On the arrival of Governor Hampton in Anderson on Tuesday night, a large concourse of people assembled at the depot to welcome him. The Palmetto Band, Captain Allen's Company, a procession of col-ored men bearing torches and about two thousand citizens escorted him to the public square. The houses were brilliantly illumineted, and upon the square the darkness was completely dissipated by the thousands of bright lights which glittered in the windows of all the buildings from basement to attic. The scene was a most brilliant and cheering one, fitly representing the hearty spirit with which the Governor's visit to Anderson was welcomed by all of our citizens, and, to add to the significance of the compliment, every window and plazza upon the square, which could be ocupled, was filled with the fair daughters of the town, who had assembled to witness the triumphal reception accorded the people's hero in the person of Governor Hampton. Upon the public square the procession was halted, and the Governor was compelled to ascend the Court House steps in esponse to the hearty calls of the people for the purpose of making a speech. He was introduced in an appropriate speech of welcome by Gen. W. W. Humphreys, and, in response, thanked the people of Anderson for the hearty welcome extended him, and said that ascending the Court House steps brought to his mind the fact that he had made his first speech after the surrender in that building to a meeting of the citizens of Anderson. He was on his way to the lisastrous end o. the war, and was stopped at this point to speak to the people of Anderson. Although depressed in spirits, he was not then without hope, and had predicted a bright and prosperous future for South Carolina. For the long dark years which followed that period, it seemed that his hopes for the future were not to be realized. He, however, had confidence in the future, and knew that the people of South Carolina would rise superior to their foes and regain the proud eminence their patriotism and their honor deserve for them. The day of deliverance has come. Our goverument is restored to our people, and if they are wise it will not depart from their control. He regretted that he could not say more on this occasion, but as he had spoken frequently along the line during the day, and was to address the people of Anson on the morrow, he excused himself and hid them good night.

General E. W. Moise was next called for, and introduced by Gen. Humphreys. He expressed pleasure at meeting the people of Anderson, whom he had wished to meet during the late political canvass. He also paid a high tribute to Governor Hampton, and made an eloquent and pointed speech of about fifteen minutes, which was well received and heartily cheered. The Governor and General Moise were

then driven as the guests of General Humpheys to his residence. During the whole of these proceedings

Captain Smith's Artillery was firing salutes to the Governor, and the most unbounded enthusiasm prevailed. The reception was brilliant affair, a complete success, and a ment harbinger of the grand day which followed

DEATH OF COL. B. S. HILL,

We regret to announce the death of Col. Richard S. Hill. which occurred at his resi dence in this town on last Sunday after a long and painful illness. His death, though long looked-for, brings sorrow and grief to many households in Anderson County. Col. Hill was a genial gentlemen, affable ered around him many friends wherever he went. He was born on the 16th of December, 1822, near Andersonville in this County. In early life his father removed to near Craft's Ferry, where he remained until his first mayrings, when he removed to Montevideo, Hart County, Ga., and lived there until after the late war, when he removed to Anderson, & C., where he has since resided. He received his principal education in the town of Anderson from the late Wesley Leverett. Among his classmates and students were Ex-Governor Brown of Georgia and the late Hon. James L. Orr. He was a member of the Georgia Convention, and advocated the ordinance of secession. At the commencement of the war he was appointed aid-de-camp to the Governor, and rendered valuable services to Gov. Brown in the organization of the militia of the State. He entered the active service in opposing Gen. Sherman's march through the State, and was engaged in many battles. He became a member of the Methodist Church in early live and continued so until his death.

The funeral services were performed by Reys. H. F. Chrietzberg and D. E. Frierson at Roberts' Church on Monday morning, after which the solemn burial service of the Masonic fraternity was performed, and the remains of the deceased interred in that Church yard, which contains the tombs of a large number of his family who have died number of years one of the leading ministers before him.

WIND AND FIRE. Last Sunday was the most boisterous day that we have experienced this year. The wind came from the northwest, blowing almost a perfec hurricane until a late hour at night. The day previous was its complete antipode, mild and bland, so that numbers of persons throughout this and upper to the authorities on Wednesday the 20th nties had been engaged in burning off brush, sedge fields and log piles, and the ens upon a writ of habeas corpus, which was heard of Sunday came upon them so suddeply and so fiercely that it picked up the broadcast over the adjacent woods, setting fire in numerous places to the leaves and Court for this County. Maj. John B. brush, which were as dry as tinder. These flames spread rapidly, and burned furiously, causing great consternation, danger and anxiety. An immense amount of forest land was burnt over, and thousands of panels of fencing destroyed. Several houses were threatened by the devouring element, and only saved by the most determined and persistent efforts. Up to this time we have heard of no dwelling house nor private building which has been destroyed, but New Prospect Church, five or six miles west of this place was laid in ashes, even the grave yard fencing being destroyed. The citizens of the surrounding country were many of them off at church, and the few who were at home found it all they could possibly do to save their own dwellings. The wildest rumors prevailed on Sunday. All portions of the County, however, have been heard from except the Saluda side, from which conflicting and uncertain rumors are still received.

The dedication of the Eaptist Church at Townville on last Sunday was performed in the presence of a very large congregation. Rev. W. H. Strickland preached a very able dedicatory sermon, and all of the services were solemn and interesting.

We have been asked to request a neeling of all the commissioned officers of the Western Cavalry Division of Anderson County to assemble in the Courthouse on next Monday, Saleday, at 12 o'clock. for the purpose of consulting about things connected with

A heavy hail-storm passed over Anderson to-day at half-past twelve o'clock, coming from a westerly direction. The hail was upon an average not quite as large as a partridge egg, but it lasted as long, and there was as much of it, as we ever saw. It did not do any serious damage, however, except perhaps to a few early vegetables.

The Greenville companies evinced the most thorough training and discipline in their drill on last Wednesday. Both were as near perfect in their execution of the various parts of the infantry tactics as companies generally get to be, and their uniforms presented a very handsome appearance. They are well officered, and the verdict of the people of Anderson is, that they are a very handsome set of gentlemen.

Capt. Allen's Company favored the citizens of Anderson with a dress parade on last Friday afternoon upon the public square. They presented a fine appearance n uniform, and showed great proficiency in drilling for the experience they have had. Our young men should take more interest in this Company, and seek to increase its numbers, and make it the equal of any Company in the State.

On Tuesday night as Governor Hampton was passing Belton on the train, salutes were fired, and in the absence of cannon anvils were used for that purpose, and after being shot several times, one of them burst and the pieces flew in every direction, one some two hundred yards off in the back. At first it was feared the accident would prove fatal, but we are glad to learn that the wounded man is improving.

The kitchen of Capt. M. B. Williams, who resides near Piercetown, in this County, was consumed by fire on last Sunday night, and most of its contents destroyed. The burning was supposed to be the work of an incendiary, as persons were heard moving about the place a short time before the fire was discovered. The perpetrator of this outrage ought to be ferreted out. It would be a good instance in which to apply the new law of hanging for arson.

The order preserved throughout the day in Anderson on Wednesday cannot be too highly commended. There was very little drinking, no boisterous conduct and no loud swearing. Not a single arrest was made during the whole day by the town police force. The people of Anderson County did themselves honor in their great political and military demonstration, but their highest honor consisted in the excellent behavior they observed throughout the

> The entertainment in the Masonic Hall on last Wednesday evening by the "Thespian Corps" was quite a success, and was enjoyed by a great many of our citizens. The music was very fine, and the drama-"The Last Loaf"-was rendered in a manner highly creditable to al! the parties interested, each of whom evinced no little talent for acting. It is the general opinion that it was the best caste and acted piece ever given to the public of Anderson by amateurs. The net proceeds of the entercainment amount to about \$90, which will be presented to the Anderson Palmetto

A literary club was organized last week, under the name of the Anderson Literary Club. The officers elected were-Col. E. M. Rucker President, Capt. John W. Daniels Vice-President, Mr. R. A. The meetings will be public and the citizens are invited to attend-the ladies especially. One of the most pleasant portions of Wednesday's proceedings was the visit of the Greenville Guards and the Futler Guards from Greenville. The gentlemen of these companies came over to contribute to our meeting and pay their respects to the Governor, without any expectation of even receiving entertainment here during their stay. Their courteous conduct and gentlemanly course has made our citizens entertain the highest respect and most kindly feelings towards them. We regret that the circumstances connected with the succession of the political meeting upon the review prevented our people from showing their appreciation of the conduct of the Greenville Companies. The memory of the friendly bearing of these companies will always be cherished by the military of Anderson, and we hope we may have a visit from these companies on some occasion when we can pay them the attention they

Baptist Church in Anderson and ran away, breaking the tongue of the buggy. They then began kicking, and struck his mother, Mrs. Martha Watson, upon the chin, inflicting a painful wound, and striking her youngest child, little D. M. Watson, upon the cheek, breaking his cheek bone and ferred, upper jaw bone, and mashing his face terribly. Physicians were immediately summoned and cared for the wound. Several large pieces of bone were removed, and everything done for the relief of the little sufferer which was possible. The strange part of the accident is that Mr. J. Belton Watson and wife, who were upon the front sest, remained unburt, and his mother and brother, who were upon the back seat, were both kicked. The little boy's wounds were at first considered fatal, but we learn that it is now thought he will recover, although his face is terribly swollen and congested. We hope his recovery may be more complete and more rapid than is now expected.

FENCE LAW NOTICE. There seems to be some misunderstanding in regard to the time the new fence law went into operation, and, therefore, the County Commissioners again give notice that the whole County is included under the late Act, and the law went into operation on the day of its approval.

O. H. P. FANT. J. C. GANTT, SAMUEL BROWNE,

County Commissioners. March 28, 1878.

WILLIAMSTON, March 18, 1878. Mr. EDITOR: I notice in your issue of recent date a communication over the signature of "B. Ware," in reference to the misdoings of the Town Council of William-We do not wish, by any means, to enter into a controversy with this noted correspondent, but only wish to call the attention of the citizens to a few sad mistakes which he has, unthoughtedly we suppose, made in his lengthy missive. The gentleman has explained and expounded the charter of Williamston in a very decided manner. He says: "The charter says explicitly that an ad valorum tax shall be levied on all property." It doesn't say any levied on all property." It doesn't say any such thing. It says: "A tax of 30 cents on the 100 dollars worth, or less, may be levied on real estate, at the discretion of the Council, provided it is assessed properly; and the Council shall also have power to tax necrenardise, carriages, dogs," &c. In the next place he says: "The Council have exempted themselves from taxation." This is a worse mistake, if possible, than the other. I being Clerk of the Council myself at the time of the assessment, and also of the collection of taxes, positively say that those of the Council who owned real estate were among the first to come forward and pay their taxes. There are many other mistakes (I will call them) which I could mention, if necessary, but will leave them for another time. And now a little advice to Mr. or Miss "B. Ware," or whoever that persenage may be:

personage may be: Dear friend, the next time you undertake to "go for" a Town Council, be sure and read the charter carefully, and get permis-sion and raise the lid of the coffers, and be sure who has and who has not paid their Respectfully, T. B. CRYMES.

An Astonishing Fact.

An Astonishing Fact.

A. Proportion of the American people are co-day dying from the effects of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of Druggists and your friends, and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues, with satisfactory results in every case. You with satisfactory results in every case. You can buy a sample bottled for 10 cents to try. Three doses will relieve the worst case.— Positively sold by all Druggists on the Wes-

Ahead where they loan you a dollar and chalk it down till to-morrow, for a bottle of MERRELL'S HEPATINE for the Liver. The merketh's herathic for the liver. In enormous expense of importing the ingredients of this great liver medicine into this country, is why our Druggists, Simpson, Reid & Co., sell but one sample bottle to the same person for ten cents; but as there are lifty doses in the large size bottles, it is cheap enough after all at two cents per dose, for a pedicine that has never been known to enough after all at two cents per dose, for a medicine that has never been known to fail in the cure of dyspepsia and all discases of the liver. It has never failed in the cure of liver complaint when taken as directed, no matter of how long standing the discase. It cures Chills and Fever, Constipation of the Bowels, Dyspepsia and Liver Complaint. Sample bottles ten cents; regular size, fifty

As this is the only visit which they will likely make to these places, the opportunity here offered for seeing and consulting them without a visit to the Institute, should not be neglected. These visits are designed for the accommodation and benefit of our old patients and all such new ones as desire freatment of the Institute, yet are unable to afford the expense and time involved in a journey to Atlanta. They will come fully prepared to treat all cases of Club Fer, Spinal Disease, Hip Disease, Diseases of the Joints, Chronic Diseases, Female Diseases, Diseases of the Eye and Ear, Paralysis, Piles, Fistula, Calarth, and Private Diseases which are curable or can be benefitted. No case will be taken under treatment unless with a fair prospect of recovery. All the afflicted are invited. For further particulars and circulars, address National Surgical Institute, Atlanta, Ga.
