The Sumter Watchman.

WEDNESDAY, JUNE 22.

W. Y. PAXTON - - BUSINESS MANAGER.

☞ All Transient Advertisements, and all Job Work must be paid for in cash. This will be observed without distinction. Subscriptions are also payable in advance.

☞ Applications for Job Work will be made, at the office, to THOS. B. FLOWERS.

The WATCHMAN books are in the keeping of W. Y. PAXTON, who will receipt for monies due and attend to all matters connected with the Advertising or Subscription departments.

☞ Our Advertising friends are requested to send in their favors not later than Monday.

☞ The article of our esteemed correspondent "Sumter," although differing from our own views and the position of the *Watchman*, and notwithstanding we depreciate such discussion at this time, will be published in our next issue.

☞ Want of space, in our present issue, prevents us from noticing some points contained in the article of our much respected correspondent, "Junius," as well as the proceedings and action of the Reform Convention.

☞ Messrs. ADRIAN & VOLERS, popular Wholesale Grocers, of Wilmington, advertise some of their arrivals of fresh supplies in our present issue.

☞ The warmest sympathies of our community, were recently excited by the death of Mrs. TODD, the deeply pious and devoted companion of Mr. W. A. TODD, the much esteemed agent of the Express at Sumter. Mrs. TODD was truly a mother in Israel, and leaves behind her an example of christian virtues which cannot soon pass away.

ST. JOSEPH'S ACADEMY.

We are indebted for an invitation to attend the Annual Distribution of Prizes to the pupils of St. Joseph's Academy, Sumter, to take place on the 30th inst., at 6 o'clock P. M.

REMOVAL.

Miss EMMA D. BRITTON has removed her Millinery stock to the neat and comfortable brick store recently built by Mr. J. T. SOLOMONS, next door to his own place of business. We congratulate her upon a change involving so much of improvement. She is now better than ever before prepared to meet the wants and suit the tastes of the ladies. See her advertisement.

RAIN.

The work of the farm and plantation has been much retarded, of late, by continued, and almost every-day rains The grass, in some places, as a result, has serious hold upon the crop. We have heard of cotton being plowed up, and the land put in corn, in the hopelessness of the prospect of successful cultivation of the former. The crop, generally, does not promise well now, and should the remainder of the season prove unfavorable, the aggregate product of the staple in this section, will not equal the crop of last year, notwithstanding the area of land in cultivation is larger.

The corn crop is promising, but general apprehension prevails of a drought in July, which would prove disastrous, following the present wet season.

KOHLRABI.

Our esteemed and courteous friend, C. H. MOISE, of the Planters' Warehouse, left at our office, yesterday morning, a specimen of the singular variety of vegetable known as "Kohlrabi," or turnip cabbage, grown in his garden at this place. The leaves indicate a cross (?) between the turnip and cabbage, and the "head," so called, from which the leaves spring, is about the size of an ordinary turnip. When "tabled," we can form a better opinion of its edibility.

CALHOUN LITERARY SOCIETY—WOFFORD COLLEGE.

The Committee—Messrs. H. E. PARTRIDGE, A. Cook SMITH, and D. C. HUMBERT—will accept our thanks for the very courteous invitation to attend the Annual Celebration of Calhoun Literary Society of Wofford College, S. C., to take place Tuesday evening June 28. The subject of debate will be: "Ought the press to be without Legal Restriction?" Affirmative, W. H. WALLACE, JNO. WOODS. Negative, W. A. ROGES, J. A. GAMEWELL.—Valedictorian, J. R. ADNEY.

PRESTON LITERARY SOCIETY—WOFFORD COLLEGE.

The annual Celebration of this Society will take place Tuesday evening, June 28. President, Gen. W. H. WALLACE, Union, S. C. Subject of debate: "Are Protective Duties Beneficial."—Affimative, L. K. CLYDE, of Greenville and J. W. DICKSON, of Anderson.—Negative, R. J. SHIPP, Gaston, N. C., and J. C. WALLACE, Union, S. C. Valedictorian, W. D. KIRKLAND, Spartanburg, S. C. Our thanks are tendered to the Committee—Messrs. R. W. BARBER, J. H. BRYCE, J. E. CARLISLE—for a very courteous invitation to be present.

HEARTH AND HOME.—This paper is conducted with marked ability, and, with its practical as well as sentimental and natural illustrations, and its general variety, is really an interesting publication. It seems, too, to be in a more healthful condition since the withdrawl from it of Mrs. Harriet Beecher Stowe.

☞ Cotton closed at New York, on the 20th, quiet, at 21¼ for Middlings. White Corn, at Baltimore, same date, $1.25 to $1.26.

MASONIC—INTERESTING OCCASION.

Accepting the kind invitation received, we participated in the very interesting exercises at Mayesville, on Friday last, attendant upon the laying of the Corner Stone of the Lodge Building projected by Mayesville Lodge, No. 141.

We regret that the limited space at our command does not permit us to give such a report as the occasion merits.

Members of Bishopville, Claremont and Sumter Lodges were present in considerable numbers, and the Masonic procession, under the marshalship of Dr. J. W. HUDSON, was more imposing than any we have ever seen in this section. The assemblage too, of the citizens and fair ladies of that highly intelligent and respectable and always hospitable community, was large.

The ceremonies were conducted by acting Grand Master MONTGOMERY MOSES, with Masonic beauty, solemnity and impressiveness. Capt. JOHN S. RICHARDSON, the chosen orator of the occasion, delivered one of his best speeches, the music, lead by Mr. H. D. CORBETT, on the Melodeon, was full of inspiration, and the luxurious and abundant dinner, spread in the beautiful grove adjacent to the residence of our venerated friend, M. P. MAYES, Esq. as, we must say, only Salem can do such things, put the whole company in fine spirits. The occasion leaves behind it pleasant recollections, and we beg to express our warm appreciation of the courtesies received.

EXCHANGES.

WESTERN METHODIST.—We are much pleased to receive and add this staunch Southern Christian paper to our exchange list. It is published at Memphis, Tenn., and, until now, was entitled the *Memphis and Arkansas Christian Advocate*. The change of name became necessary, among other reasons, in consequence of the increase in the number of patronizing Conferences. It is now the special organ of the Memphis, North Mississippi, Arkansas, White River, Little Rock and Indian Mission Conferences. The *Western Methodist* is printed with beautiful clear type on a fine double sheet, and is conducted with decided talent, editorially. W. C. JOHNSON, Editor. R. W. Blew & Co., Publishers. $2.50 per annum in advance, for single copies, or to clubs of ten or more, $2.

AUGUSTA CHRONICLE AND SENTINEL—This is among the most valuable of our Georgia exchanges. As a news and commercial paper, it has enterprise and reliability, and our merchants and business men generally will find it valuable, especially as, under recently established mail facilities, it would afford them as late intelligence as could be received through any other newspaper medium, and as there are now indications of some trade springing up between Augusta and Sumter. We were recently permitted to form the acquaintance of some of the *Chronicle* and *Sentinel* staff, the remembrance of which is among our pleasant recollections.

THE PRINTER—JOHN GREASON, publisher, W. D. THOMPSON, Editor, 75 Gold Street, N. Y., is truly beautiful specimen of typography, or of the printing art. Every page and every line of it shines in the beauty of its print.

CUBA.

Congress has finally disposed of the Cuban question, after much delay and much discussion, by the passage of the following resolution:

Resolved, That the President is here by authorized to remonstrate against the barbarous manner in which the war in Cuba has been conducted, and if he shall deem it expedient to solicit the co-operation of this or other Governments in such measures as he may deem necessary to secure from both contending parties an observrnce of the laws of war recognized by all civilized nations.

WOFFORD COLLEGE.

SOPHOMORE EXHIBITION.

The Exhibition in declamation by members of the Sophomore Class, in the College Chapel on Tuesday night, 17th inst., was well attended. It must have been quite encouraging to the speakers to see so good an audience, and accordingly the elocution of the hour indicated that the young orators were in a suitable frame of mind for the exercises. In regard to the performances there seems to be but one opinion, which is sufficiently flattering to the young gentlemen. All present appeared to be highly pleased, and we think the demonstrations of applause were not empty and meaningless, but exhibitions of merited praise. We will only say in conclusion that if *Junior* means any more than Sophomore in the public declamations of the month, something in the superlative may be expected on the night of the 27th.

The following is a list of the speakers and their subjects.

1 "The Greatness of the Human Mind."—Jas. W. Dickson, Anderson, S. C.

2 "Address in behalf of the Greeks."—William H. Folk, Edgefield, S. C.

3 "The Execution of Montrose."—Leonard K. Clyde, Greenville, S. C.

4 "Cicero against Verres."—Frank A. Gilbert, Sumter, S. C.

5 "Lafayette."—Lawson B. Haynes, Spartanburg, S. C.

6 "The Quarrel of Brutus and Cassius."—James M. Gee, Union S. C.,—Frank L. Porter, Austin, Texas.

7 "The Earth happily adapted to the nature of Man."—A. Coke Smith, Sumter, S. C.

8 "Spartacus to the Gladiators at Capua."—Charles F. Smith, Spartanburg, S. C.

9 "The Sailor Boy's Dream."—Charles Woods, Darlington, S. C.

"DO WHAT YOU WILL, SAY WHAT YOU PLEASE," but if you want the best and most palatable Tonic and appetizer, take SUMTER BITTERS.

UNPRECEDENTED SUCCESS.

Within the past year, fifty thousand boxes of DR. TUTT'S VEGETABLE LIVER PILLS have been sold, and not a single instance is known where they have failed to give satisfaction. If you would enjoy life, have a fine appetite and robust health, use these pills.

It would scarcely be correct to affirm, that modern times do not produce as many speimens of physical hardihood and strength, as more remote and less civilized periods; although we have, perhaps, many more persons of feeble constitution. Owing to improvements in medical science, and modes of life, thousands are now reared (who would have sunk under the rigorous system of former years) by using the justly celebrated "Old Carolina Bitters."

Save your children from misery by using Wineman's Worm Candy!

OUR MANUFACTURING INTERESTS.

The manufacturers of the North have asked for and obtained the assistance of the National Government until they have become a burden to the people at large, and the tax paid by the United States for the support of these manufacturers is equal to all the other taxes put together. Let our manufacturers make goods of better quality, and at lower prices, than other manufacturers, and they can defy competition without Government help. This, at least, is the plan of Mr. P. P. Toale, of Charleston, S. C., the largest and most successful manufacturer of doors, sashes, blinds and mouldings in the Southern States.

The Great Family Medicine of the Age.

THIRTY YEARS

Have elapsed since the introduction of the Pain Killer to the public, and yet at the present time it is more popular and commands a larger sale than ever before. Its popularity is not confined to this country alone; all over the world its beneficial effects in curing the "ills that flesh is heir to," are acknowledged and appreciated, and as a PAIN KILLER its fame is limit ed to no country, sect nor race. It needs only to be known to be prized.

THIRTY YEARS is certainly a long enough time to prove the efficacy of any medicine, and that the PAIN KILLER is deserving of all its proprietors claim for it, is amply proved by the unparalelled popularity it has attained. It is a SURE and EFFECTIVE remedy. Sold by all Druggists. Price 25 cts., 50 cts., and $1 per bottle.

THE LIVING MACHINE.

Injure the main spring of a watch and every portion of the works become disordered. The human stomach is to the human system what that elastic piece of metal is to a chronometer. It influences the action of the other organs, and controls to a certain extent, the whole living machine.—The comparison may be carried further: for as the weakness or other imperfections of the main spring is indicated on the face of the time piece so also is the weakness or other disorder of the stomach betrayed by the face of the invalid. The complexion is sallow or faded, the eyes are deficient in lustre and intelligence, and there is a worn, anxious expression in the whole countenance which tells us plainly as written words could do, that the *great nourishing organ* whose office it is to minister to the wants of the body and to sustain and renew all its parts, is not performing its duty. It requires renovating and regulating, and to accomplish this end Hostetter's Stomach Bitters may be truely said to be *the one thing needful*. The broken main spring of a watch may be replaced by a new one, but the stomach can only be repaired and strengthened, and this is one of the objects of the famous vegetable restorative which for eighteen years has been waging a successful contest with dyspepsia in all climates. As a specific for indigestion it stands alone. When the resources of the pharmacopœia have been exhausted, without at best, doing more than mitigating the complaint, a course of this wholesome and palatable, yet powerful, stomachic effects a perfect and permanent cure. In all cases of dyspepsia the liver is more or less disordered, and upon the important gland, as well as upon the stomach and bowles, the Bitters act with singular distinctness regulating and reinvigorating every secretive and assimilating organ on which bodily and mental health depend.

BEAUTIFUL WOMEN.

All women know that it is beauty, rather than genius, which all generations of men have worshipped in the sex. Can it be wondered at, then, that so much of woman's time and attention should be directed to the means of developing and preserving that beauty! Women, know, too, that when men speak of the intellect of women, they speak critically, tamely, coolly; but when they come to speak of the charms of a beautiful women, their langnage and their eyes kindle with an enthusiasm which shows them to be profoundly, if not, indeed, ridiculously in earnest. It is part of the natural sagacity of women to perceive all this, and therefore employ every allowable art to become the goddess of that adoration. Preach to the contrary, as we may against the arts employed by women for enhancing their beauty, there still stands the eternal fact, that the world does not prefer the society of an ugly woman of genius to that of a beauty of less intellectual acquirements. The world has yet allowed no higher mission to women than to be beautiful, and it would seem that the ladies of of the present age are carrying this idea of the world to greater extremes than ever, for all women now to whom nature has denied the talsmanic power of beauty, supply the deficiency by the use of a most delightful toilet article, known as the "Bloom of Youth," which has been lately introduced into this country by GEORGE W. LAIRD, a delicate beautifier, which smooths out all indentations, furrows, scars, removing tan, freckles, and discolorations from the skin, leaving the complexion clear, brilliant, and beautiful the skin soft and smooth. With the assistance of this new American trick of a Lady's toilette, female beauty is destined to play a larger part in the admiration of men and the ambition of women than all the arts employed since her creation. Prof. C. F. Chandler, Chemist to the Metropolitan Board of Health, has recently prepared a chemical analysis of this delightful toilet preparation, and reported that the "Bloom of Youth," was harmless, containing nothing injurious to the health. Ladies need have no fear of using this invaluable toilet acquisition.
