REPEAL OF THE INCOME TAX.

A demand for the abolition of the income tax came promptly into the Senate on the first day of its session. As a matter of fact, California leads the column, and Messrs. Cole and Casserly, with a firm and resolute opposition, have gone forward with his bill providing for the abolition of the tax.

THE SOUTH CAROLINA DEFECTION.

There will be found elsewhere republished in this issue a memorial now circulating throughout the State of South Carolina prior to its presentation to Congress. The petition sets forth the great injuries now almost daily inflicted on the people of the State, shows the futility of the present course of the Government, and from the fact of the resignation of the author of the wrongs complained of, and begs Congress to appoint a committee of its own members to inquire into the cause of the defection, and to report on the political condition of South Carolina, and to make such suggestions as may be deemed proper.

An Appeal to Congress—An Investigation Prayed for.

UNITED STATES OF AMERICA,
To the Honorable the Senate and House of Representatives of the United States of America:

The petition of the undersigned, citizens of the State of South Carolina, sheweth to Your Honorable bodies, that they frankly and without reservation demand that Congress should immediately investigate the reasons for the defection of the State of South Carolina from the Union, and should report thereon to the people of the United States.
