THE TRIAL OF THE SUPPOSED KU KLUX KLAN OF SUMTER.

We put on record, in our present issue, a full but simple statement of the facts, as developed by the trial, last wook, before the Court of General Sessions, (Judge John T. Green presiding) at this place, of the supposed Ku Klux Klan of Sumter, for the burning of the stores of Robertson and Balloso, in Cotober last,

The law was administered, by the presiding Judge, in its dignity, its justice, and strictly its impartiality, and according to the rules of common practice, and the facts speak for themselves, proclaiming a most complete and triumphant vindication of the respected citizens ar

The charge made by us at the time, of indis criminate and arbitrary arrest of our good citizens, is abundantly sustained in the facts develop ed by the attendant proceedings, and especially in this : that of twenty-two persons brought by the armed constabulary of the State under arrest, true bills were found, (by a Grand Jury composed of all colored men but three) against but secon, and in the further, and, it possible, more conclusive fact, that of the seven arraigned, in no single instance was there failure to prove an alibi, by more than one witness above suspiciou. Never, probably, in the history of the country, did a State, with so much exhibition of her authority and power, so press felonious charges against so many of her worthy citizens, with so utterly groundless a basis. In these cases, too, to which Gov. Scott and

his constabulary force, gave such prominent and special attention as to attract the notice of the tate at large, the distinctive anomaly in juris. presented, of warrants issued, arrests ade, indictments preferred, true bills found. and all the other muchinery of the law put in absence of bonds for the prosecution. And in the June 16-19 risiting the scene of action, discovering the utter opelessness of the situation, and endeavoring to hift the responsibility, by a speedy departure, with instructions to "continue," without the sha dow of ground for continuance:

In the interest of peace and good order, we ask Mr. HUBBARD and Gov. Scott to perpetrate no more such outrages as those which attended the arrest and trial of these vitizens of Sumter

MR. ALB RT GUERY. Sumter has reasons to be proved of Mr. Gueny, a native artist of rare talent, who is destined to shed lustre spon his native State. Mr. Gueny needs nothing but patronage to ensure a most brilliant career and we hope, the citizens of Cherieston, where he has gone in search of patronage, will render him the encouragement which heat this time needs. Having completed his profession abroad, he returned home, and newly fliedged, he plumed his wings and first essayed to fly. His business is portrait painting, iwhich he succeeds to the admination of al who have seen his pictures. It can be said o Mr. Gerny, what can seldom be said of an artist, that he has never failed in any portrait whic he has attempted. Every one he has paintedly since be has come among us, as an artist, has not, only given satisfaction, but has excited admira

Mr. Gueny paints with great success from photographs - having produced some pictures of great merit, from photographs sent to him from abroad. Recently I stept nto his studies at Florence, and was particultarly attracted by the portrait of a lady, which was of unusal excelesce. The back ground was a picture itselfthe subordinate objects beautifully rendered and the golden hair most exqusitely given ; while the leafy shrubbery, represented in color the passing thadows of autumn, which gave the figure a native grace and freedom that no culture could bestow. The time was evening and a distant lake Imaged to view an autumnal sunset which gave the landscape a dreamy and boautiful effect. Mr. GUERY is a gentlemen of the finest sensibilities, and of great purity of character, and we

take pleasure in commending him to the citizens of Charleston, as a young artist of unusual parts.

ATLANTA, Jenuary 14.—The Legislature has been a scene of stormy debate, and almost of bloodshed, since it was asser bled. The effort of the Bitter Republicans to hold the reins of power and outs all not of their political creed, has met with intense opposition. The appointment of Harris Speaker of the House pro tem, was a violation of the act of Congress and the Code of have af the State, and was the cause of an exciting scene. Pistols were drawn, and bloodshed appeared imminent. After stormy discussion, the House adjourned to Monday, and instructions as to the proper course to pursue will be obtained from Gen. Dr. Wn. Jauson,
Dear Sir:-I am pleased to learn that you are re-introducing your Southern Southing Syrap, which was used with so much benefit in this city previous to and during the war. From a knowedge I have of some of the ingredients, and th benefit that I have known derived from its use, I deemed it the best proparation ever used for the diseases of children, not only relieving pain, but invigorating the stomach and bowels, correcting acidity, and giving tone to the system at large

Whon Sherman introduced his . Lozenges, he headed his advertisement "Children cry for them," you with great propriety might head yours "Mothers ory for it !" as it gives them peac and happiness ir checking the crying and suffering of their children. Several families are urious to obtain some of it immediately.

(Signed) Respectfully yours, &c.,

REDIVIVUS!! The S. S. S. of 1861,

Or Dr. JEUSON'S Original Southern Scothing SYRUP FOR CHILDREN TEETHING, is again re suscitated!! It is a Corrigent of the Bowel lisorders contingent upon this period; a grate ful Carminatice; a nutritious Syrup; and a jent'e Anodyne, inducing calm and refreshing to pase, without the pernicious and distressing reactionary disturbance of the nervous system that results from the exhibition of most prepara tions—expressly made for children. Its use in the Southern States, as far back as 1862, estab lished its reputation as a Southern Institution and, as a medicine unrivalled, and as being the best and sufest proparation for children teething, ensuring REST to MOTHERS and NURSES and re lief and strength to their infants. It is therefore no new medicine, and needs no advertising wher it is best known. Every precaution has been taken to preserve and protect it from fraudulent counterfults. It is manufactured only at the Laboratory of Colte, Tompkins & Hund, members of, and successors to, the old established SOUTHERN DRUG HOUSE OF HARRAL, RISLEY & KITCHEN, 141 CHAMBERS STREET, YEW YORK, to whom all orders should be addressed, and is for sale to the citizens of Sumter and surrounding country by the following first class and respects ble Druggists: A. ANDERSON & Co., J. F. W

LET COMMON SENSE DECIDE. What is the rational mode of procedure in ases of general debility and nervous prostration Does not reason tell us that judicious stimulation is required? To resort to violent purgation such a case is as absurd as it would be to bleed starving man. Yet it is done every day. Yes this stupid and unphilosophical practice is continued in the toeth of the great fact that physical veakness, with all the nervous disturbance that accompany it, is more certainly and rapidly relieved by Hostetter's Stomach Bitters than by any other medicine at present known. It is true that general debility is often attended with torpidity or irregularity of the bowels and that thi symptom must not be overlooked. But while the discharge of the waste matter of the system i expedited or regulated, its vigor must be recruited The Bitters do both. They combine aperient and anti-bilious properties, with extraordinary tonic power. Even while removing obstructions from the bowels, they tone and invigorate those organs Through the stomach, upon which the great very able specific acts directly, it gives a healthy and permanent impetus to every enfeebled function. Digestion is facilitated, the faltering circulation regulated, the blood reinforced with a new eccession of the alimentary principle, the nerve braced, and all the dormant powers of the system roused into healthy netion; not spasmed in this way that such extraordinary changes are

ful corrective, alterative and tonic. Let common sense decids between such a preparation and a prostrating cathartic supplemented by a poisnous astringent, like strychnene or quinia.

CURE FOR CONSUMPTION! What the Doctors say : Amos Woolley, M. D., of Kosciusko County, Indiana, says: "For three years past I have used Allen's Lune Balsas extensively, in my practice, and I am satisfied there is no better medi-

tice, and I am satisfied there is no better medicine for lung diseases in use."

I anc A. Doram, M. D., of Logan County, Ohio
says: "ALLEN'S LUNG BALSAM not only sells rapidly but gives perfect satisfaction in every ense
within my knowledge. Having confidence in it
and knowing that it possesses valuable medicinal
properties, I freely use it in my daily practice
and with unbounded success. As an expectarant
it is most certainly far ahead of any preparation
I have ever yet known."

Nathanial Harris, M. D., of Middlebury, Vermont, says: have no doubt it will soon become a
clasical remedial agent for the cure of all diseases of the Throat, Bronchial Tubes and the
Lungs.
