

New York, June 17.—The imports the past week exceed the exports \$7,000,000, of which amount 4,000,000 were of sugar, tea and coffee. The excitement in the gold room has been intense for several days past. Four or five of the heaviest stock speculators have lost fortunes in that time by throwing their money and influence against the rise.

A London letter to a banking firm in this city says the specie arrivals are an immense thing for American credit. The amount sent from America is everywhere admitted to have saved a general bankruptcy in England. The letters to other banking houses in this city are much to the same effect.

Three deaths from cholera occurred on Sunday in New York, and there is much alarm, under the apprehension that the disease is spreading. A man died in Baltimore the same day from cholera.

The Columbia Carolinian has ceased its visits to this office. What is the matter? Our esteemed cotemporary, the Augusta Constitutional, is likewise missing.

Gen. Lewis Cass died on Sunday morning last at Detroit, Michigan, aged eighty-three years.
