Works

Has long promised us a car that we could sell for less than \$1,000. Frankly, we didn't think that they could do it.

However, we have just been notified that on and after September 25th, the powerful, roomy, economical and beautiful Model 43-A (four cylinder touring) will retail at \$975.00 f. o. b. factory. And prices on all other body types have been proportionally reduced. There will be no lowering of quality—the same high standard being maintained.

Think of it—quality "Four" at \$975.00. And an "Eight" at \$1375.00. Never, in the long history of Oldsmobiles, has the slogan that Oldsmobile owners have adopted been more true—"The Most Car for the Money."
