ELEAZER WATERMAN, Esq., for many years Ordinary of Georgetown District, and an old and honorable resident of that town, died there recently at the age of 74

PERSONAL.—WM. GILMORE SHIMS has vacated the Editorial chair of the Columbia Phonix, and is succeeded by W. R. Johnson, Esq.

THE FOLLOWING gentlemen have been elected officers of a Mounted Infantry corps formed at Darlington C. II-in accordance with the recent Proclamation of Governor

> JUNIUS A. LAW, Captain. E. KEITH DARGAN, 1st Licutenant. EDWARD McIntosn, 2d Lieutenant. A. H. Waring, 3d Lieutenant.

Mons. A. LANEN, late Consul to North and South Carolina, from France, but who has been ordered to Mexico, arrived yesterday by the Quaker-City, and, after remaining in our city for a few weeks, will repair to his new station. Mons. Lanen has resided with us for nea two years, and has so ingratiated himself into the esteem and regard of our fellow-citizens by his gentlemanly manners and urbanity of disposition, that they will part with him with great regret.

THE POLLOWING is a list of the Officers of the Taconey, which arrived here yesterday:

Commander, W. G. Tomple; Lieutenant-Commander, H. M. Blue; Lieutenant, C. D. Jones; Passed-Assistant Surgeon, G. D. Sloeum; Acting Assistant Paymaster, A. D. Bache; Acting Master, C. Wappenhaus; Acting Ensigns, W, McLeod, H. Jones; Mates, B. H. Hertman, W. H. Howland, W. H. Lecinet, F. C. Balley; First Assistant Engineer, in charge, N. B. Clark; Second, G. E. Tower, H. C. Blye; Acting Third, W. E. Holland, M. H. Perry; Surgeon's Steward, Edward F. Dow.

Robbert.-We understand that, a few days ago, party of three or four white men proceeded up the Ashley in a craft, for the purpose of obtaining wood, and having supplied themselves with a sufficiency of oak, at a point on the river, they sailed higher up, into the Parish of St. George's, near Bacon's Bridge, where they were making preparations for cutting some pine to complete the loading of their boat, when a squad of negroes, fully armed, made their appearance and ordered them to desist. Having seized the boat and all their clothing, with catables, &c., they directed them, in the most authoritative manner, to return immediately to the city, which the white men were compelled to comply with, being unprepared for any such adventure, and arrived here after a fatiguing walk, with, to them, quite a considerable loss. The negroes who committed the robbery, we believe, have not, as yet, been discovered.

THE HOUSE OF INDUSTRY.—Through the politeness of Captain Linquist, we, yesterday, had the pleasure of examining the internal economy of the building at the cor nor of George and King-streets (the late American Hotel) which is designed for the truly charitable purpose of be coming a proper "Home" for destitute genteel females and to be known as the "House of Industry." The arrangements are remarkably good, and everything seems to be made as comfortable as possible for those who are to be immates, while the plan for giving outside work to ladies appears to be well systematized. With the co-operation of the Ladies' Bureau, sewing work has already been furnished to, at least, one hundred applicants, and hopes are entertained that, during the coming week, much greater progress will be made, and many more la dies supplied.

To the active exertions of the Ladies' Charitable Cloth ing Association, of which Miss Hammond is President, and the unceasing endeavors of the individual members of this kind-hearted Society, the success of this institution may in a measure be attributed—they leaving nothing undone that could be beneficial in promoting the objec of this benevolent enterprise; and to Captain G. J. LIN-Quier also, who modestly and quietly has done a great deal of this work of charity, the beneficiaries of the In stitution must be lastingly indebted.

It must be impressed upon the minds of all, that this house has been established for destitute ladies, and none other-for those respectable women who have been thrown into poverty by the loss of relatives who sup ported them, or other circumstances during the late war, and not for those who, by ill behavior, have lost all pretensions to character or decency. Before one can be ad mitted as an inmate, or draw work from the establish ment, she must produce a certificate from two resident citizens of respectability, that she is a woman of reputation and standing, as well as that she is destitute, and then all assistance will be given.

Those who receive work and take it to their housesand every kind of needle-work will be furnished-will be

ELECTION TICKETS.—Our prompt and stirring friend, Jowitt, informs candidates and others interested that he is prepared to print, at he shortest notice, every kind or quantity of election tickets. The many addition and improvements which he has lately made to his office, with the ability and knowledge of business which Mr. Jowirt possesses, warrant us in saying that no better work can be done in the city than is executed in his

WHOLESALE GROCER AND COMMISSION MERCHANT. WILLIAM GURNEY, lately the Commandant of this Post, and well known among our citizens for his kindness and good feeling, has entered into this business at No. 102 East Bay, where he hopes to obtain a share of public patronage. Our popular fellow-townsman, Mr. Henny T. Thompson, Jr., formerly Tellor of the Bank of Charleston, will be found also at this establishment whore, no doubt, his pleasurable manners will attract many of his friends.

PURE WHITE LEAD AND OILS.—These particular articles, which for some years we had to do without, or use the most inferior stuff, can now be obtained abundantly a d of the most superior kind, by calling on Mr. John Commins, at No. 141 Meeting-street, opposite Hayno, as per advertisement. The reputation which Mr. Commins has always sustained in this community as a business man, is a sufficient guarantee of the genuineness of the lead; and we would call the careful attention of country merchants to the card in to-day's issue.

Auction, Shipping and Commission.—It is with much pleasure that we notice the return to his former avoc tions of our townsman, Mr. J. A. Englow (late of the firm of Monpecar & Co.) His business capacity, and the attention and punctuality displayed by him in former days, will certainly insure him now a liberal pa-

Public Benepatraess.—Mrs. S. A. Allen has justly carned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequalled preparation for restoring, invigorating, and beautifying the hair. Her World's Hair Restorer quickly cleanses the scalp and arrests the fall; the hair, if grey, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth. For ladies and children, whose hair requires frequent dressing, the Zylobalsamum, or World's Hair Dressing, has no equa. No lady's toilet is complete without it. Every danggist has it for sale.

The people of Kentucky don't wart negro auffrage. They think negro sufferance quite enough.
