Advertising Rates.

Advertisements inserted at the rate of \$1 00 per square, of (9) nine lines, on LEAS, for the first insertion, and 50 cents for each subsequent insertion.

Contracts made for THREE, SIX or TWELVE months, on favorable terms.

Advertisements not having the number of insertions marked on them, will be published until forbid and charged accordingly.

These terms are so simple any child may understand them. Nine lines is a square—one inch. In every instance we charge by the space occupied, as eight or ten lines can be made to occupy four or five squares, as the advertiser may wish, and is charged by the space.

Advertisers will please state the number of squares they wish their advertisements to make.

Business men who advertise to be benefited, will bear in mind that the SENTINEL has a large and increasing circulation, and is taken by the very class of persons whose trade they desire.

PICKENS C. H., S. C.

Thursday, October 21, 1875.

Compromised.

A compromise between the Democratic and Republican parties of Mississippi has been effected, by which peace at the polls, protection to every voter and a fair election is to be secured.

Greenville Fair.

The Greenville Fair commences to day, and will continue until Friday evening. The SENTINEL will have an intelligent reporter on the grounds who will lay before our readers next week all the prominent features of the Fair. We hope Pickens will be well represented.

"Come."

Our County is attracting the attention of many of the good citizens of the lower counties of this State, and many of them have already come up and cast their lots with us. They are delighted and say that no considerations would induce them to return. There is room for many more, and we say to them "Come." We want you to assist us in building up and beautifying this wonderful section of country—unsurpassed by any in America. A cordial welcome by the sturdy Mountaineers of this section, awaits all good citizens from any section, who are desirous of becoming identified with us. Again we say "Come."

Twelve Mile River Baptist Association.

This Association convened at Cathey's Creek Church, in Transylvania County N. C., on Friday before the 2nd Sunday in this month. The introductory sermon was preached by Rev. W. B. Singleton, of this County. The Association was called to order by Rev. Thos. Looper, former Moderator. The churches, composing the association, were nearly all represented. Rev. W. B. Singleton was elected Moderator and Rev. T. W. Tolleson Clerk. After a three days harmonious meeting, during which time much business relating to the church was transacted, the Association adjourned, to meet at Secona Church, one mile from this place, on Friday before the 2nd Sunday in October, 1876.

Hon. Robert Toombs made a financial speech at Warrenton, Georgia, on the 7th instant, in which he declared emphatically for hard money.

Rev. J. C. Hiden, pastor of the Greenville Baptist Church, has formally assumed editorial management of the "Sunday Department" of the Greenville Daily News.

The election in Illinois was carried by the Republicans, by their usual majority. Nebraska has also been carried by that party.

Rev. Mr. Morton, a Baptist minister of our county, says the Keowee Courier, died near Walhalla on Saturday night, the 9th instant.

Mr. Morton was pastor of Secona Baptist Church near this place for the last two years, and was held in very high esteem by the members of the same.

Judge Reed is holding Court at Anderson this week.

The Ohio Election.

The election in Ohio has been carried by the Republicans, by a small majority. The only question at issue between the parties during the election was, hard money vs. green back. Hard money won, greenback inflation is now, in our opinion, entirely eliminated from politics. The eyes of the whole country are turned upon Ohio in this election, and the result, neither a Democratic defeat nor a Republican victory, has settled the financial policy of each party in the coming Presidential election, and, as the financial plank in the platforms of each party will be about the same, the lines will be drawn and the fight made upon other issues. We append the comments of a few of the leading journals of the country on the result.

NEW YORK AND KNOW NOTHINGISM.

New York and Know Nothingism have carried Ohio. The might of money has triumphed over the causes of the people. We labored and hoped for a different result, but were the disaster ten fold what it is, should lose no jot or tittle of our faith in the principles that have been thus oversloughed.—St. Louis Times, Dem.

BOTH PARTIES ON GOOD BEHAVIOR.

The downfall of the inflationists in Ohio will have an immediate and far reaching influence for good. It places both parties on their good behavior for the Presidential contest of the Centennial year. The Republican party received their warning last Fall. The Democrats have, in yesterday's experience, a greatly needed lesson that may be of much service to them. Since the triumph of the arms of the Republic, there has been no issue before the American people equal in importance with that which has been pending in the Ohio campaign, and no victory so momentous and beneficent as that of yesterday. The question of finances involved the public credit and the national honor. The dependence of the inflationists was upon ignorance, and their appeal was for honest money, and the sacred preservation, as among our priceless possessions, of the pledged faith of the people. She gives her voice, too, that the workingman's dollar shall soon be a gold dollar. She is a representative State, and she will be heard and potential throughout the land.—Cincinnati Commercial, Ind.

PRIMARY CAUSE OF DEFEAT.

The primary cause for their defeat—if defeated they are—lies in the fact that they not only had to fight the Republican party, but had actually to contend against a considerable element in their own organization, who were as pronounced against what they were pleased to designate the "inflation heresy," as the most advanced Republicans. Under ordinary circumstances Ohio Democrats would have the thorough sympathy and co-operation of Democrats the whole country over. In the present contest one of the most important ever known, outside Democrats, not few nor isolated, but by tens of thousands, wished and prayed for the defeat of their brethren in Ohio.—Nashville American, Dem.

A NEW ISSUE.

The Democratic ticket was assailed and the platform upon which it was nominated bitterly opposed by the organs of the so-called Democracy of New York. They urgently called upon the people to beat our nominees and to elect our Republican opponents. That it had some influence on the result is beyond question. There are thousands of Democrats in Ohio who formerly lived in New York and who keep up a connection with their old homes through the medium of New York papers. We thus lost very considerably through this Eastern interference in our politics. But this was not all. The wealthy Democrats of New York contributed large sums in behalf of Hayes and against the re-election of Governor Allen. In the meantime we had words of encouragement from Republicans, such as Wendell Phillips, Wm. D. Kelly, Benjamin F. Butler, Peter Cooper and others. This indicates that we have now a new issue which is destined to radi-

cally change the permanent organization of parties. We are but in the beginning of a new era of American politics. We have inaugurated, and only inaugurated, the fight of the oppressed masses, of the tax payers, against the privileged classes that are represented by National Banks, gold bearing bonds and gold gamblers.—Cincinnati Enquirer, Dem.

THE OHIO ELECTION.—The election in Ohio has gone to the devil and radicalism, and this last institution will be sharply revived. It is not anything to the credit of the Radicals that it is so, as it is due only to the folly of the Democracy. Had the Democracy made a square fight against Republicanism, and its infamies instead of setting up a howl for more currency, the majority of last year would no doubt have been largely increased. It will be a dearly bought victory to the Radicals, we hope, as it will suggest to the Democracy the propriety of presenting a solid front in all future elections between this and the Presidential election.—Greenville News.

Communications

Mr. Editor: As the friends of vocal music in our County, propose to revive the County Musical Convention, we ask you to allow us a place in your very valuable paper to explain to all, the plan or programme prepared. It is that all the friends of the cause meet at the Court House on Friday, before the second Sabbath in November, prox., at 10 o'clock, a. m., for the purpose of reviving the County Musical Convention, which once existed and operated in the county, but suspended when its appointment was to convene at the Court House. Cause of suspension, very inclement weather on the appointed time.

It is proposed that each singing school, singing society, Sabbath school, subordinate Grange and church organization in the county send three male and three female delegates with a certificate of their appointment to the convention; that all ministers of the gospel of every denomination, professors, teachers, and leaders in music, S. S. Superintendents and Masters of Granges be entitled to all the privileges of the convention.

There is nothing so charming, so delightful and enchanting to the ear of man as music, sweet delightful music. Let us

Praise God from whom all blessings flow.
Praise him all creatures here below.

How? by singing his praise with the spirit and with the understanding, which is one of the delightful parts of worship. Prof. T. W. Tolleson is respectfully requested to deliver an introductory address at 10:30 a. m. Will be please take heed and govern himself accordingly, and greatly oblige many friends.

Come all who love to sing God's praise,
Who hope to sing in endless days,
And let us join in this convention,
To revive it from suspension.

Each organization sending delegates, will please send up a contribution to defray the expense of printing our minutes. Respectfully,
W. G. FIELD,
Former Secretary.

Mr. Editor: Please give publicity to the following announcement: The fourth quarterly Conference for Pickens Circuit will be held at Danaville Church, embracing the 5th Sunday in October. I make this announcement, because some are under the impression that it embraces the 4th Sunday. Fraternally,

COTTON BURNED.—We learn, says the Greenville News, from reliable information, that on Tuesday, a train on the Air Line Railroad, freighted with cotton shipped from Central, caught fire between this place and Spartanburg, and one hundred and two bales were totally consumed.

CHATTANOOGA, Oct. 14.—The two negroes who killed Sam. Garner, of Murray county, Georgia, a few days ago, were taken from the guard at Spring Place by a party of disguised men last night and hung.

The matter in issue between Mr. W. H. Gardner, ex-Treasurer, and Sumter County was referred by agreement a few days ago to three citizens—Messrs. J. B. Roach, A. White and Henry W. Gardner—to determine upon, with the understanding their finding should be accepted as final. They rendered a verdict on Monday against the ex-Treasurer for \$5,700 and interest for moneys unlawfully paid himself upon vouchers put into his hands as cash.
