#### Correspondence of the Times.

**The News on the Ridge.**  
KELTOS, Feb. 20.—Mr. Editor:—I appear again this morning to tell the readers of the TIMES what little news I can think of.

Farmer truly said that the Wheel had been looked for some time. The bad weather that has prevailed for some time past has been enough to stop any vehicle that moved on wheels. Farmer's letter of last week was a good one, one that we would profit by if we would only follow his advice. Some person who, no doubt, was in the habit of letting their fingers stick to things that did not belong to them went to Mr. H. C. Little's seed house and carried away about 30 bushels of cotton seed without the owner's consent, and also about ten bushels belonging to Mr. J. H. R. Holcomb. Hereafter the farmer did not take the precaution to lock up their cotton seed, but now as seed has become so valuable they find it to their interest to make them secure from thieves.

Mr. B. B. G. lost two hams a few nights ago. Some one borrowed them without asking Mr. G. Going for their remedies and cures. Tally had the misfortune to lose a good mule last week by another mule killing it.

**PATRIOTIC APPEAL OF THE HAWAIIAN PRINCESS.**—London, Feb. 18.—The Princess Kaiulani sends the following address to the American people:

**To the American People:**  
Four years ago, at the request of Mr. Thurston, then a Hawaiian cabinet minister, I was sent away to England to be educated privately, and fitted for the position which, by the constitution of Hawaii, I was to inherit. For all these years I have patiently and in exile striven to fit myself for this year to my native country. I am told that Mr. Thurston is in Washington, asking you to take away my flag and my throne. No one tells me even this, officially. Have I done anything wrong, that this wrong should be done to me and my people? I am coming to Washington to plead for my throne, my nation and my flag. Will not the great American people help me? (Signed) KAIULANI.
