The Scholastic year is divided into two sessions, of five months each .-There will be a Public Examination at the close of each term. The experience of Mr. PANKEY, as a Teacher, especially in preparing Students for College, is too well known in the vicinity of his former teaching, to need comment. To others who may feel a personal interest, we can only say, having fully satisfied ourselves that he possesses all the requisites of a good, able and efficient teacher; and deeply impres-sed with the ruinous effects of a frequent change of teachers, we have secured his services for the next five years. We therefore, take pleasure in presenting him to the public, believing it will be the interest of those who have to board, to send their sons One wagon and two mules, levied on as the prop- and wards here. We cannot refrain from adding, that this will not be a school suited to indolent Students, as good order and progress will be rigorously

required. This Institution is situated in one of the healthiest portions of the State, eight miles South-East of Yorkville, in a retired part of the District, remote from any temptations of dissipation &c.; in an intelligent neighborhood, and one remarkable for the good morals of its citizens.
