Fine Segars.

Mr. John D. McCarley claims to have the finest segars in town. Mack will accept our thanks for a sample of the same.

Court.

The Court was engaged Thursday morning in the trial of Essex McGriff, colored, indicted for perjury. After an absence of nine or ten hours, the jury returned a verdict of "guilty."

Renominated.

A. S. Wallace was renominated for Congress from this (the 4th) Congressional District by the Convention of Republicans which met in Columbia last Wednesday. Comment is unnecessary.

Rebuilding of Mt. Zion College.

We are glad to learn that at last the rebuilding of the Mt. Zion College edifice has begun. It was burned in May, 1867, and since that time the exercises of the school have been conducted in some out houses.

Sentences.

The following are the sentences of Judge Thomas upon the prisoners convicted at this term of the Court:

Lee Brown, Bigamy—five years in penitentiary at hard labor.

Sam Douglass, Larceny—one year in penitentiary at hard labor.

Essex McGriff, Perjury—two years in penitentiary at hard labor.

Religious Services.

Methodist Episcopal Church, Rev. J. S. Connor, 10 1/2 A. M.

Episcopal Church, Rev. Wm. H. Campbell, 11 A. M. and 5 P. M.

The Band.

The citizens band recently organized in town is making very rapid progress, and bids fair to be one of the best in the State. They have been in possession of their instruments about two weeks, some of the members not even that long, and they can already render one piece very creditably. This new enterprise is calculated to add much to the community in the shape of pleasure and entertainment, and should be fostered and encouraged in a substantial way by our citizens.—It is composed of some of the best and worthiest young men in town, most of them merchants, whose characters for energy and go-a-head-itiveness furnish sufficient guaranty that their musical undertaking will not fail.

Novel Case.

A suit for divorce was brought up in Court the first part of this week.—The parties to the suit were both colored. Under existing law divorce can be granted in this State for two causes only, adultery, and wilful abandonment for the space of two years. The question of abandonment was the issue in the suit referred to. Upon being submitted to the jury, it was decided in favor of the defendant, (the wife,) and the application in consequence refused. This is the first instance of a case of this nature ever being placed in charge of a jury in this County, and we hope it will be the last. We believe that the Biblical law should always prevail, that

"whom God joineth together, let no man put asunder."

Orumbs.

It is said that the tincture of lobelia, applied to the place where a bee has stung a person, will afford relief.

Almost Strangled.

A St. Louis paper says that a man named Henry Neeley went down in a well on Saturday night at Bissell's Point, for the purpose of recovering a hat which had been dropped in. In a short time he gave a signal of distress, which told those above him that he was being overcome with foul air. There was but little time for deliberation. A rope was hastily procured by the bystanders, one end of which was formed into a noose and let down to the sufferer. After angling a moment the man in the well gave the rope a jerk, and the men other end commenced pulling it up. When about half way out they discovered that the noose had fallen over the man's head, and that he was dangling by the neck. Horrified at the discovery, they wisely concluded that death by strangulation was no worse than death by suffocation, and so they continued to pull away until they landed Neeley on terra firma in an unconscious state. By the application of proper restoratives he was resuscitated and is now doing well.

"Come here and tell me what are the four seasons?" Young prodigy, answers "Pepper, mustard, salt and vinegar; them's what mother seasons with."

A California journal predicts that not many years will elapse before that State will become one of the coffee growing countries of the world.

Ben Butler says if Greeley is elected "all that was gained by the war will be lost." Butler is evidently getting uneasy about his spoons.

It is a mark of the unsuccessful man, that he invariably locks his stable door when the horse has been stolen. This sort of wisdom never thinks about bodily health until it is gone. But just as much as any disease has become seated, the power of the system to resist and throw it off is weakened; hence time is all important.—For dyspepsia, all diseases of the liver, stomach, skin and kidneys, and all that begin in vitiated blood, do not wait until the trouble is confirmed, but attack it by a timely use of Dr. WALKER'S CALIFORNIA VINEGAR BITTERS.
