PANY OF VIRGINIA.

and the disay beights of fame,
and wid the ghistring splenders there
I eaw my name
In letters fair,
if heard the shoat of myriad tongues
resisting my preise the world around.
Oh senseless longs!
Oh worthless sound!
the us joy for me to know uses wisdom's stream has gentler flow.
let my offers with the heard.

That wisdom's stream has gentler now.

filled my offers with the hoard

That miscers clutch with wise-like hold;

I plied my board

With gems and gold;

Ken spoke mo iniriy to the face,

And fawning to my presence florked.

The coin was base,

Their praises mocked.

A gave no joy for me to know.

That this was hollow, heartless show.

Again, I grasped the reins of power,
Guiding the movements of the State;
My little hour
I tempted fate;

Full to the lowly up on high,
And cast the mighty to my feet;
Full to the sky
I placed my seat.
It gave no joy for me to know
Pant this would all prove worthless show.

Pthrew aside fame's guilded crown,

And turned from wealth's rich stores away.

No more to own

Power's tempting sway;

But sought for those whom I could bless

With the best service I could give;

Relieved distress,

Bade dying, live.

And now it gives me j. y to know

That wisdom guides where'er I go.

HOBERT E-LER. Yesterday it was reported by telegraph that General Lee would pass down the Charlotte, Columbia and Augusta railroud, on his way to Florida. Soon the report spread from mouth to mouth, and by the time the train was due, b o'clock p. m., Colum bia was alive with the joyful tidings One and all were eager to look again upon the noble features, the commanding mien, of the mighty champion of the South-the greatest man of the age Though torrents of rain had been falling all day and continued to fall-and though so ree a fourth of the crowd were enabled to secure conveyances-yet, when the train arrived, the platform and grounds adjoining the depot were thronged with a mass of cager and ex-

pectant faces.

Col. A. C. Haskell waited upon the General, in behalf of the citizens, and requested his appearance upon the platform -the crowd being arranged in semi circle around the hindmost platform of the passenger coach, so that all mi, ht see. The noble hero stepped forth, and was greeted with such a shout of joyous recognition as no other living man of the age could elicit. Shout after sheut arose, so that the introductory remarks by Col. Huskell, appropriate to the occasion, were almost drowned. "Our first in war and in peace" he was styled, and upon this the excited throng burst forth again into prolonged hurrahs. The great man modestly raised his hat and bowed, and remained for a minute or two with his venerable head uncovered, then quietly withdrew inside the couch.

He was, evidently, deeply touched by with which he was greeted. The trembling lip and moisened eye spoke the emotions that swelled that breastso dauntless in war-so responsive to expression of love.

The General on his way to Florida to recuperate his health, which is very feeble, though, in appearence, he is said (by those who were with him then) to be but little changed from what he was on that memorable day at Appointance.

We trust that the God of love will write a great a great and the high, clear character of the manure fully kept up. to recuperate his health, which is very grant a speady restoration of strength nim who is so dear to the millions of truely Southern hearts -- Columbia

Gardian, March 31. [From the Yorkville Enquirer ]

So far as the matter of the resolutions is concerned, we see nothing objection-able in them. They make intelligence and integrity the only tests of political preference. By eschewing all complieation with national questions, the campaign is narrowed down to a thoroughly local contest. This is probably the best basis which the convention, when it meets, can select, on which to rally the people of South Carolina. The great desire of our people, we be-Here, is not to build up any party. Demerate, Conservative, or Republican Nor are they immediately conserned about female or Indian suffrage, annexation of foreign territory, the Alabama claims, or the national debt. What they want is a good, economical and honest State government-one that will be just to all classes of citizens, and will not squander the resources of the State for private and party purposes. They want officials who believe that they were elected to promote the general interests of the people, and not to enrich themselves. This is our platform and it is on these grounds that we op pose the Republican party of South Carolina, as represented by those whom it has put into office :.

-Wilson has become usher to Revels and other negro dignitaries. -. A. T. Stewart is talked of for gov

Soluble Manures,

SULPHURIC ACID.

Manufactured at Charleston,

SOLUBLE PHOSPHORIC ACID, in the form of SOLUBLE PHOSPHATE OF LIME, or DISSOLVED BONE PHOSPHATE, is the basis of all good Fertilizers, and these are valuable in the ratio of Soluble Phosphoric Acid which is in them.

The immense deposits of Phosphate Guanos which were discovered in 1867 in South Carolina, by Dr. PRATT, consists mainly of Insoluble Phosphate of Lime, which is made available as a Fertilizer by being ground to powder, and reduced by Sulphuric Acid to such a condition as to make its insoluble phosphate soluble in water, and thus made capable of being taken up by growing plants. The insoluble Phosphate toun (in any commercial Fertilizer is of no more value to the plant than the original Phosphate rock. The greater the proportion of this Soluble Phosphate which any Fertilizer contains, the less the quantity required per acre, and consequently the changest Fertilizer is that containing the highest per centage of Soluble Phosphat.

Impressed with these traths, the SULPHURIC ACID AND SUPER PHOSPHATE COMPANY have creeted at Charleston the first extensive Acid Chambers South of Baltimore, and are able to offer to planters the HIGHEST PER CENTAGE OF SOLUBLE PHOSPHATE OF LIME known in any market.

offer to planters the fittorial and any market.

Their Fertilizers are offered under two forms:

1. ETIWAN. NO. 1—PURE SOLUBLE PHOSPHATE, guaranteed to contain 24 per cent. of Dissolved Bone Phosphate of Lime, \$40 per ten. 10 per cent. discount for cash.

2. ETIWAN. NO. 2.—PERUVIAN SUPER PHOSPHATE guaranteed to contain 20 per cent of Dissolved Bone Phosphate, and 14 to 3 per cent. of Ammonia, with a sufficient addition of Peruvian Guano to adapt it to all Crops, \$70 per ton, 10 per cent, discount for cash.

WE ALSO OFFE?:

WE ALSO OFFER:

DISSOLVED BONE, of high grade, for planters or manufacturers, who may desire to mix into any other compost, and we suggest that this is the best and cheapest mothod for manufacturers to transport the Sulphuric Acid estataned in the mixture. Will be sold at a fixed rate for each percentage.

FERTILIZERS

Call and procure CIRCULARS and PAMPHLETS, free of charge, and examine samples.

"Feed your Land and it will feed You."

GEO. W. LEE.

Sumter. S. C., January 5, 1870.

I refer to the following planters.

Maj. THOMAS B. FRASER Mr. ALPHEUS BAKER.

Mr. JOHN O. HERIOT. Mr. PETER MELLETT, &C., &C.

WM. CRICHTON & SON'S Ammoniated Soluble Super-phosphate of Lime ontaining 50 per cent. of BONE PHOSPHATES—of which 12 per cent is immediately SOLUBLE in Water—3 per cent. of Ammonia, 3 per

Magnesia, do . &c. FURNISHING THE ESSENTIAL ELEMENTS OF WHEAT, CORN, TOBACCO, COTTON, and of all Cercals which are removed from the soil in every crop.

Put up in Strong Bags, of 167 lbs. each. Certificate.

NEWBERRY, S. C., December 2d, 1868.
I purchased of M. ssrs. Willis & Chizolm one ton of Crichton & Son's Ammoniated Phosphis, ast spring, 'I used it on both Corn and Cotton. I am satisfied that I received as large a per out of yield for the cost, as any fertilizer I have used since the war.

Charleston, S. C., January 1st, 18th.

Respecting the merits of the Ammoniated Soluble Super Phosphate of Lime which I used its season upon my Cotton lands, I would state that it has exceeded my expectations, its applicable having been attended with the most favorable results. I used it in connection with the popular Phosphates of the day and Peruvian Guano, and unhesitatingly give the preference to Messa. Wa Crichton & Son's Ammoniated Super Phosphate, which I regard as the best fertilizer for Cotton has been offered to the public.

REIDSVILLE, Spartanburg Co., S. C., Dec 20th, 1843.
In reply to your enquiry regarding Wm. Crichton & Son's Ammoniated Fertilizer sent to melal spring, I can give my own and Mr. J. M. Fowler's experiments. I tried it on Cotton, side by the with Peruvian Goano—costing \$112 per ton—and in the same quantity, and the difference was to siderable, being in favor of the Pertilizer. The Cotton grew from two to three inches taller, and was halled in proposition.

Jounson's, Barnwell Co., S. C., Dec. 28th, 1869.

Johnson's, Barnwell Co., S. C., Dec. 28th, 1869.

I used Wm. Crichton & Son's Ammoniated Phosphate on both Corn and Cotton, at the rates
200 pounds to the acre. The results were very good, although we had a very dry season. Is
satisfied it is a valuable manure, as it was applied on poor land, which is the place to
tarping
of this kind. I recommend it to planters as a good fertilizer.

"This year I have experimented with ten different fertilizers of y two of the manures. I ma not quite turough paying, and the same of the manures will not materially alter the above statement or result.

I can without hesitation recommend this fertilizer to planters as a No. 1 Cotton Manure.

JOHN L. CULVER

GREEN COUNTY, GA., December 20th, 1864, "I used the Ammor inted Super-Phosphate of Lima of W. Crickton & Son on three acres of an The summer was remarkably dry; yet I am well pleased with the result. The yield of Comparing much greater where the fertilizer was used, and paying me handsomely. I can cheerfully remained it as a first class fertilizer. The wall known integrity of the ommend it as a first class fertilizer. The well known integrity of the manufacturers is a sufficient

SELMA, ALA., Soptember 16th, 1868.

Mosses, Wm Crichton & Son, Baltimore:

"I write to say, that so far as I have heard from the "AMMONIATED SOLUBLE SUPER-PHOSPHA'F," the reports are very favorable indeed. Several planters who have used that all the Peruvian Guano side by side, say they cannot distinguish any difference. I have used both, all think your fertilizer shows fully as well as the Peruvian, and believe there will be a great densation it next season. It has been used during the present season on Cotton, with valuable reality the following gentlemen, in D. Has County, of this State, to all of whom I refer. Dr. Wm. Miss, Capt. B. Boykin, Ellis Mixon, Esq., Capt. A. V. Gardener, Hunter B. Rives, Esq., Alexander Sample, Esq., and others. Sample, Esq , and others.
