

By Telegraph.

From Havana. New York, October 18.—Havana dates of the 14th bring accounts of heavy floods on the island during the first week of October, covering the telegraph poles in some places, besides damaging the railroad tracks. Much suffering ensued.

New York Market. New York, October 18.—Flour declined 5 to 10c.; sales 9,000 bbls. State \$7.55 a \$8.75. Ohio \$8.30 a \$12. Southern \$9.70 a \$16. Wheat declined 2 to 4c. Corn declined 2 to 3c.; sales 7,000 bushels. Pork heavy; sales 2,500 barrels at 60c. Naval stores steady. Gold 140 1/2.

The Trial of Jefferson Davis. WASHINGTON, October 17.—It is understood that the delay in the proposed trial of Jeff. Davis is not the fault of the Administration. It is the business of the judiciary and not of the Executive to initiate proceedings in the premises; but there is a difference of views among jurists, and the opinion has been advanced that in the present unsettled condition of the Southern States, which are still under martial law, (in one of which the trial would have to take place), and no general peace having been proclaimed, further legislation by Congress may become necessary; and further, there would not be time enough between now and the first Monday of December to try the case, for at that period the Justices of the Superior Court of the United States will commence their regular term at the capital. Whatever may be the ultimate disposition of Jefferson Davis, and others, this appears to be the present condition of the important subject.

From Mexico. Vera Cruz, October 4.—We have important news, to-day, from the city of Mexico, which is said to have been received through official channels, that Benito Juarez, late President of the fragments of the Republic, has abandoned the territory of the empire, and taken refuge in Santa Fe. Also, that the important position occupied by the Liberal forces at Coll de Chama, between Tausomequi and Tula de Tamatlipas, where they had strongly entrenched themselves, has been taken by a battalion of Zouaves, after a most desperate resistance. No further particulars have been received, but there appears to be no reason to doubt the fact, as it is derived from most authentic sources, and will probably be confirmed by next mail from the capital.

An Expedition left Oajaca, on the 6th, with cavalry, artillery and infantry, to clear the country of the bands of guerrillas infesting the passes, and in pursuit of the robbers who sacked Etla and Hueto, for the purpose of assassinating two of the most respectable citizens of the department. In that department all is quiet, with the exception that Figueroa has retreated to the Sierra, as has also the band of Yavacatlan.

On the 16th, the Emperor assumed seven days' mourning, in respect to the memory of the late Infanta of Spain, Don Francisco de Paula, and the Grand Duchess Sophia, of Baden, widow of the Grand Duke Carlos Leopoldo Frederico de Baden.

Owing to a pronouncement having been issued at Misantia in favor of the empire, the chief Alcaide left his post at Naolineo, and unexpectedly fell upon the town, killing some thirty or more unarmed citizens, who were supposed to be political leaders of the movement, and burning a large portion of the town.

A clash was made upon the city of Tepic, on Sunday, the 16th September, which the people were to pass in the evening. Several combined bands of Liberals and some women and children killed in the streets. The small garrison retreated as soon as possible, and drove the party from the town, killing thirty. As these bands are well mounted, they do much mischief by sacking villages and farms, managing to get out of the way before punishment reaches them.

The War Department officials state that the Liberal forces, or guerrilla bands, in the Sierra of Yamaquilpan and the valley of the river of Montefranco, had been routed, and over 200 killed and wounded left upon the field.

We are reliably informed that Mr. Canshaw, the owner of the spacious hotel buildings in Richmond, has voluntarily reduced the rent of the tenants of that building from six thousand to three thousand per annum, to take effect 1st October 1865. Mr. C. was induced to do this because he thought six thousand was more than he could get.

ARRIVAL OF DANES.—The immigration to this State of Europeans has not, thus far, been heavy, but it comprises various nationalities. Hitherto we have had to chronicle the advent of Germans and Swedes, but there was, on Monday, an arrival of a party of fifteen Danes. These arrivals, this season, may be considered as the pioneers—the main army may be expected next spring. We should gladly welcome among us a hundred thousand of the hardy, frugal and industrious sons and daughters of Northern Europe, and can guarantee to them comfortable homes and kind treatment. The Danes who arrived on Monday evening were all vigorous young men, each a very picture of health. Eleven of them were immediately employed as laborers by the Richmond and Petersburg Railroad, at good wages; the remaining four preferring country life, were employed by a farmer in Powhatan County, who already has on his place a dozen or more Swedes.

Messrs. Harrison, Goddin & Apperson are daily expecting the arrival of two hundred Swedes and other immigrants, who have already been engaged by planters and farmers on the upper James River.

CONSECRATION OF A BISHOP.—The Rev. Dr. John J. Conroy was, on Sunday last, consecrated as Bishop of Albany by Arch-bishop McCloskey, of New York, in the Albany Cathedral, with all the solemn and imposing ceremonies of the Catholic Church usual on such occasions. The intended procession from the episcopal residence to the Cathedral of the bishops, priests and attendants, in their official robes, which would have formed a very august feature of the ceremonies, was prevented by the rain storm.

GAIETY AND EXTRAVAGANCE IN NEW YORK.—The New York World says: Every theatre in the city is crowded every night, and the Academy fairly bubbles over with "beauty and fashion." One day of last week the sale of tickets for so very familiar an opera as Flotow's "Martha" had to be stopped at three in the afternoon. Such is the eagerness with which the national currency is passed from hand to hand that one would suppose there was some contagion in the touch of greenbacks.

THANK GOD AND ANDREW JOHNSON.—There was a joy yesterday throughout the borders of Kentucky, and her people were jubilant. They were shouting, "Thank God and Andrew Johnson!" The civil law had, by the proclamation of the President, resumed its proper position as the higher law over that of the military, and Kentucky once more felt the strength of Statehood, and her people that of manhood.

TRIBLE MISTAKE.—Two physicians, in the town of Shiloh, Randolph County, Illinois, purchased, last week, a quantity of cologne from a druggist in Chester, and administered it to some forty of their patients. It subsequently appeared that corrosive sublimate was mixed with the cologne. At last accounts several persons had died from the effects of the poison, and several others were not expected to live.

The paper called the Irish People, which was suppressed by the British Government, says the Dublin Evening Mail contained an article, the spirit of which may be judged of by the following:

"Liberty must be won by force, or not at all. Therefore, we must either give up our country in a pair of trowsers, or we must disregard all political, theological, and historical distinctions."

Among the prisoners "blasted" at Fort Leavenworth, Virginia Pitt, William, a fascinating Esquimaux of Greenland Bay, whose tender care of Lord Frederick Pitt William, some three years ago, when he was taken ill on board the English man-of-war "George Henry," detained in a bay by stress of weather on the Esquimaux coast, induced him to offer her his hand. Her maiden name was Tookojito.

Commodore Wm. F. Lynch, formerly of the United States Navy, but more recently in the service of the Confederate States, died Friday evening, at his residence in Baltimore, in the sixty-fourth year of his age. Commodore Lynch was born in Norfolk, Virginia, but was for many years a resident of Maryland.

Wm. Phillips, in his lecture in Boston, declared President Johnson, in his speech to Congress, had declared that the Government would not recognize the rebellion, and that the Government would not recognize the rebellion, and that the Government would not recognize the rebellion.

TRANSFERRED TO THE CIVIL AUTHORITY.—The President has ordered George W. Gale, a lawyer of Alabama, to be transferred to a civil instead of a military court for trial. He is charged with being the author of an advertisement soliciting contributions to the amount of one million of dollars, with which to procure the assassination of President Lincoln.

The evidence in the Wirz trial, as far as the prisoner is concerned, is at an end. The Government, however, will introduce some testimony in proof of its position that the atrocities at Andersonville were the developments of a conspiracy, and not merely the results of the personal brutality of Wirz.

BLANKETS FOR THE FREEDMEN.—Gen. Saxton writes to New York from Charleston that 25,000 blankets will be needed this winter in South Carolina, Georgia and the sea islands for protecting refugees, freedmen, &c.

The Imperialists in Mexico acknowledge that the Republicans can defend their new seat of Government better than they could the old one.

The Vermont Legislature is now in session. Official figures show a Union majority in the State to be 18,716.

Several parties in Ohio have been arrested for avoiding the whiskey revenue law. Some have offered as high as \$200,000 to settle.

The report that there will be a general amnesty is denied in Washington.

It is thought an uncompromising Union Legislature will be elected in North Carolina.

The President has commenced preparing his message for Congress. Gen. C.'s majority in Ohio is about 29,000.

Sir Morton Peto and the other British capitalists are in Washington.
