TION BITTERS."

The Story of a Robin.

A correspondent of the London Athenaum writes:

<text><text><text><text><text>

Trade at Mobile Suspended.

[Dispatch to the Philadelphia Ledger.] [Dispatch to the Philadelphia Ledger.] CARRO, September 5.—Advices from Mobile re-present that the cotton trade has been brought almost to a stand in consequence of the order issued recently forbidding the shipment of any more extend for the present from the interior to that port. The effect of the order upon prices has been to raise them to 40 cents per pound for middling, regular lots of which were quife scarce. Sight drafts on New York had been sold in Mo-bile at 2@21 per cent. discount, though the drafts were not regarded as A1.

From Egypt the Gazette du Midi gives details of the ravages caused by the cholera, which has now almost ceased. In one village in the Delta, celebrated for the cultivation of water melons, the whole of the inhabitants died. Being unable to sell their fruit, they ate it themselves, and died to the last man. It was necessary to employ forced labor to bury the last. In all it is said that \$2,000 victims of the contagion and bad living were buried in Egypt within six weeks.

The Wilmington Markets.

The Wilmington Markets. WILKINGTON, September 9.—Receipts of all kinds of country produce still continue light. The Cape Fear and other rivers are lower than they have been in some years, and there is but little boating done above tide water. Our railroad companies are doing all they can to get reads and rolling stock in good order, but we fear that it will be many months before they can accommo-date the shippers—the unfortunate break in the Wil. & Man. Railroad at the Pee Dee river will prevent large quantities of cotton and naval stores from coming here, which was designed for this market. We saw a letter to-day from a shipper in Sumter District, S. C., to one of our commission merchants, stating that he had a large quantity of cotton to send him, but was unable to get it off, and as there was no difficulty in shipping to Charleston, would be compelled to send it there. Market quiet. No transactions have been limited to the sale of 167 bbls, crude turpentine, at §3.75@§\$3.80. Market quiet. No transactions in Spirits Turpentine or Rosin. Spirits and Rosin nominal at former quotations. Timest.—One raft arrived, which sold at §18 & M by inegection. Corrow is quiet, but not quite so firm. A small lot sold at \$0e.@\$\$6. for ordinary to middling.

necretions of the liver overflowing into the stomach poison the entire system and exhibit the above symp-toms. After long research, we are able to present the most remarkable one for theso horrid nightmare discases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the PLANTATION BITTERS, and not an instance of complaint has come to our knowledge! It is a need effectual tonic and agreeable stimulant, mided to all conditions of life. The reports that it relies upon mineral substances for its active properties, are wholly false. For the satisfac-tion of the public, and that patients may consult their physicians, we append a list of its components. CALGAXA BARK.-Celebrated for over two hundred years in the treatment of Fever and Ague, Dyspepsia, Weakness, etc. It was introduced into Europe by the Countess, wife of the Viceroy of Peru, in 1640, and after-wards sold by the Jesuits for the enomenus price of its own weight in silver, under the name of Jesuit's Powders, and was finally made public by Louis XVI, King of France. Humboldt makes especial reference to its febri-fuge qualities during his Scath American travels. CARLANALLA BARK-For diarthces, colic and diseases of the stomach and bowels. DANDALLON-For inflammation of the loins and drop-alcal affections. CHAMOMILE FLOWERA-For enfeebled digestion. LAVENDER FLOWERA-For stimulant and tonic-highly invigorating in nervous debility. WIXTERORIES FLOWERA-For stimulant, etc. ANBE-An aromatic carminative ; creating flesh, mus-cle and milk ; much used by mothers nursing. Also, clove-buds, orange, carraway, coriander, snake-root, etc. PHASES OF THE MOON S.T.---1860----X.

RE-OPENING OF THE TRADE IN CHARLESTON

IMMENSE ATTRACTION AT THE WHOLESALE SHOE HOUSE,

No. 133 MEETING-STREET,

ESTABLISHED IN 1836,

where he continues to supply the Jobbing and Retail Trade with all articles in the BOOK AND STATIONERY LINE, on the most liberal terms. Books, Stationery, Note, Letter, Cap. Legal Cap. Bill, and Bath Papers, Photograph Albums, Carte de Visito for Albums, Blank Books, Inks, Mucilage, Envelopes, &c., &c., &c., in great variety and cheap. A superior line of POCKET DIARIES FOR 1866. Catalogues sent on application. Orders promptly filled. Address IS NOW RE-OPENED AFTER A SUSPENSION OF FOUR YEARS, WITH GREATER FACILITIES THAN EVER.

THE PROPRIETOR NOW OFFERS FOR SALE

Boots, Shoes, Hats, Trunks, &c., &c.

AT WHOLESALE ONLY, AT THE LOWEST POSSIBLE QUOTATIONS, AND RECEIVING IM-MENSE CONSIGNMENTS SEMI-WEEKLY FROM THE LARGEST AND MOST RELIABLE MANU-FACTURES

THE PROPRIETOR TAKES PLEASURE IN CALLING THE ATTENTION OF THE TRADE, THE LOCAL MERCHANTS OF THE STATES OF GEORGIA, TENNESSEE, ALABAMA AND FLORIDA, TO THE EXTENSIVE STOCK OF

BOOTS, SHOES, HATS, TRUNKS, ETC., ETC.

ADVERTISING MEDIUM. THE UNERSIGNED WILL PUBLISH, AS SOON AS practicable, a DIRECTORY OF THE CITY OF AU-guSTA, GA. It will contain the Names, Residences and Places of Business of every person for sevoral miles around Augusta, and will also include Humburg, S. C. As an Appendix, there will be a BUSINESS DIRECTO-RY, in which will be found every branch of Business, Profession or Trade in the city, alphabetically arranged and classified under their appropriate headings. As the Directory will have an extensive circulation in this State, as well as South Carolina, it will afford the best possible medium for Advertisers extending their business notices. The Directory will be printed on fine white paper, and neatly bound in stiff covers. It will contain a magnifi-cent Colored Map of the State of Georgia. Advertisements will be beautifully and conspicuously displayed with New Type ordered expressly for the Di-rectory. Each advertiser will be entitled to a copy of the Direc-tory gratis. ORDERS NEATLY AND PROMPTLY ATTENDED TO.

FERTILIZER FOR COTTON, ETC.

MAPES'

NITROGENIZED SUPERPHOSPHATE OF LIME.

FOR COTTON, TOBACCO, WHEAT, CORN, &c.

COMPOSED OF DRIED BLOOD, BONES, SULPHURIC ACID, PERUVIAN GUANO, SULPHATE OF AMMONIA, POTASH AND SODA.

Large Silver Medal awarded 1859, by the American Institute of New York—Patented 1859—Perfect uni-formity of quality—Testimenials from hundreds who have used it for years—Dees not exhaust the land like Guano, but permanently improves it—One hundred pounds of Nitrogenized Superphos-phate of Lime will equal in effect and lasting power one hundred and eighty-five pounds Peruvian Guano—Produces heavier bolls of Cotton, and greater weight of Wheat and other Grain, per bushel, than Peruvian Guano—Prevents Rust.

Messrs. Fisher & Haskell, Cotton Planters at Newbern, N. C., write, July, 1865, as follows: "The Phosphate of Line we purchased of you gives good satisfaction. Last year we applied fifty-five (55) tons to three hundred and seventy-five (375) acres of land for cotton, say about (360) three hundred pornds per acre. We rub-bed the seed in the Phosphate, and also sowed it in the drill with the seed at the time of planting. On a portion of the land we applied a top dressing of the Line at the second hocing. Throughout the season the cotton plants grew well—the leaves were of a dark, healthy color, and "No NEXT" was seen on the plantation. The rawages of the army worm prevented us from realizing the benefit from our outlay for the Line in full, still the large number of partly grown bolls and forms gave some idea of what the crop would have been could they have matured. Al-though we saved a large quantity of manure on the place last year, our confidence in the value of your Phosphate led us to purchase of you last spring seventy tons, one-half of which we used ourselves, and the balance was bought for a friend, who was satisfied of its worth in cotton culture. At the time of writing this, our crop is look-ing finely, and promises an abundant yield. One portion of our plantation consists of highlands with a clay sub-soil, running near the surface; the remainder is flat and inclined to be sandy. The owner of the place tells us that he did not succeed with cotton on this last part; but owing, as we think, to the liberal use of your Phosphate, we heve now a good crop growing upon it. This is but the second senson of cotton growing with us; still, from our experience thus far, we do not hesitate to recommend your Phosphate of Line as a manure well adapted to the wants of the cotton planter."

HEADQ'RS MILITARY DIST. OF CHARLESTON, DEPARTMENT OF SOUTH CAROLINA, FIRST SEPARATE BRIDADE, CHARLESTON, S. C. [GENERAL ORDERS, No. 92.]

I. BEFORE A MILITARY COMMISSION, WHICH convened at Charleston, S. C., pursuant to General Orders, No. 193, dated Headquarters Military District of Charleston, Department of South Carolina, First Separato Brigade, Charleston, S. C., August 19th, 1865, and of which Captain ADOLPH DENNIG, 47th Penn. Vols., is President, were arraigned and tried: I. BILLY (colored civilian). Charge 1st, "Housebeenking."

Specification-In this, that the said BILLY, a colored specification - in this that the same billing is a specification - in this that the same billing is a specific problem of the second se keys of a house and barn at Bosis Flantation, Parish of St. John's Berkeley, State of South Carolina, and did then and there, with said GEORGE and SMART, break into the said house and barn, and did take, carry away and steal therefrom a large quantity of rice and furniture. Charge 2d, "Stealing."

Specification-In this, that the said BILLY, a colored Specification—in this, that the said BILLY, a colored citizen, did, on or about the 29th day of June, 1865, in company with two other colored citizens, named GEORGE and SMART, forcibly take possession of the keys of a house and barn, at Boats Plantation. Parish of St. John's Berkeley, State of South Carolina, and did then and there, with the said GEORGE and SMART, break into the said house and barn, and did take, carry away and steal therefrom, a large quantity of rice and forni-

To which Charges and Specifications the accused pleaded as follows :

To the Specification of the 1st Charge, "Nor GUILTE."

To the 1st Charge, "Nor GUILTY." To the Specification of the 2d Charge, "Nat GUILTY." To the 2d Charge, "Nor GUILTY."

FINDINGS.

The Court, having maturely considered the evidence adduced, find the accused, the said BILLY, as follows : Of the Specification of Charge 1, "Gontry."

of the Charge 1, "GUILTY." Of the Specification of Charge 2, "GUILTY." Of the Charge 2, "GUILTY."

SENTENCE, And the Court does, therefore, sentence him, the said "BILLY," to be confined at hard labor for the period of "eight months," at such place as the Commanding General may direct.

2. "GEORGE" (colored civilian).

Charge 1st, "Housebreaking." Specification-In this, that the said "GEORGE," a colored citizen, did, on or about the 29th day of June, 1865, in company with two other colored citizens, nam-

ed SMART and BILLY, forcibly take possession of the keys of a house and barn at "Bosis" Plantation, Parish of St. John's Berkeley, State of South Carolina, and did then and there, with the said SMART and BILLY, break into the said house and barn, and did take and carry away and steal therefrom a large quantity of rice and furniture.

Charge 1, "Stealing."

1mo

Specification-In this, that the said GEORGE, a colored citizen, did, on or about the 29th day of June, 1865. in company with two other colored citizens, named SMART and BILLY, forcibly take possession of the keys of a house and barn at "Bosis" Plantation, Parish of St. John's Berkeley, State of Sonth Carolina, and did then and there, with the said SMART and BILLY, break into the said house and barn, and did take, carry away and steal therefrom a large quantity of rice and furniture. To which Charges and Specifications the accused

pleaded as follows: To the Specification of Charge 1, "Nor GUILTY."

To Charge 1, "Nor GUILTY."

To the Specification of Charge 2, "Nor GUILTY." To Charge 2, "Nor GUILTY."

FINDINGS.

The Court, having matnerly considered the evidenco adduced, find the accused, the said GEORGE, as fol-OWR:

Of the Specification of Charge 1, "GUILTY,"

Of Charge 1, "GUILTY." Of the Specification of Charge 2, "GUILTY," with the

aception of the words "Did take the keys." Of Charge 2, "GUILTY."

SENTENCE.

And the Court does, therefore, sentence him, the said GEORGE, to be contined at hard labor for the period of "six months," at such place as the Commanding General may direct.

3. SMART (colored) civilian.

Charge 1, "Housebreaking." Specification—In this, that the said SMART, a colored

titizen, did, on or about the 29th day of June, 1865, in company with two other colored citizens, named GEORGE and BILLY, forcibly take possession of the keys of a house and barn at Bosis Plantation, Parish of St. John's Berkeley, State of South Carolina, and did then and there, with the said GEORGE and BILLY. break into the said house and barn, and did take, carry away and steal therefrom a large quantity of rice and furniture.

Charge 2d, "Stealing."

Specification-In this, that the said SMART, a colored citizen, did, on or about the 29th day of June, 1865, in company with two other colored citizens, named GEORGE and BILLY, forcibly take possession of the

Another wonderful ingredient, of great use among the Spanish ladies of South America, imparting beauty to the complexion and brilliancy to the mind, is yet un-known to the commerce of the world, and we withhold its name for the present.

IMPORTANT CERTIFICATES.

ROCHESTER, N.Y., December 28, 1861. Nessrs. P. H. DRAKE & Co.—I have been a great suf-forer from Dyspepsia for three or four years, and had to abandon my profession. About three months ago I tried the Plantation Bitters, and to my great joy I am now nearly a well man. I have recommended them in several cases, and as far as I know, always with signal benefit. I am respectfully yours, REV. J. S. CATHORN.

PHILADELFEIA, 10th Month, 17th Day, 1862. RESPECTED FRIEND:--My daughter has been much benefited by the use of thy Flantation Bitters. Thou wilt send me two bottles more. Thy friend, ASA CURRIN.

SHERMAN HOUSE, CHICAGO, ILL., Feb. 11, 1863. SHERMAN HOUSE, CHICAGO, ILL., Feb. 11, 1863. Messrs. P. H. DRANE & Co.—Please send us another twelve cases of your Plantation Bitters. As a morning appetizer, they appear to have superseded everything else, and are greatly esteemed. Yours, &c., GAGE & WAITE. Arrangements are now completed to supply any de-mand for this article, which has not heretofore been pos-able.

genuine. Any person pretending to tell PLANTATION BITTERS in bulk or by the gallon, is a swindler and imposter. Beware of refilled bottles. See that our Private stamp is UNMUTI-Sold by all Druggists, Grocers and Dealers throughout

August 17

Imo

NEWDERRY, S. C., October, 1860. your Agents, Messrs. H. & N. E. Bolomon, Hamburg, S. C. (who solicited a statement of life effects), and applied it to forty acres of my poorest cotton land. This land is on the public road, where its effects were seen. My neighbors, who are acquainted with the land, were astonished at the luxuriant growth of the cotton where I used your Superphosphate. It produced better cot-ton, and a larger amount, than on my good land; less work was needed in making the cotton than on my other land. Not a particle of rut was to be seen where I applied your Superphosphate, while the rust prevailed over every other portion of the crop. and. Not a particle of rust was every other portion of the crop.

Respect.ully yours, Note.-Mr. Payne's good land compares favorably with the best cotton lands on the Saluda River. The Saluda ottoms are proverbial for producing large quantities of cotton.

COTTON.

Mr. J. J. MAPES-Dear Sir: In reply to yours of the 1st inst., I cheerfully state: I have used Mapes' Nitro-nized Superphosphate of Lime on my cotion of the present year, and am perfectly satisfied with its yield. I can recommend it to my neighbors with confidence, as a pure and effective manure, and would give it the sference to any other in the market.

Yours, respectfully,

THOS. DAVIS.

Mr. Charles W. Mixon, of Edenton, Chowan County, N. C., writes to Mr. Bockover: In regard to Mapes' Phosphate it worked adminably for me, the product being fully equal if not superior to oth the manures before mentioned. It did not start the young plant as early as either the other manures; but it emed to retain its color and pode much botter, and no symptom of rust was ever seen where it was applied—all te land I planted in cotton being about the same quality and strength. CHARLES W. MIXON. oth the

Extract from a letter from Colonel Gideon Dowse, of Berzelia, near Augusta, Ga., August, 1860: J. J. MAFES-Dear Sir: I have no hesitation in saying that on my own farm your Superphosphate has been, and is now, superior in its effects, where I have applied it on my cotton, to either lot-manure or cotton seed; and, as compared to the land without manure in the same field (in my opinion the only true way to test it), it is as four to one in the number of grown bolls, and as ten to one in the young fruit and forms, in favor of the Superphos-phete.

to one in the number of grown boils, and as ten to one in the young truit and forms, in favor of the Superphos-phate. This opinion is formed from a close and critical examination by my overseer and myself. There is one result from its application, which, if it had nothing else to recommend it, is of incalculable value, and that is, it does seem to guard against that worst enemy of the cotton plant, namely, the *rust*. I have applied it to land that invariably rusts cotton, and there is as yet not a sign of rust in it, while the same kind of land just adjoining is completely ruined by it already. This experiment confirms that made by Mr. Lomas, of S. C., last year; and I am fully persuaded that any plant manured with it does withstand a drought better and keeps green longer than with any other application that has come under my notice. I have seen cotton, corn, okra, melons and other garden plants, that have kept green and blooming as b. autifully as in spring. I have written this as the result of my judgment from close observation. When I shall have gathered my crops it will give me pleasure to give you the result from actual weight and measure. Yours, GIDEON DOWSE.

"We have, in the course of an extensive agricultural correspondence, gathered evidence of the superior value of Mapes' Nitrogenized Superphosphate of Line upon the cotton fields of the South, where Feruvian Guano had been used with partial success." The bolls have been heavier, and of greater number, the yield of cotton per acre has been larger, and what is also of the greatest consequence, no rust is discovered in cotton fields where this article is applied, to which may be added its peculiar lasting power of fertilization, and its comparative cheapness. These facts have come to us in correspondence from parties who have used other like agents, and who give this by far the highest praise.

facts have come to us in correspondence from parties who have used outer the agency, and the get outer of the bighest praise. "We have arrived at the conclusion, after considerable experiment ourselves, and of careful search for the re-sults of the trials of others, that Mapes' Fertilizer has more of the property needed in a general manure, in horticul-ture and agriculture, than any thing else of the kind we are acquainted with."

J. J. MAPES, ESQ., New York—Dear Sir: I bought four tons of your Superphosphate of Lime for my cotton crop, also some guano, and have trid them side by side on the same quality of land. Not a particle of rust was to be seen where your Superphosphate was used; and I also applied stable manure on a portion of my land. The cotton had the rust when the latter was used. The yield of cotton was splendid when the Superphosphate was used, despite the extraordinary dry year. When I applied the other manure the yield was not good. I applied the Superphosphate at the rate of 100 lbs. per scree, and believe it would have paid better if I had put more per acre.

more per acre.

more per acre. I sold my cotton in Hamburg yesterday at ½c. per pound over the usual market "...ice. The lint was consid-ered very strong and heavy. I consider yours a reliable manure. Yours, truly, JAMES M. LANHAM,

Among the many patrons of this manure are the following gentlemen, who have testified in the highest term

of its value: Dr. N. Crawford, Columbia Co., Ga.: W. H. T. Walker, U. S. A., Mobly Pond, Ga.; L. Berckmans, Augusta, Ga.; J. P. Brown, Big Lake Plantation; Carliele P. B. Martin. Macon, Ga.; E. M. Pendleton, Sparta, Ga.; Colonel Goodwin, Columbia, S. C.; and many others in all the Southern States, whose names can be found in a pamphlet published by OHARLES V. MAPES, General Agent for the Manufacturer, No. 184 Water-street, New York. AP Price \$60 per ton (2000 pounds), in barrels. Liberal discounts allowed, and Circular, etc., with name and business address, furnished gratis to responsible bouses acting as agents.

BONE DUST, GUANO, etc., furnished by cargo or by the ton. Orders for the Superphosphate of Lime will be acceived by August 14

keys of a house and barn at Bosis Plantation, Parish of St. John's Berkeley, State of South Carolina, and did then and there, with the said GEORGE and BILLY, break into the said house and barn, and did take, carry away and steal therefrom a large quantity of rice and furniture.

Charge 3d, "Threatening to kill."

Specification-In this, that the said SMART, a colored citizen, did on or about the 29th day of June, 1865, while he, together with two other colored citizens, named BILLY and GEORGE, were engaged in forcibly breaking into and stealing from the house and barn at Bosis Plantation, Parish of St. John's Berkeley, State of South Carolina, threaten to take the life of one JOHN B. IRVING, a citizen of the said State.

Charge 4th, "Threatening of arson."

Specification-In this, that the said SMART, a colored citizen, did, on or about the 29th day of June, 1865. while together with two other colored citizens, named BILLY and GEORGE, were engaged in forcibly breaking into and stealing from the house and barn at Bosis Plantation, Parish of St. John's Berkeley, State of South Carolina, threaten to burn down the said house and barn, while the family were living therein.

To which Charges and Specifications the accused pleaded as follows :

To the Specification of Charge 1, "Nor GUILTY."

To Charge 1, "Nor GUILTY."

To the Specification of Charge 2, "Nor GUILTY."

To Charge 2, "Not GUILTY."

To the Specification of Charge 3, "Nor Guilty." To Charge 3, "Nor GUILTY."

To the Specification of Charge 4, "Nor GUILTY."

To Charge 4, "Nor GUILTY."

FINDINGS

The Court, having maturely considered the evidence dduced, find the accused, the said SMART, as follows :

Of the Specification to Charge 1, "GUILTY.

Of Charge 1, "GUILTY."

Of the Specification to Charge 2, "GUILTY."

Of Charge 2, "GUILTY,"

Of the Specification to Charge 3, "GUILTY."

Of Charge 3, "GUILTY."

Of the Speifloation to Charge 4, "Nor GUILTY." Of Charge 4, "Nor GUILTY."

BENTENCE.

And the Court does, therefore, sentence him, the said SMART, to be confined at hard labor for the period of two years and six months, at such place as the Commanding-General may direct.

The findings and sentences in the foregoing cases aro approved. The prisoners, BILLY, GEORGE and SMART, will be confined at Castle Pinckney, Charleston Harbor.

By order of W. T. BENNETT, Brevet Brigadier-General, Commanding District of Charleston.

OFFICIAL : LEONARD B. PERRY. September 11 3 Assistant Adjutant General.
