## Circulation nearly 1900.

The County Fair is just seven weeks off, but it is not too early for those who contemplate contributing to its interest and success to be making their preparations. The Fair will be the only thing of importance in this County this fall, and everybody should go to work with the determination to make it to work with the determination to make it a grand success. Let us have a grand exhi-bition of all the industries and resources of the County in October.

#### Mammoth Vegetables.

Mammoth Vegetables.

Mr. S. P. Kinard, of Williamston, is reported as having some curiosities in the vegetable line, which we hope he will bring to the Fair in October. He has a squash half the size of a flour barrel, cucumbers from 18 to 24 inches long and from 10 to 12 inches in circumference, tomatoes as large as your fist and vegetable snakes, four or five feet in length, that are wonders to all who see them. Mr. Kinard takes great pride in his garden, and nearly all of the seeds from which his vegetables are grown were imported.

#### Change of Schedule.

Change of Schedule.

The schedule on the Greenville & Columbia Railroad has been changed so as to leave Anderson at twenty minutes past seven in the morning going down and at thirty-two minutes past seven in the vening going up. Under this schedule the time from Greenville to Columbia is shortened about one hour, and in this respect the change is a good one. The hours for the up-country, however, are very inconvenient. Although the time has been shortened, the trains come earlier in the morning and later at night, which is both inconvenient as to mails and troublesome to travelers. We are sorry that the authorities have not at least let our hours up this way alone.

#### Let the Result Settle All Differences.

Let the Result Settle All Differences.

The vote upon the question of subscribing to the Savannah Valley Railroad has passed off, and a very general good feeling exists. The little animosities which seemed to arise in the discussion have been forgotten, and no further contests or opposition is expected. This is as it should be, for so far as we have any knowledge of the differences on this subject, they were honest differences on this subject, they were honest differences of opinion which men had the right to indulge and express, and which should not be remembered or spoken of after the question is settled. There is no occasion to allow any unpleasantness to remain from the vote, and those who were successful at least should not indulge in boasting or threats. With very few exceptions the discussion of the subject has ceased, and the sooner it is entirely dropped by all parties the better it will be. The vote on the subscription, in our opinion, settles the question, and the work on the Road will be begun as soon as the taxes are collected in 1880. The work will be pushed forward rapidly, and Anderson will have connection with the sea coast by two competing lines within a few years.

The Savannah Valley Railroad in Court. The opponents of the Savannah Valley Railroad in Magnolia township, in Abbeville County, have appealed from the action of the County Commissioners, in declaring the vote for subscription carried in that township. Messrs. Graydon and Calhoun, of the Abbeville bar, represent the appellants, and Messrs. Murray and Murray, of Anderson, represent the corporators of the Railroad. On lest Thursday, at Abbeville lants, and Messis. Murray and Murray, of Anderson, represent the corporators of the Railroad. On last Thursday, at Abbeville, before Judge Pressley, a motion was made to docket the appeal for trial. Mr. E. B. Murray resisted the motion to docket, and moved to dismiss the appeal on the ground that the County Commissioners have no ju-dicial powers under the charter, because no appeal lies to the Circuit Court from the County Commissioners, acting as election commissioners, and because the act charterappeal lies to the Circuit Court from the County Commissioners, acting as election commissioners, and because the act chartering the road gives no right of appeal. The Judge heard the argument and took the papers. His decision has not yet been filed. If he should decide to dismiss the appeal, it will end the case. Should he allow it to be docketed, it will then be tried upon its merits, and the election will undoubtedly be sustained.

#### Action of the County Commissioners on the Railroad Election Beturns. At a meeting of the Board of County ommissioners on the 8th instant, official

Commissioners on the 8th instant, official returns of the managers of the election held on the 3rd instant, on the question of subscribing to the capital stock of the Savannah Valley Railroad in the townships of Hall, Savannah, Varennes, Centreville and Dark Corner, were received, from which it was ascertained that the majority of the votes cast in said election was in favor of said townships making subscriptions to the capital stock of the said Railroad Company tal stock of the said Railroad Company, whereupon the following resolution was

leed, by the Board of County Com "Resolved, by the Board of County Commissioners, acting as the corporate agents of the said townships under and in pursuance of the Act of the General Assembly chartering the said Railroad, approved March 12, 1878, and Acts amendatory, approved 24th December, 1878, That the Chairman, R. S. Bailey, subscribe for each of said townships the amount fixed for each, set forth in their petitions, by a resolution adopted by this Board on the 22d day of July, 1879, to wit: Hall township, \$3,500; Varenne', \$5,500; Corner, \$3,700; Savannah, \$3,850, and Centreville, \$5,700."

#### A Serious Accident.

Quite a serious accident happened on Tuesday, the 2nd inst., at Cooley's Bridge to Mr. Lewis Abercrombie and wife, Mrs. Hannah Bolt and her daughter, Mrs. Hellams, all of whom live a few miles west of Anderson, and who were on their way to Laurens County to attend the funeral services of Mr. Abercrombie's mother, who died on the day previous. The party were driving two mules to a buggy, and these animals becoming frightened at the bridge ran away and smashed the buggy up against a tree, throwing all of the occupants out and injuring all of them badly. Mr. Abercrombie was badly hurt on the hip and his wife had two ribs broken. Mrs. Bolt received the most serious injury, having her wrist and jaw-bone broken by her fall, and Mrs. Hellams was cut in the face and otherwise bruised. The wounded party were carried to the residence of Mr. John Chapman near, where every kindness and attention was shown them by the household and the neighborhood, for which they express the most appreciative thanks. Dr. Wm. Stokes was summoned and gave attention to the wounds, some of which were dangerous, and all of which were very painful. At last accounts the party were improving as rapidly as possible under the circumstances, and will, we hope, soon be entirely over their injuries. over their injuries,

## No Appeal from Judge Mackey's Decree The following are the proceedings of the County Commissioners in reference to the recent decision of Judge Mackey on the great Rocky River drainage case, the full text of which we published on the 28th of August. BRIEF MENTION.

See change in the land advertisement of Mr. J. D. Allen. Mr. C. C. Langston has gone to Atlanta The first load of mountain apples arrived in Monday from Rabun County, Ga.

Quite a number of our citizens went to Atlanta on Monday. It was a free ride, Rev. J. S. Murray will preach in the Baptist Church on next Sunday morning. Mr. J. F. Anderson, of Greenwood, was on a visit to relatives in this County last week.

Mr. Wm. Rogers, a good citizen residing about two miles from Williamston, died the latter part of last week, after an illness of several weeks with typhoid fever.

A 11-year-old daughter of Mr. Joseph Martin fell last Monday afternoon while playing with a little brother and dislocated and fractured her left arm at the elbow. Our merchants are determined that An

Capt. W. S. Sharpe and family returned home on Thursday last after a visit of sev-eral weeks to the Warm Springs in Arkan-sas and to relatives in Mississippi. We are pleased to state that he is much improved in health.

Rev. J. L. Brownlee, a promising young Presbyterian minister of Due West, and who has been supplying Midway and Wil-liamston Presbyterian Churches for the past twelve months, has gone to Princeton Col-lege, New Jersey, to finish his education.

Lieut. John O'Donnell, while riding out on Sunday morning with two little daughters of Mr. E. E. Keese, was accidentally thrown from his buggy and badly bruised about the face and arms. The little girls were not thrown out, and consequently were not hurt.

From all accounts the colored camp meet-ing in the upper edge of this County on last Sunday was a huge affair. Several thousand persons were present, many of them white, and the singing was distinctly heard five miles away. Be it said to their credit, everything passed off orderly.

Nearly all of our merchants have returned home, and are now busy opening and arranging their goods for the fall trade. In anticipation of a large trade this fall they have bought large and complete stocks of goods, embracing everything usually kept by our merchants, which will be sold at the largest results in the proper processible living price. west possible living price.

This was a good day's work, and it will be hard for any one to beat it, even after the fleecy staple opens more gen-erally than it has done up to this time.

If the discovery of rich mines of valuable metals and ores continues in Abbeville County for the next twelve months at the rate at which it has been going on for the past few weeks, it is not at all improbable that the whole County will be converted into a grand mining district, and precious stones will become as common as flint

We call attention to the advertisement of Messrs. Fant & Bro., which appears elsewhere. These gentlemen in beginning business have purchased an excellent selection of goods, and bring to their assistance valuable experience in merchandising. Capt. J. Reese Fant, the senior partner, was a member of the firm of Barr & Fant, in which he made many friends throughout this County, and will in his new business be pleased to have them call upon him. These gentlemen are progressive merchants, and will be found fully up to the times both in their prices and in their goods.

Mr. John Martin, from the neighborhood.

Mr. John Martin, from the neighborhood of Calhoun, in this County, met with quite a painful accident on Saturday evening last, on Whitner's hill, in this town, while an route for Oconee County. He was driving two mules to a wagon, and in going down the hill referred to the mules took fright and ran away, throwing Mr. Martin and a brother by whom he was accompanied out, and breaking the former's left arm between the wrist and elbow, besides bruising him badly about the head and shoulders. His brother escaped without injury, and they were brought back to town and cared for by kind friends until Sunday morning, when they were fixed up and sent back home. Pledmont Union.

Mr. Editor: As you are ever ready to give room in your noble paper to anything that will interest your readers, and as I believe some of them would like to know how the Piedmont Association, formerly a part of Twelve Mile River Association, is getting along, I will give you a sketch of their last Union, which convened with the Mountain Springs Church on the 29th of August.

The meeting was called to order by Rev. G. M. Rogers, Moderator. The churches were very well represented. The introductory sermon was preached by Rev. D. W. Hiatt, and was, as his sermons usually are, well worth listening to.

The following queries were discussed:—Who is the proper judge of pastor's salary? Are parents responsible for the religious training of their children?

On Sunday morning at 10 o'clock Rev. G. M. Rogers delivered a very entertaining Sabbath School address. At 11 o'clock the missionary sermon was preached by Rev. D. Weston Hiatt. In the afternoon Rev. F. R. McClanahan preached a splendid sermon from the text, "If thou seek him he will be found of thee." 1 Chron. 28: 9.

The Unions, I am glad to say, are growing in interest. They are unions of work, prayer and worship. "We are glad to know that all are not willing to harter their souls for worldly enjoyment. The next Union will convene with the Baptist Church at Liberty. S. C.. on Saturday before the 5th Lord's day in November next. Philo.

# The annual camp meeting at this place

The annual camp meeting at this place will commence Thursday, 1811 mst., embracing the third Sunday and close on Tuesday following. A very large attendance is expected, and great preparations are being made to accommodate and welcome all who attend. These camp meetings have been held for many years, on account of which Sandy Springs has become quite a noted place. Our citizens here are especially noted for their hospitality on these occasions.—Extra trains will be run as usual on Sunday from Greenville, Anderson, Walhalla and other points. Rev. S. B. Jones, D. D., and other able divines will be present, and a grand religious feast is anticipated. M.

Erwin's mills. An impromptu pic nic and letting the contract for building the Abbeville side of the bridge caused quite a crowd to gather. Mr. M. Erwin took the contract for \$2,300, and it is needless to say this will be one of the best bridges on the river; the Laurens side already built by Col. Hoke is a splendid piece of work, and will compare favorably with any bridge on the river. One of the noted events of the day was a boat ride, in which we made one of a crew of twenty-two, and as we sat surrounded by the young, beautiful and gay, gliding over the smooth waters of Saluda, we remembered with pleasure the days when we, too, were young, and the cares of when we, too, were young, and the cares of life had not found an abiding place upon our brow. During our ride we were treated with some beautiful vocal music by the charming Miss Q. of Charleston, while the euph(a)onious voices of others joined in.

After the music by the ladies had ceased,

"That pretty girl with sunny curls, My gracious how I love her."

After the boat-riding we enjoyed hugely the kind hospitality of Mrs. M. Erwin in the shape of a splendid dinner, and then retired to "Morning Glory Cottage," where for some time we listened to the sparkling wit and sharp repartee of its accomplished young mistress. Night was now approaching, and we were forced to wind our way homeward, feeling we had passed a pleasant day.

The frequent and distressing irregularitie The frequent and distressing irregularities peculiar to her sex have long been to her the "direful spring of wees unnumbered." In the mansion of the rich, and in the hovel of poverty alike, woman has been the constant, yet patient victim of a thousand ills unknown to man—and these without a remedy. "Oh Lord, how long!" in the agony of her soul hath she cried. But now the hour of her redemption is come. She will suffer no more, for Dr. J. IT is said that the HALL GIN is one of the BEST GINS manufactured in the United States. It gins rapidly, cleans the seed well, and makes a better turn-out than any other. Ask A. J. STRINGER & Co., Belton, S. C., RODGERS & DUCK-WORTH, Williamston, S. C., and Dr. W. J. MILLFORD, Storeville, who are using the Hall Gin.

CONDENSERS furnished to fit any Gin, and every man who has a Gin should have one.

Also, agent for the SCHOFIELD COTTON PRESS, and can furnish you a Press to run either by hand, water or steam power. RUBBER BELTING, any size, furnished to order. Anybody wishing to purchase any of the above Machinery will do well to call on

me before buying elsewhere, and see a sample Gin which I have on exhibition. Look out for my STOVE WAGON, as I have recently secured the services of JAMES H. BEWLEY, who will call on you with Stoves, and take great pleasure in showing them and selling to you. I am selling them on the Cotton Option plan or chowing them and selling to you. I am selling them on the Cotton Option plan or otherwise, and as there is such a small difference in the Cash and Time price, it will pay you handsomely to buy now instead of postponing until Fall. Don't let the opportunity slip while the wagons are at your doors. Every Stove guaranteed. JOHN E. PEOPLES, Anderson, S. C. 3m

COTTON PLANTERS

YOU are respectfully invited to call on us and examine the samples now on hand of the celebrated Daniel Pratt Gin Co.'s Gin, Condenser and Feeder, which are far superior in points of durability and excellence to any other Machines now being offered to do the same kind of work. Messes. McCully & Taylor, agents Daniel Pratt Gin Co., Anderson, S. C.

Deur Sirs—The 60-Saw Pratt Gin bought from you in the fall of 1877 has been thor oughly tested since that time, and has given entire satisfaction. I have no hesitation in entire satisfaction. I have no hesitation in pronouncing the sample made by it to be superior to that made by any Gin known to me. I have ginned as much as 350 bales of cotton—have had no repairing to do, and the Gin is now in perfect order. Its great improvement consists in its Revolving Head, which prevents cotton roll from breaking, and which completely destroys the friction produced by cotton box, thereby increasing its speed, preventing injury to saws, and the sample from being gin-cut.

Mr. B. D. Gullett, Amite City, La.—Dear Sir: Last season I purchased nine of your Seventy and Eighty Saw Gin Stands, which have given satisfaction, and I think make a better sample of cotton than any Gin Stand I have used. I am running thrity-eight Gin Stands by steam power, among them are E. Carver's, Eagle, champion and Pratt's—all good Gin Stands.

I expect shortly to give you an order for three more Gin Stands, believing them to be the best made. The four feeders you put in for me on my Greenfield place, Lake Washington, give good satisfaction, saving two hands in ginning, besides making the supply of cotton more regular than can be done by hand. Yours, very truly.
