New Advertisements. No. 1012—Young & Hunter, Wholesale College.

The person that borrowed the ladder from the Episcopal Rectory will please return it at once.

W. L. Goforth, of the firm of Ormond and Goforth, contractors at Greenville last Sunday.

If the age for paying the poll tax was extended to 60 years, the number of voters now advertising a \$3 poll tax would be greatly reduced.

The democratic Executive Committee requests candidates for Supervisor of Registration and Jury Commissioner to announce themselves next week.

Elderly well-to-do gentlemen can afford to advocate a \$3 poll tax, but poor young men who earn their living by hard work can't afford to vote such a tax on themselves.

Don't be mistaken. Signing a Tillman or Conservative Club will not entitle you to vote. Your name must go on a regular democratic club list.

Messrs Green's Bros. of this town will give a Grand Excursion to Asheville on Monday, the 8th, and return the same day.

When you hear a man advocating a \$3 poll tax, in nine cases out of ten you will find on inquiry that either he is beyond the age to pay a poll tax, or he is one of those "big rich" fellows that got all his property by inheritance or in some other way without working for it.

As we promised, the meeting yesterday passed off as quietly as any meeting during the campaign.

There were from 1,000 to 2,000 present, and the speaking from 10 A. M. to 1 P. M., which was too late to prepare the proceedings for publication this week.

We would suggest that a pledge to vote for the nominees of the State and National tickets at the general election is very indefinite.

We would suggest that a pledge to vote for the nominees of the State and National tickets at the general election is very indefinite.

Our attention is respectfully called to an amendment of the rules this day adopted for the government of the primaries, viz: no person shall vote at any primary unless he has enrolled on a club list at least five days before said primary election.

Have you not noticed how suddenly the Tillman forces at the campaign meetings have become orderly since Governor Tillman's denunciation of his "howling down" programme was hurriedly abandoned?

The Sanitary Condition of the Town.

We received the following from a highly respectable citizen of the town, and publish it for the information of the public. We do not see where anything we might say would add to the force of the appeal for combined action on the part of the Town Council, the Board of Health and the citizens generally to purify the sanitary condition of the town and prevent the spread of sickness.

It is a matter that the people must cooperate with the authorities for the general and individual welfare of the community.

We have more cases of fever in town than for years before, but even in proportion to the number of inhabitants, nothing like so many or so serious cases as in towns and cities around us.

We would call the attention of the authorities to the offensive odors on Main street, from decaying watermelon rinds thrown around the watermelon wagons.

Such matters are a great breeder of sickness, and we call upon all parties not to allow it to remain to around their premises, if they value their own health or the health of the town.

Mr. Editor: While reading your paper this week I was struck with the question from one of your correspondents—"Oh, where is the board of health?"

The board of health was appointed by the present Town Council. The board have done their duty, and it is now in order for the citizens to see that the Council do their duty.

I have been informed that after a Town Council appoints a board of health, they are bound to act on the suggestions of that board, and failing to do so, they can be held responsible.

But meanwhile the fever is spreading, the doctors and the great majority of the people are visiting the courts, and we would ask "where are the citizens?"

Our esteemed young friend, Maj. E. P. McKisick, paid a short visit to our assembly last Monday. The Major's visit to Union was prompted by the sickness of his mother.

Our young friend C. B. Smith, formerly with Mr. E. P. Goe, but now with Floyd L. Lee, at Spartanburg, called on us Monday. We were glad to hear Charley is flourishing. Our best wishes attend you, Charley.

Mr. N. P. Dunbar is building a neat dwelling on South street between the residences of J. A. Fain and Mrs. McNally.

Mr. George Grier is now comfortably settled in his pretty new cottage next to the "Cathedral" house.

Mr. C. Bailey's large two-story iron front building, which makes a handsome appearance, when completed it will be the largest and most extensive store in the town.

Mr. Clifford is putting additions to the Clifford Seminary building, for the comfort and convenience of the pupils of the school.

Capt. A. H. Foster has put a windmill to his well, which acts as good as the most extensive city water works in forcing water to the house, kitchen and horse box.

The Rocky Creek colored base ball nine and Union colored nine played a match game here last Friday evening which resulted in a score of 49 to 1 in favor of the Union boys.

The Union boys went to Spartanburg Friday to play the "Spartan" professionals a game of ball. At 3 o'clock the game was called and the Union boys commenced the good work and shut Spartan entirely out of the first 6 innings.

After the nine innings was played the score was 28 to 1 in favor of Union. Townsend and Goss, the Union battery, struck the boys out as fast as they got to the bat.

In consequence of not receiving the proceedings of the convention of the Reform Wing of the Democratic Party in Union County until late, we can only publish the names of the delegates chosen and the resolutions adopted.

The delegates to the State nominating convention will be voted for 22 representatives of the Tillman faction.

The following delegates were elected: James M. Greer, W. H. Gault, J. K. Palmer, M. B. Lee, J. W. Gregory, J. O. Tate, J. S. Welch.

The following resolutions were adopted: Resolved, That this body resolve itself into a permanent organization for campaign purposes with the present President and Secretary (V. S. Bobo President; Dr. Geo. Douglas, Secretary) and that it be subject to the call of the President; that a campaign committee be appointed by the chair, consisting of one from each township, with J. W. Gregory as chairman.

Resolved, That all candidates seeking public office by the votes of the people in Union County shall express their views whether they are in favor of the Farmers Movement and the reelection of B. R. Tillman and the State Ticket, and will vote for the Tillman electors at the primary election, to be held on the 30th August, 1892.

Correspondence of the Union Times.

Listen to the Telephone. Jonesville, August 1.—The hot dry spell was broken last night by a gentle shower and today it is somewhat cooler with fair prospect of more rain.

The meeting at the Presbyterian church which commenced last Friday night, of today, Rev. N. J. Holmer, of Greenville, was here and preached four sermons.

Mr. Holmer is one of those magnetic divines who draw men to him wherever he goes. He is not a stricker or dogmatic doctrine, but says, give him a true christian, and as to the doctrine that is a small matter, a change of heart is worth more than all the doctrinal points in religion.

Such a meeting as we had here today is worth more to Jonesville than a dozen campaign meetings.

Mr. Brown, father of Mrs. J. H. Brant, who is visiting the family of Mr. Brant, went out to the Forest fishing last Friday and while sitting on the bank of the creek a large limb fell from a tree upon him and lacerated and wounded him so much that he had to be hauled home.

There has been a heavy mortality among the colored people of Jonesville the last week. Some of them, however, had been confined temporarily. Nine deaths occurred during the week.

Mr. J. L. McWhirter, wife of the late Dr. John McWhirter died at her home near Skull Shoals yesterday. She had been afflicted for a long time with dyspepsia.

Mrs. J. L. McWhirter with her brother and three sisters, has several suits in the U. S. Court of claims for land and other matters destroyed by the Federal Government during the late war.

Asbury News Notes.

Asbury, August 1.—After the endurance of several very hot days we were glad to get the refreshing showers which fell last night. They were beneficial to cotton and corn, and made the prospect for crops very bright.
