

The Sumter Watchman.

WEDNESDAY, AUGUST 24, 1870.

W. Y. PAXTON - BUSINESS MANAGER.

All Transient Advertisements, and all Job Work must be paid for in cash. This will be observed without distinction. Subscriptions are also payable in advance.

Applications for Job Work will be made at the office, at Two, E. Flanagan. The Watchman books are in the keeping of W. Y. Paxton, who will receive for money due and attend to all matters connected with the Advertising or Subscription departments.

Our Advertising friends are requested to send in their favors not later than Monday.

A Mass Meeting of the citizens of Sumter, white and colored, will be held at Sumter on Wednesday next, August 31st.

Speeches will be delivered by Judge Carpenter, Rev. Jonas Bryd, Gen. Butler, Gen. Kershaw, and other distinguished speakers.

Information received from various parts of the Country indicate the presence of an unusual gathering on that day. Let all attend.

An interesting letter, by our esteemed correspondent C. H. M., written from Long Branch, came too late for insertion in our present issue.

Our Advertisers will see from our advertising columns that Mr. MARX E. COHEN, who is now a much esteemed citizen of Sumter, has become a special partner with Messrs. PATZ & STRUBBS.

We have been presented by Mr. A. WHITE, general Fire and Life Insurance Agent at this place, with a large and well executed map of the seat of war, between France and Prussia, issued by the Germania Fire Insurance Company of New York.

In this connection, we take occasion to say that we are pleased to learn from Mr. WHITE that the importance of insuring our property, and more especially our dwellings, is becoming more generally appreciated by our people.

ROGUERY, is rampant at Sumter. Saturday night last, the carpet was taken from the whole length of one of the aisles of the Methodist Church.

REFORM AT PROVIDENCE. A letter from a prominent citizen of Providence, informs us that arrangements have been made for a large meeting in the interests of the Union and Reform movement at that place, on Saturday next. The letter says that a great change has taken place in that section, and that the people are moving with spirit. Let other sections of the county move promptly.

FIRST NEW COTTON AT SUMTER. The first bale of new cotton was brought to Sumter on Monday last, by Mr. C. U. MYERS, son of our esteemed fellow citizen JOSHUA MYERS, of Providence. After spirited bidding, it was bought by Messrs. GREEN & WALSH at 22 cents. This is the third year that Mr. MYERS has brought the first bale of new cotton to market.

FREIGHT REDUCED. We beg to direct the attention of all interested to the reduced rates of freight to and from Charleston, as advertised by Mr. S. S. SOLOMONS, Superintendent of the North Eastern Rail Road, on another column. In order to reach these low rates, Mr. SOLOMONS carries the freight over his own Road at nominal figures. It brings down the expense to about a fair charge, were there but one road traversed, and renders the Charleston market accessible to our people.

THE OLD ENGINE MADE NEW. Through the contributions of our citizens, and the Superintendence of Mr. A. W. SUDER, a marked improvement has been wrought upon the machine owned by the Wide Awake Fire Engine Company of Sumter. This Company of our colored citizens deserves credit for the zeal and interest manifested, when fires have occurred, even with an almost worthless machine to handle. Now that it has been repaired—made to look like a new one, and to throw a stream over any of our Sumter steeples, we doubt not greater efficiency still will be brought to bear.

The parade on the 15th was in good order and creditable throughout. The officers of this Company are as follows: President—Butler Sparks. Vice President—S. J. Witherspoon. Treasurer—Arno Furman. Secretary—S. J. Paxton. Directors—1st, Wm. Mavrant; 2d, Richard Holms; 3rd, Isaac Wright; 4th, Jefferson Robertson.

NO PLEASURE SO CHEAP AS READING. PLEASURE NO LASTING AS HEALTH. SUFFER FROM NERVOUS AFFECTIONS, the great Southern Tonic and Appetizer.

The number of things considered remarkable any particular age or nation, gradually diminish with the lapse of time, so that few events that once commanded attention are now known or remembered. Such has been the fate of the "Old Carolina Bitters," the words of whose efficacy in the cure of "Nervous Debility" have become a heir-loom to the whole Southern race.

STRAWBERRY WATER-MELON.

Our kind friend, Rev. J. P. SMITH, of Lynchburg, sent us a few days ago, a "Strawberry Watermelon," which, he says, is of a higher grade than the "Bradford." The seed of this melon were brought by Mr. Smith from Kentucky. While inclined to differ with our friend as to its superiority over the "Bradford," we nevertheless accord it a high order of excellence—a charming melon, far superior to those commonly seen in this section.

He also sent us a peach—weighing eleven ounces! And a luscious peach it was. Thanks for the kind remembrance.

STATE SUNDAY SCHOOL CONVENTION.

We are indebted to Mr. J. N. ROBINSON, of Charleston, for a copy of the proceedings of the South Carolina State Sunday School Convention, held in Trinity Church, Charleston, on the 12th, 13th and 14th of May last. It embraces 126 pages, in handsome pamphlet form, from the press of Messrs. WALKER, EVANS & COGSWELL, of Charleston, and is a complete report of everything said and done during the entire session. Mr. ROBINSON has been at much pains to secure the publication of this important matter. It is now ready for delivery and all interested may procure copies on application to him, at Charleston.

TO BE AVOIDED.

When speakers on both sides alternate addresses to a mixed crowd, it tends to disorder. When one side is evidently getting the best of the argument, the other is tempted to quash proceedings with a riot. Hence the Scott rigor resorted to bricks at Chester, when they were getting the worst of the debate. Let each side hold its own meetings, and address the same people at different times. A mixed programme must lead to trouble and should be avoided. The Union Reform wants order and honesty. The Scottites evidently prefer the opposite.

FURNISH THE COLORED PEOPLE TRANSPORTATION.

A number of our farmers and planters have told us that they intend to give the day (Aug 31st) to the colored people, and furnish them transportation to the Mass Meeting at Sumter.

FATAL DUEL IN SAVANNAH.

The usual quiet of the city yesterday was seriously disturbed by the announcement that a duel had been fought in the vicinity of the city, at 7 o'clock a. m. between two well known gentlemen. It was not until a later hour, half past ten, that the affair was fully made known by the fact one of the principals, Mr. Ludlow Cohen, was brought to the city, and to his residence, wounded fatally in the encounter.

The principals to this fatal affair were Captain Richard F. Aiken, a gentleman well known in the community, and Mr. Ludlow Cohen, a merchant of the city, equally well known, and both of them highly esteemed and respected. We are unable to state the causes leading to this "code," except from universal report, which bases the difficulty upon a private quarrel between the two gentlemen named, which could not, it seems, be adjusted without a resort to the field.

The gage of the battle was thrown down by Mr. Aiken and readily accepted by Mr. Cohen. Between six and seven o'clock, Thursday evening, the parties accompanied by their respective seconds, a few friends, and two surgeons, proceeded to Dr. Reed's plantation, five miles from the city, on the Augusta road, and at six o'clock yesterday morning they repaired to the field selected for the fight.

The ground was staked off, the distance, twelve paces, measured, and the principals and seconds took their respective places. The latter loading and pleading into the hands of their principals the weapons, regular old style duelling pistols, smooth bore, the caliber being a three-fourth ounce ball. Each shot were fired, after each of which propositions were made and questions asked as to whether the parties were satisfied, to which the answer was given, "No!"

At the fifth shot, Mr. Cohen fired immediately at the word, his antagonist pulling the trigger immediately after, and as the event proved, fatally ending the quarrel, his antagonist receiving a

THE PAIN "KILLER"

AFTER THIRTY YEARS TRIAL, it has received the most unqualified testimonials to its virtues, from persons of the highest character and responsibility. Physicians of the first respectability, recommend it as a most efficient preparation for the extinction of pain. It is not only the best remedy ever known for Rheumatism, Gout, Gravel, Sciatica, or any sort of neuralgic complaint, it is a remedy unsurpassed for efficiency and rapidity of action. In the great cities of India, and other hot climates, it has become the Standard Medicine for all such complaints, as well as for dyspepsia, Liver Complaints, and other kindred disorders. For Coughs and Colds, Canker, Asthma, and Rheumatic difficulties, it has been proved by the most abundant and convincing testimony, to be an invaluable medicine. Sold by all Druggists. Price 25 cents, 50 cents, and \$1, per bottle.

SINKING SLOWLY.

Diseases that progress rapidly to a crisis are not the only ones to be dreaded. Canker or dry rot does not blast a tree as suddenly as a stroke of lightning, but unless arrested, it destroys it as certainly; and in like manner chronic debility although it does not kill with the swiftness of yellow fever, is as sure to sap the springs of life eventually as any acute disease, if not checked by invigorating medication. There is something inexpressibly touching in the spectacle of premature decay. Languor, pallor, emaciation, depression of spirits, and a distaste for exertion, are its ordinary symptoms, and they should be promptly met by tonic treatment. The best invigorant and exhilarant that can be administered in a case of this kind is Hostetter's Stomach Bitters. The stimulating principle of the preparation rouses the dormant energies of the system, and the strengthening and regulating properties give a permanent and healthful impulse to the vital forces brought into play. The falling appetite is re-awakened, the process of digestion and assimilation are quickened, the quality of the blood is improved, the secretions become more natural, and every organ that contributes to the nourishment of the body undergoes salutary change. By these means the repair of the physical structure is effected and its health and vigor restored. In no class of diseases has the beneficial operation of the Bitters been more marked and striking than in those characterized by general debility and nervous prostration. Ladies affected with these ailments find in this most wholesome of all tonics and corroboratives the safest and surest means of relief. It is strong to restore and powerless to injure. Such is the uniform testimony of clouds of witnesses."
