An extra parade will come off about the last of this month, when the squad making the quickest time, will be presented by President Girardeau, with a solid silver D, made by C. T. Mason, upon which is the following inscription, cut by C. W. Davis: "Squad No.— from the president, for quickest time in working the engine, simply means that the engine will be placed within a few yards of the well in the same condition in which it would be standing in the Engine House, each Squad, one after another will man her in that position, and the one putting her to work, extending fifty feet of hose and throwing water in the shortest time wins the D.
