A NEW LITERARY & POLITICAL JOURNAL

TO BE PUBLISHED AT COLUMBIA, S. C. TITLE undersigned, late editor of the South Caro Liaian and Columbie Banner, proposes to publish in the city of Columbia, a Literary, Political and

News Journal, to be called THE EXAMINEE.

In making this announcement, I am aware that I propose to engage in an enterprise not free from dif- Land, in York District, in the neighborhood of W. ficulties; but there I will enhager to provide P. McFadden, contains about against, by securing a Sale cription List that will place the paper beyon't the reach of Labure. South Carolina can richly support, at her capital, a leading Literary and Political Weekly Journal, and to her people I now issue this Prospectus, feeling assured the enterprise will be sustained, and that they will support a Home Journal of the character of that production of cotton cannot be excelled in the Disnow proposed. As a

LITERARY JOURNAL.

For the home circle, The Examiner will be conducted with a view to render it at least equal to any ever published at the South. The choicest selections of English and American Literature will be made for its columns and a number of able Contributors will be seenred. I will endeavor, in this department, to make it a Journal worthy of the patronage and steady support of the people of this State and of the

POLITICAL JOURNAL,

The Examiner will abide by the old land-marks of the State Rights Democracy. Independent of national parties, it will take a stand as a faithful co-operator in the great work of maintaining Southern Rights and promoting Southern union. It will be the organ of no political party-the exponent of no political creed, which has not for one of its cardinal principles "the Equality of the South in the Union, or Independence out of it." This is no new faith, but one which South Carolina has long and earnestly contended for.

NEWS JOURNAL.

The Examiner will contain the Latest News, Foreign and Domestic, received up to the hour of publication. It will give full and correct Market Reports and Prices Current Our readers in the country may rely on strict attention being paid to this important feature of a newspaper. It will give full and accurate reports of the Proceedings of the Legislature and Congress, and the acts and doings of the various political organizations. All news worth giving to its readers will be carefully culled for its col-

SIZE AND STYLE.

The Exeminer will be one of the largest Weekly Journals in the Southern States, printed with new I have thus given an outline of the principal features of the Examiner. Carolinans or the people of the South ought to need no further appeal, in view of the present aspect of political affairs, to induce them to sustain with vigor and efficiency their own Press and Literature.

TERMS.

Two Dollars per annum, payable in advance .ceipt of the first number of the paper, which will be issued as soon as I receive a sufficient number of subscribers to ensure its success. Send forward £-7 Postmasters who will be so kind as to for-
