A LOST CHILD.

Mrs. Sarah Turner, of Columbia, writes to THE NEWS in great distress at the loss of her son, Samuel Turner, a white boy thirteen years of age, who has been missing from his home for the past six weeks, and who, as she has been informed, has come to Charleston, and is now working for a gentleman on King street. He is rather short and stout for his years, and has been employed in selling newspapers in Columbia. His mother is ill, and is greatly troubled by her son's continued absence, and any one who may know of the boy's whereabouts would confer a great favor by sending him back to his home.

THE FLORAL FESTIVAL.

The executive committee of the Agricultural Association met last evening at Holmes's Book House to receive the report of the committee of arrangements for the coming floral exhibition to be given under the auspices of the society. Upon this report, which was unanimously adopted, it was decided to hold the fair on Tuesday, Wednesday and Thursday, April 29th, 30th and May 1st, on the campus of the College of Charleston. The post band will be engaged for the festivities, and the grounds brilliantly illuminated with Chinese and other lanterns, and also by a large number of gas jets. Premium lists may be obtained from the committee of arrange ments, which consist of the following named gentlemen: Dr. A. B. Rose, chairman, and Messre, E. L. Roche, A. Barron Holmes, C. A. Chisolm and S. P. Ravenel.

BURGLARY AND GRAND LARCENY.

The barroom of Mr. John Hanlon, at the corner of State and Queen streets, was entered on Thursday night and robbed of a gold watch and chain valued at one hundred dollars, a gold pencil case valued at ten dollars, and sixty-five dollars in greenbacks. Entrance was effected through the door, which was opened by a pair of nippers, by which the key, that had been carelessly left in the lock on the inside of the door, was seized and turned. A white mar named Campbellton Matheson, who had been frequently seen in the vicinity during the night by a policeman, was arrested on suspicion and carried before Trial Justice Levy. A search of his person brought to light the missing pencil case and a torn five dollar bill, which Mr. Hanlon was able to identify. Matheson was committed to jail for trial before the Inferior Court on a charge of burgiary and grand larceny. d diagram

A MILD MURDER CASE.

One of those curious cases which occasion ally turn up before magistrates and in the courts, presented itself at the office of Trial Justice Levy yesterday. A colored woman, named Ready Simons, made an affidavit for the arrest of her husband, Joe Simons, on a charge of attempting to murder their four children. The curious part of the case is the manner in which the attempt to murder was alleged to have been made. The woman stated that her husband and herself had een married for many years, during which time they had been blessed with eight children, four of whom were still living, the youngest being a boy nine years old. The husband has of late become indifferent to the affections of his wife and the necessities of his children, and has refused to contribute anything to their support, and so the wife prays that he may be arrested and tried on the charge of attempting to murder, in the manner above set forth. A warrant was issued for the arrest of the recreant Joseph, and he will have a hearing to-day.

I cheerfully add my testimony to its dietetic value, and regard your "Meat Preparation" of great benefit, not only in infantle, but also in adult practice. It is with pleasure that I can recommend its use to the profession generally from pa-t experience and the happy results in my practice. Very respectfully, &c..

Dear Sir—During the past summer. I have had a full opportunity of testing your "Preparation of Meat Juice." particularly amongst children suffering from Darrhoea from "Testhing." I find that as soon as they lose their appetite and commence to detariorate generally, your Preparation administered is well retained and most often enjoyed by the little suffere. They improve rapidly in health and strength. Other preparations are not so easily tolerated, on account of their unplea-ant odor and taste.

I consider the contents of your little bottle most invaluable in all acute wasting diseases.

Very respectfully, W. M. FITCH, M. D. treated these diseases exclusively with astonishing results. We believe it our Christian duty after deliberation, to conscientiously request ferers to use it, especially persons in moderal circumstances who cannot afford to wast money and time on worthless mixtures. MR. M. S. VALENTINE:

Dear Sir—I have made quite an extensive trial of your "Mest Juice" during the past summer, particularly in those protracted and exhausting die esses incident to infancy and childhood, so familiar to our Southern physicians. The trial has resulted in a preference for your "Mest Juice" above all the Extraois which I have hitherto used. So far, it has jully come up to all that has been claimed for it, and if its preparation is conducted with the same cane, and the purity of the materials maintained as heretofore, I have no doubt its use will oe greatly extended.

Very respectfully your obedient servant.
