TEMPERANCE MEETING. The Temperance Meeting, at the Methodist Church, this evening, will no doubt attract considerable attention. The ladies are especially invited. Let there be a large attendance, and this good cause furthered in our community.

SOUTH CAROLINA RAILROAD. The attention of our readers, generally, is called to the article, from the Charleston Courier, in relation to this road, to be found on another column. This road has, no doubt, been the subject of much persecution.

T. J. Coghlan, Radical sheriff and County Treasurer, gives notice that taxes for 1869 will be received until the first day of April, 1870, at which time all who have not paid will be charged twenty per cent. additional. 50 cents on every hundred dollars worth of property for State purposes, and 30 cents for county. Executions to be forthwith issued against defaulters for 1868.

THE HUMAN PORK DIVINE. What we have heretofore called the human system. How Rheumatism distorts the frame. What misery the injudicious use of Calomel entails. How the system is vitiated, transmitted from parent to child. Would you not be a terrible sufferer, fall not to use DR. TUTT'S LARSAFARLLEA AND QUEEN'S DELIGHT. It penetrates every pore of the system, goes into the bones, and eradicates every trace of disease.

Had these slaves belonged to us, instead of to the South, is there one simple enough to believe that we would have had a war of emancipation? Not much.

Yes, and he might have added that the cheapest loyalty is that which gets into office by disfranchising "rebels," and steals the property of the tax payer by making citizens of the pauper. Without these there would not have been much Congressional Reconstruction.

FASHIONABLE DRESS MAKING—Mrs. John W. Dargan, at the Sumter confectionery, is prepared to make Dresses, in the latest styles, as put forth by Md. Demorets, of New York. Mrs. Dargan, we are pleased to say, has been highly successful in the display of a cultivated taste in matters pertaining to the ladies' toilet.

FLORENCE, S. C. Mr. G. McD. STOLL, the accomplished gentleman, and no less accomplished auctioneer, will sell corn, bacon, flour, sugar, salt, molasses, &c., at auction, at Florence, on Saturday, 26th inst., which sales will be continued from time to time, at the establishment of Mr. M. Jacobi.

CHARLESTON. WM. C. BEE & CO., Agents for the Biltan Guanoo, Soluble manures, and Sulphuric Acid, manufactured at Charleston—Messrs. McLaurin, Solomonos & Co., agents at Sumter. These fertilizers rank with the best in the world, and Messrs. Bee & Co., as well as the agents here, are prepared to exhibit satisfactory statements as to their value. See advertisement.

THE SUMTER BITTERS—Messrs. Dowie, Meigs and Davis, wholesale Druggists, of Charleston, are the proprietors of these Bitters, which are now becoming popular in this section, as any other. Messrs. A. Anderson & Co. are the agents at Sumter. See advertisement.

A. R. STILLMAN—Mr. Stillman was one of the well-known house of Fugatees & Stillman, and, at 231 King Street, now deals largely in foreign and Domestic Dry Goods. The attention of buyers generally is specially directed to the advertisement on another column.

PHOTOGRAPHS.—Mr. Jesse H. Bolla, long and favorably known throughout the country as an artist, avails himself of all improvements in the very useful art of picture taking, and keeps his gallery in first class condition. Our readers are referred to his card on another column.

BALTIMORE. WM. CRICHTON & SON—Ammoniated Soluble Super-Phosphate of Lime. The certificates attached to the large advertisement on another column, are from highly respectable citizens of this State, Georgia, Alabama, and speak in very decided terms in favor of the Fertilizer manufactured and sold by the Messrs. Crichton & Son, of Baltimore. Messrs. Green, Watson & Walsh, agents at Sumter.

ARMSTRONG, CATOR & CO.—Beyond all doubt the most popular and reliable Millinery House in the United States. Our friends are referred to the advertisement on another column.

Used twenty-four tons Wilcox, Hibbs & Co's Manure, and find it to be the best and most reliable Fertilizer in use. Griffin, Ga., January 6, 1870.

Years of the 1st December, asking our opinion as to the benefit, if any, derived from the use of your Guanoo was duly received. We used on last year ten tons of your Guanoo, and the result has been entirely satisfactory: our opinion is that where 200 lbs. was used to the acre on various soils, the average increase of yield was double, and that we have realized at least 100 per cent. on the money invested; in fact we expect to use more of it another year; we shall use it on every acre we plant, if able to buy it.—We think, judging from the system you employ, we will pay as well of a dry as a wet season. We consider yours one of the best and most reliable fertilizers in use.

Respectfully yours, MANLY & MITCHELL.

The further we advance in knowledge the more simplicity shall we discover in those primary laws which regulate all the apparently complex and multifarious operations of nature. To abuse them brings disease and its tribulations. To aid in conquering disease is to benefit mankind, and therefore the greater the merit. This is the object and aim of this class, is the "Old Carolina Bitters."

Try Wineman's Crystallized Worm Candy—none better.

Merit Soon Noised Abroad. It is but six years since ALLEN'S LUNG BALM, was first offered for sale. Its good qualities were soon made known at home, and very soon its fame was noised far and near; now it is sold in nearly every Drug Store in the United States—North, East, South, and West. No similar medicine stands higher with the people. It is well known on the Pacific coast, and liberal quantities for it from San Francisco, Sacramento in California, and Portland, Oregon, even from Australia, large orders are received for it. And throughout Canada, it is well and favorably known, and sold every where.

Read what Captain Foster writes: "I am pleased to notify you of the benefit which I have received from Allen's Lung Balm, having been troubled with a cough for several years past, the Balm was recommended to me. I immediately procured it, and found it to relieve my cough more readily than anything I ever tried. My wife has also used it with most satisfactory results. Yours very truly, Captain D. FOSTER. Fort Burwell, March 23d, 1869. Messrs. PERRY DAVIS & SON, Sole Agents, 25, 27, 29, South Water Street, New York."

Indigestion not only affects the physical health but the dispositions and tempers of the victims. The dyspeptic becomes, too, in a measure demoralized by his sufferings. He is subject to fits of irritation, sullenness, or despair, as the case may be. A preternatural sensitiveness which he cannot control, leads him to misconstrue the words and acts of those around him, and his intercourse even with those nearest and dearest to him is not infrequently marked by exhibitions of testiness foreign to his real nature. These are the mental phenomena of the disease, for which the invalid cannot be justly held responsible, but they occasion much household discomfort. It is to the interest of the home circle, it is essential to family harmony as well as to the rescue of the principal sufferer from a state not far removed from impenitent insanity, that these symptoms of mental disturbance be promptly removed. This can only be done by removing their physical cause, a derangement of the functions of the stomach and its allied viscera, the liver and the bowels. Upon these three important organs Hostetter's Stomach Bitter acts simultaneously, producing a thorough and salutary change in their condition. The vegetable ingredients of which the preparation is composed are of a renovating, regulating and alterative character, and the stimulant which lends activity to their remedial virtues is the purest and best that can be extracted from the most wholesome of all cereals, viz: sound rye. No dyspeptic can take this genial restorative for a single week without experiencing a notable improvement in his general health. Not only will his bodily sufferings abate from day to day, but his mind will recover rapidly from its restlessness and irritability, and this happy change will manifest itself in his demeanor to all around him.

REDIVIVUS!! The S. S. S. of 1861, Or Dr. JEUSON'S Original SOUTHERN SMOOTHING SYRUP FOR CHILDREN'S TEETHING, is again resuscitated!! It is a Corrupter of the Great Circulation; a nutritious Syrup; and a gentle Anodyne, inducing calm and refreshing repose, and relieving nervous and distressing restlessness. It is a powerful and distressing restorative disturbance of the nervous system that results from the exhibition of most preparations—especially made for children. Its use in the Southern States, as far back as 1862, established its reputation as a Southern Institution, and, as a medicine unrivaled, and as being the best and safest preparation for children teething, ensuring rest to mothers and nurses and relief and strength to their infants. It is therefore your new medicine, and needs no advertising where it is best known. Every precaution has been taken to preserve and protect it from fraudulent counterfeits. It is manufactured only at the Laboratory of COTT, THOMPSON & HUND, members of the Southern Drug House of HARRIS, REELEY & KITCHEN, 141 CHAMBERS STREET, New York.
