

**TALK WITH A BARNWELL MAN**

Mr. Jeffcoat, Blacksmith, of Main Street, Tells His Experience.

"There is nothing like a talk with one of our own citizens for giving help and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give him an interview with a Barnwell man. 'My back ached all the time and I could hardly stoop to pick up a ything,' says Mr. Jeffcoat. 'I had frequent headaches and dizzy spells and the kidney secretions were too frequent in passage, especially at night. I got Don's Kidney Pills at Dr. Mason's Drug Store and they relieved the pains and strengthened my back and kidneys.'"

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Don's Kidney Pills—the same that Mr. Jeffcoat had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

**Discharge Notice.**

Notice is hereby given that on Monday March 11th 1918, I will apply to John K. Snelling, Judge of Probate for Barnwell County, for letters of discharge as Executor of the estate of Martin Rupert Ashley. A. E. H. Ashley, Executor. Dated at Barnwell, S. C. this 12th day of February, A. D. 1918.

**NOTICE OF DISCHARGE**

Notice is hereby given that on Saturday the 16th day of February, 1918, we will file our final account with Hon. John K. Snelling, Judge of Probate for Barnwell County, as Executors of the will of Theodore F. Hall, deceased, and petition the said Court for an order of discharge as such executors. J. B. Brum, W. F. Sasse, Executors of the Will of Theodore F. Hall, deceased. Jan. 24, 1918.

**PROBATE COURT SALE**

State of South Carolina, County of Barnwell. IN THE PROBATE COURT. Ellen H. Wise, as Administratrix of the Estate of S. Alphonso Wise, deceased, Plaintiff vs. Leo Hummel Wise, Joseph Linsford Wise, and Marie Catherine Wise, and Q. A. Kennedy and Jno. P. L. S. Sr., Defendants. By virtue of a decretal order made in the Probate Court in the above entitled cause, I will sell at Barnwell in front of the Court House on March 4th, 1918, at being six o'clock in the said month, within the legal hours of sale the following described real property: A house and lot in the town of Williston, South Carolina, bounded on the North by Church Street; on the East by lands of Miss Marie Tierney; on the South by lands of G. W. Greene, Jr., and on the West by lands formerly of Graham. Also All that certain piece, parcel or tract of land near Williston, S. C., containing twenty-four acres, more or less bounded on the North by lands of W. C. Smith; on the East by lands of Guy Fender and the Public Road; on the South by lands of Guy Fender, and on the West by lands formerly of Graham. Also A lot and house thereon, situate in Williston, S. C., and County, bounded on the North by lands of A. M. Kennedy; on the East by a lot belonging to the said town of Williston; on the South by lands of W. E. Prothro, and on the West by Mill street. Also All that tract or parcel of land and the improvements thereon, about two (2) miles South-west of Williston, in Barnwell county, containing one hundred and fifty-six (156) acres, more or less bounded on the North by Estate of Henry Lord and Lands of E. C. Smith and waters of Ashley Mill creek, separating from lands of Q. A. Kennedy; south by lands of W. E. Prothro and J. C. Kitching; West by lands of M. C. Kitching and Public Road to the Williston C. M. R. Co.'s water mill. Also A lot that tract in Blakesville Township, in said State and County, containing One Hundred and Eighty (180) acres, more or less bounded North by lands of S. N. Hinkson; East by lands of Mr. J. P. Boyles; South by lands of J. Ray; West by lands of estate of Mrs. E. J. Hinkson. Terms of sale—Cash. Purchaser to pay for papers. JOHN K. SNELLING, Judge of Probate. Probate Court, filed Feb. 12th 1918.

**Would you mix your cattle-feed with cotton?**

YOU know that such a combination would be carried through the digestive tract without giving the milk-producing and fat-producing food a chance to be assimilated. The lint on old style hulls acts the same way. It forms a pad or cushion-like covering around the concentrates that prevents the digestive juices from extracting the full amount of protein.

contain no lint to clog or flux the digestive tract. They are digested and they allow the other forage to be digested the same as hay or any other roughage. When you mix your feed with Buckeye Hulls you know that you are using roughage that will help—not hinder—the meal, corn, oats, or whatever concentrate you prefer.

**Other Advantages**

- 2000 pounds of real roughage to the ton—not 1500.
- Cost much less per ton.
- Go much farther.
- No trash or dust.
- Easy to handle because sacked.
- They mix well with other forage.
- They take less space in the barn.

Mr. C. K. Henderson, Aiken, S. C., says: that he would rather have Buckeye Hulls than any others. He uses Buckeye Hulls altogether—says they are cheaper and better.

To secure the best results and to develop the ensilage odor, wet the hulls thoroughly twelve hours before feeding. It is easy to do this by wetting them down night and morning for the next feeding. If at any time this cannot be done, wet down at least thirty minutes. If you prefer to feed the hulls dry, use only half as much by bulk as of old style hulls.

**Book of Mixed Feeds Free**

Gives the right formula for every combination of feeds used in the South. Tells how much to feed for maintenance, for milk, for fattening, for work. Describes Buckeye Hulls and gives directions for using them properly. Send for your copy to the nearest mill.
