DEATH OF MRS. JUDITH G. MASON.

Our community was painfully wrought upon, on Saturday last, by the intelligence of the death of Mrs. JUDITH G. MASON, the devoted and beloved consort of Mr. C. T. MASON. The death of this much-loved lady was painful and sudden, and has thrust darts of piercing anguish into the hearts of a large circle of relatives and friends. Her funeral services were performed at the Presbyterian Church, on Sabbath morning, in the presence of an unusually large congregation, the occasion being one of great solemnity and impressiveness.—The Baptist and Methodist Churches were closed, the congregations united, and Rev. DONALD MCQUEEN, was assisted in the services by Revs. S. M. RICHARDSON and H. M. MOOD.

INCOME TAX.

Those who have not yet made their returns to the Assessor Maj. W. F. DE KNIGHT, still have the opportunity, and should do so at once.

☞ The Sunday school connected with the Methodist Church of Sumter has appointed the following delegates to the Convention to assemble at Charleston on the 12th of May next: Rev. H. M. Mood, F. A. Tradewell, J. H. Dingle, Col. Jesse Thompson, F. A. Folsom.

SODA WATER.

Our courteous and liberal friend, J. F. W. DeLorme, Druggist, handed us, a few days ago, a baker's dozen of tickets, which—so far from representing the number of witches which were supposed to sit down at the table with the bakers of former times, in their great meetings—stood good, each one, for a glass of the charming soda that makes merry music as it gushes from his beautiful fountain. Havn't we said enough to give all lovers of this delightful beverage the cue?

THE SUMTER BOOK STORE.

More new books received. See the advertisement, in which some are mentioned. We call upon the reading, intelligent community, to sustain this effort to establish a sufficient book department in our town. All books are sold at the publisher's retail prices, and so guaranteed. You can therefore get any book at Sumter for the same price you would pay in New York, Philadelphia, or any other place of publication.

TOWN IMPROVEMENTS.

The crust of the earth was broken, on Monday morning last, in excavation for the foundation of a new Brick Hotel and stores in connexion, on the lot immediately adjoining the Planters' Warehouse and fronting the Court House.

This building will rest upon two lots, as previously divided and sold—and last purchased, one by Messrs. RICKER & FERITER, and the other by F. J. MOSES, JR. These parties, we learn, have united the two lots, and will erect the building by common investment.

The building will have a front of seventy feet width and a depth of eighty feet. To the depth of forty five feet it will be three stories—the remaining thirty-five feet, one story. Two stores, twenty two feet wide, will run the entire distance from front to rare of the ground story. The centre will be the entrance to the hotel and constitute the office and dining room, on the first floor. On the second floor there will be three parlors—22 by 24,—with folding doors, so that the whole may be turned into one large room. On the second and third floors there will be eighteen bed rooms, and other apartments. On the front and centre of the building, to be reached from the second story, will be a veranda. The whole to be furnished in first class style, and to cost from fifteen to twenty thousand dollars. The hotel, we learn, will be rented to some party with means sufficient to furnish it, and who knows how to keep such an institution.

CHAMBER'S ENCYCLOPEDIA.

To be completed in eighty parts of 104 pages each. Price, per part, including maps and illustrations, sixty cents. For sale by subscription only. W. Y. PAXTON, business manager of the *Watchman*, has been appointed agent for Sumter County, and subscriptions will be received by him or at the Sumter Book Store.

SERENADE.

It was the evening of the Firemen's Parade—

"The moon
Rising in clouded majesty, at length,
Apparent queen, unveiled her peerless light,
And o'er the dark her silver mantle threw."

It was a night of beauty—of lovely quiet. Young spring-times' beautiful array nestled in the grander light of the full-orbed moon. The earth beneath our splendid trees a patch-work of shadow and of light. Gentle zephyrs toyed amid the scene, to waft in sweeter melody music's soul-inspiring strains.

We, all unconscious, slept, to be awakened by the reality of delight that brought sweet sounds streaming full through our window. It was a moment of real pleasure, and if we failed to arise and greet the generous friends who came thus to greet us, it was that we would not break the spell that bound us.

We tender our highest appreciation of the beautiful compliment.

BEYOND A DOUBT.

More diseases are the result of a derangement of the Liver than from any other cause. When that organ is diseased, every part of the system sympathises with it, and general prostration and decline is the result. The best, safest and speediest remedy for Liver Complaint, and all the diseases that follow, is TUTT'S VEGETABLE LIVER PILLS, they are peculiarly adapted to the climate of the South. They are sold by Druggists everywhere.

"A GOOD LIFE KEEPS OFF WRINKLES," so do SUMTER BITTERS, which by its use restores and invigorates the whole system and repairs the ravages of time.

The most rigid philosophy and the most careless mirth, are intimately related, inasmuch that the latter is frequently the offspring of the former. The one discovers the vanity of human pursuits and wishes; the other seizes present enjoyment to compensate the calamity. A mixture of the two comprised the essence of the Epicurean system. But such should not be in extenso, the belief of the moderns, when the whole materia medica is at their call, in the shape of the "Old Carolina Bitters."

Wineman's Crystalized Worm Candy never fails!

STEWARDS' MEETING.

The Regular Monthly Meeting of the Board of Stewards of Sumter (Station) Methodist Church, will be held at the Parsonage on Wednesday evening, 20th inst., at 7 o'clock. A preliminary meeting, for the accommodation of the members of the Board who reside in the country, will be held at the office of the *Sumter Watchman*, at 12 o'clock same day.

Members will please come prepared to report collections for the month of April.

J. H. DINGLE, Chairman.

F. A. FOLSOM, Secretary.

HOW TO BUILD CHEAP.—Every one who has any experience in building, knows to his sorrow that the thousand and one little items included in the one word finishing, make fully half the cost of a house, and that ill advised expenditure in this direction often runs the bill far above the estimate. To avoid such trouble and disappointment, buy your blinds, doors, sashes, mouldings, direct from the manufacturer, P. P. Toale, Charleston, S. C. See advertisement.

SUMTER ADVERTISEMENTS.

Our old friend D. J. WINN is prepared to furnish Clothing and Cloths, and Gentlemen's Furnishing Goods generally, for Spring and Summer use, at unusually low rates. His selections have all been made under his own experienced eye, and he is prepared not only to guarantee his goods, but to offer an elegant variety.

Mrs. M. J. ZERNOW—Is opening her Spring Fashions for the ladies. She has a beautiful variety of Millinery, which has been selected with that care and taste for which she is so well known, and which she is selling at very reasonable prices.

W. C. DUNCAN—Continues to repair Harness and Saddles—his shop now being at his residence, "over Turkey Creek."

CHARLESTON ADVERTISEMENTS.

We direct special attention to the following new Charleston Advertisements to be found in our present issue. [Others not mentioned here will receive notice next week.]

"STEEL'S HAT HALL."—Among the most prominent business men of Charleston, there are none entitled to more distinguished consideration than WALTER STEELE, of "Hat Hall" notoriety. His career has been an honorable one, and as an individual case, furnishing, in itself, one of the most remarkable incidents in the records of mercantile enterprise. Try him at least once.

PHŒNIX IRON WORKS—These works justly rank among the leading founders of the country. Their workings in iron and in brass are unexcelled, and their promptness—so essential—is a prominent feature of the establishment. We may mention as an incident sustaining this remark, that during the recent trip of the steamship "Manhatten," from New York to Charleston, an accident happened to her Air Pump Rod, which put her twelve hours behind. This rod, which is twelve feet long and contains five hundred pounds of brass, was completed in time to enable her to leave on her regular return trip. The capacity of the Phœnix Works is now ample, and we trust that orders from our section will be sent down to them.

UNION FERTILIZER.—Mr. PAUL C. TRENHOLM, Commission merchant, offers the Union Fertilizer to the farmers, planters, gardners, &c. of the country, which accomplishes the double purpose of fertilizing the soil and at the same time ridding it of all worms and insects injurious to vegetation. This preparation should be tested generally, inasmuch as it proposes to accomplish that which works great good to the planting community.

LENGNICK, SELL & FOSTER.—Mr. CHAS. FOSTER, a gentleman of high standing and accomplished business capacity, has recently connected himself with this old and popular house, where Fancy Goods in great variety, Ladies' Trimmed Hats and Millinery Goods generally, may always be found at the lowest prices.

FURNITURE.—Mr. R. WHITE, one of the oldest and most reliable Furniture Dealers of Charleston, has recently made large additions to his stock and business accommodations, and will fill orders at the lowest rates. When you go to the city, give him a call.

FOWLER'S PATENT ADDING MACHINE.—This is said to work great relief to the book-keeper or accountant, and as a labor-saver and economizer of time where figures are to be computed, is worthy the attention of all interested. Address Messrs. BURNETT & MARTIN, who own the patent for this State and Georgia, and offer county rights for sale.

MRS. M. J. BOOTH—French Millinery.—King Street has no place of greater attraction for the ladies than this. MRS. BOOTH'S Spring Stock is beautiful indeed. Let the ladies who visit Charleston remember this; as we have no doubt they will.

HENRY BISCHOFF & CO.—This establishment has prospered and grown, and grown and prospered, until its dimensions and extent of business would seem extravagant were they stated in detail. They are liberal and they are attentive to business, and they have never been afraid to advertise. Such men always succeed. We could point them out in every community. BISCHOFF'S is certainly the place to get Groceries in Charleston.

SPECIAL NOTICES.

Dr. A. L. SCOVILL is the inventor of several medicinal preparations which have become very popular, and have been liberally used. Among his inventions are "Hall's Balsam for the Lungs" and "Liverwort and Tar." For the past six years a better Lung remedy has been offered to the public. Read the following letter from Dr. Scovill referring to it:

Messrs. J. N. HARRIS & CO.,

GENTS:—I make the following statement from a perfect conviction and knowledge of the benefits of ALLEN'S LUNG BALSAM in curing the most deep seated Pulmonary Consumption! I have witnessed its effects on the young and the old, and I can truly say that it is by far the best expectorant remedy with which I am acquainted. For Coughs, and all the early stages of Lung complaints, I believe it to be a certain cure, and if every family would keep it by them, ready to administer upon the first appearance of disease about the Lungs there would be very few cases of fatal consumption.—It causes the plegm and matter to raise, without irritating those delicate organs (the Lungs), and without producing constipation of the bowels. It also gives strength to the system, stops the night sweats, and changes all the morbid secretions to a healthy state. Yours respectfully,

A. L. SCOVILL.

OCCUPATIONAL AILMENTS.

Fresh, pure air is a vitalizing elixir. Whoever is debarred by circumstances from unrestricted access to this invisible, but powerful stimulant, needs a medicinal invigorant of some kind. The great object should be to choose the best. Popularity is a pretty good guarantee of merit in this scrutinizing and intelligent age, and tried by this criterion Hostetter's Stomach Bitters stands first among the invigorating and regulating medicines of the present day. To the wants of persons engaged in indoor employments, especially in crowded factories where even with the best possible ventilation the atmosphere is always in some degree polluted, this salubrious vegetable tonic is peculiarly adapted. The nature of the ingredients is no mystery. It consists of an absolutely pure diffusive stimulant, tinctured—or rather surcharged—with the fluid extracts of sanatous roots and barks and herbs. The pharmacopœia has its tinctures, but what are they? The juice of only a single root or bark or plant is present in each. Not one of them combines the three properties of a tonic, an alterative, and an aperient. All those elements are blended in the Bitters; nor are these the sum of its medicinal recommendations. It is also a blood depurent and an antispasmodic.

The baleful effect which air that has been partially exhausted of its oxygen by frequent breathing produces on the vital organization, is notorious, and when to this devitalized atmosphere is superadded the mephitic vapor of hot air furnaces, it becomes deleterious and depressing in the extreme. To enable the system to bear up, even for a few hours each day against the debilitating influence of a vitiated atmosphere, a wholesome tonic and alterative is urgently required. This grand disideratum is supplied in Hostetter's Bitters, which as a strength sustaining, health protecting agent has no rival either among official or advertised medicines.
