**CHATTANOOGA ROLLING MILL.**—We understand that this valuable piece of property has at last been disposed of by the Government for \$175,000, to John A. Spooner, of Boston—the same person, it will be remembered, to whom Gen. Sherman wrote his celebrated letter on negro enlistments. This change in ownership will have an immense influence in developing the railroad interests of the Southern country, as the mill can in a few days be made available for furnishing, to almost any amount, all that kind of heavy material now most urgently needed by all of our roads. It is, in fact, the only establishment of the kind in the South. Some complication in regard to the land on which the mill stands, have, however, arisen, which may, perhaps, for a time, prevent the public from reaping the advantages of such a change of owners. The proprietor of the land, Mr. Crutchfield, of Chattanooga, is not, we believe, disposed in favor of a sale on any terms. The Government having right and title on the works and buildings, a compromise of some kind will, of course, have to be effected between Messrs. Spooner and Crutchfield, a consummation that will not, we hope, be long delayed.

**DISCONTENT IN GERMANY.**—A letter from Magdeburg says that general discontent pervades the working classes in Germany, not only on account of the question of wages, but political questions. The agitation is greatest in the Rhenish provinces. At Bonn, Dueseldorf, and also at Creveld, in Westphalia, which has become an important manufacturing centre, the working men openly display their hostility to Herr von Bismarck, who in his circular would bring things back to the feudal system. At Dueseldorf and at Solingen the troops have been obliged to interfere.

A gentleman lately arrived from Brownsville, says the cause of Juarez is considered hopeless there. Cortinas is his only energetic leader there, but he injures the cause by his bad character.

**NEW COUNTERFEIT.**—New counterfeit 50's Government Legal Tender Notes have been discovered in New York.
