Our monotonous sanctum was invaded, a few days ago, by a tempting array of cake and other refreshments, from the nuptial celebration of Mr. II, J. TUOMEY, definite notice of which was published in our last Issue. Whilst expressing appreciation of the courtesy, our kindest congratulations are extended to the newly married pair.

WORTH ATTENTION.

The notice in our advertising columns, to day, headed "A good chauce to make money," is worth the attention of those to whom it is addressed. The opportunity is no doubt a good one for some energetic and competent practical far-

This institution, located at Columbia. is under successful operation, adding materally to the commercial facilities of that city. With a view to facilitate the business of Sumter, our merchants, and other citizens, we learn, have subscribed to the Stock of the Company, with the view of locating a branch of it here. Our tommunity has long felt the need of a Banking Institution, and we therefore trust the present movement may porve successful.

ASHVILLE PRHALE COLLEGE. We are indebted to Rev. James S. Kennedy A. M., President, for copies of the Annual catalogue of the Ashville Female College, lovated in the salubrious and delightful town of Ashville, N. C. The Faculty of this excellent institution is fully organized and constitutes a corps of accomplished male and female professors and teachers, with eighty

eight students and pupils in attendance. The sessions are semi annual, commenc ing (Fall Term) Thursday, August 4. 1870, and (Winter and Spring Term) Thursday, December 29, 1870. Vacation in summer only, during June and July, with a recess in Winter from Christmas to New Year. The spring term and Collegiate year will end May 18, 1871.

DAVIDSON COLLEGE.

A correspondent of the Charleston News, of Thursday last, gives an interesting account of the Commencement Exercises of Davidson College, which took place on the 29th and 80th of

The attendance of visitors was very large, and the occasion, throughout, numerous friends and patrons of that excellent institution.

Our much beloved friend and fellowcitizen, Rev. DONALD McQUEEN, is noticed, by the correspondent alluded to, in this connexion, as follows:

"The exercises of the first day were opened with a sermon from the Rev.
Donald McQueen, of Sumter, S. C., before the "Williams's Inquiry Association" of the college. Mr. McQueen's reputation as a preacher is too well subhished to require a such as a preacher. attention of his audience in an admira. ble discourse on "Man's Agency in the Work of Redemption."

"GOD HELPS THOSE WHO HELP THEM-SELVES," therefore, ye afflicted ones, take SCHIER BITTERS and be cured of Dyspepsia. Indigestion and Hearthurn.

There is little sanction for levity in the treatment of disease. The sun, moon and stars are selemn ; the ocean and all inanimate nature are folemn; and man is " one of sorrows, and acquainted with grief." Yet science has ione much towards alleviating these ills, and the Old Carolina Bitters" will be found a perfect god send " to all who suffer the martyrdom of yspepsis.

In India, Africa and China where this dreadful disease is more or less preva lent, the Pain Killer is considered by the natives, as well as European residents in those climates, serre remedy; and while it is a most efficient remedy for pain, it is a perfectly safe medicine even in unskillful hands. "The weak eateth herbs," says St. Paul, so hat eighteen hundred years ago the value of medicinal plants was appreciated. In the Old Testament botanical remedies are repeatedly recommended, but in no passage of sacred history is man recommended to swallow calomel, or blue pill, or any other mineral preparation. The sick were directed to eat herbs to strengthen, them to purify them, to heal them, to restore them. In that day the art of making vegetable extracts was unknown. The herbal medicines were more PLANTERS' WAREHOUSE. infarlous.

It was reserved for a later age to unite the ious roots, barks, and plants, with an active stimulant, and thus secure their rapid diffusion through the debilitated or disordered system .-The crowning triumph of this effective mode of concentrating and applying the virtues of medicinal vegetables was achieved in the production of Hostetter's Stomach Bitters. Never before had highly satisfactory, and gratifying to the a perfectly pure alcoholic stimulant been combined with the expressed juices of the finest specifics of the vogetable kingdom. Never yet, hough eighteen years have elapsed since its introduction, has this great restorative been equalled. It is taken at all seasons, in all climes, as the most potent safeguard against epidemics as a protection against all unhealthy exhalations that produce debility on beget disease; as a remedy for intermittent and other melarious fevers; as an appetizer; as a sovereign ours for dyspepsia; as a general tonic and invigorant; as Preserves, a gentle, painless aperient ; as a blood depurent ; as a nervine; as a cure for bilious affections; as a harmless anodyne; and as the BRST DEFENCE established to require any commendation or BEALTH under unfavorable circumstances, on my part.
