

MISCELLANY  
CHRISTMAS AT THE BANK.

[CONTINUED.]

I began by mentioning the year 188... Well, it was in that year the old house, where ever so many generations of Swinbrooks had done business, became clearly too old to last out another. It had never been anything more than an old shop and back parlor, with their sun-burners, encaustic tiles and all that rubbish that I had seen about Lombard street now. However, it was almost tumbling about our ears at last; so it was decided to pull it down and rebuild it. The head clerk moved out, and a place was found where we could carry on business during the rebuilding.

It was in a narrow lane, lying a little way off Lombard street, and was altogether in as quaint, quiet a neighborhood as you could find anywhere, let alone in the heart of a great city. It was some fifty yards up the lane from the main street on either side, and stood back from the roadway a little, with its own particular row of posts in front of it. The house had been a good bit altered since it was built from the style of the architecture. I have no doubt it was some great merchant's house, at a time when merchants still lived in the city. There remained the broad stair-case, with its dark oak wainscoting and carved balustrade, wide landings and broad burly looking doors, surmounted by carvings in the manner of Grinling Gibbons. The stair-case was lighted from above by a large lantern, springing from a small cupola, on which I recollect to have seen sprawling gods that might have been Thornhill's. They were painted over now, as being unbusiness-like.

A little paved court, arched over at the entrance, ran at one side of the house, and led on the right to some half dozen houses, similar in character to ours, and on the left to a church with its church-yard, through which there was a flagged path-way up to the door; an entrance little used, as the few church-goers of the neighborhood went in mostly by the front door in the main street.

It was one of the churches built after the great fire by Sir Christopher Wren, who, in this case, hampered by the smallness of the means at his disposal, and, not, I suppose, having yet discovered the secret of building cheaply exquisite churches, like that in Walbrook, had just shown a touch of his genius in the tower and spire, and had left the rest mostly to the brick-layers. The interior had little to recommend it beyond the quaintness that aged and a bygone style gave to the heavy black oak fittings. Nevertheless, I used to go in sometimes of a quiet sunny Sunday morning and lulled by the monotonous drone of the parson dream of the time when the daughters of the merchant who had lived there in the big house—that was his monument, perhaps, with the swollen cherubs—lovely and brilliant, in powder, patches and hoops, would rustle into the church and, to the great scandal of the old city dames, sing the psalms of Hopkins, with flourishes learnt at the opera from the newest male soprano. It was the pew affected to the use of the inhabitants of the big house—their house—that I was sitting in; not one of your wretched little modern pews, but a good sized place, with seats round the sides of it, and room for your legs in the middle; walled in so high by carved oak that you could not see the verger as he passed, but only the gilt mace which progressed solemnly along the horizon.

The Great American Blood Purifier.  
QUEEN'S DELIGHT

THE QUEEN'S DELIGHT, the great American Alternative and Blood Purifier, is the most perfect vegetable compound of alteratives, tonics, diuretics and diaphoretics; making it the most effective invigorating, rejuvenating and blood-cleansing cordial known to the world.

In introducing this new and extraordinary medicine to the public, observation led us to remark that too little attention is paid to the "life of all flesh," the blood. Many diseases, and too many complaints, which have their origin in a vitiated state of the blood, are treated only as symptoms and results; whereas, if the remedy had been applied to enrich the blood and render it pure, both cause and effect would have been removed. The Queen's Delight is offered to the afflicted as a sure remedy for those diseases arising from an impure condition of the blood. It has a direct and specific action upon that fluid, and consequently renders the blood pure. It is said, on high authority, that "man no sooner begins to live than he begins to die, and that the characteristics of the living organism are ceaseless change and ceaseless waste." It is obvious, therefore, to every reflecting mind, that unless the blood is pure, in supplying the waste tissues with material, it must be the cause of innumerable ills and constitutional disorders, such as Scrofula, Rheumatism, Herpes, Disorders, Consumption, Inflammations, Fevers, &c. Life and health is only to be maintained by the circulation of pure arterial blood.

We therefore advise every one whose blood is in the least vitiated by indulgence or excess, and whose constitution is impaired by disease and is suffering from Rheumatism, Liver Complaint, Consumption, Scrofula or King's Evil, Carbuncles, Boils, Itching Humor of the Skin, Erysipelas, Skin Diseases, Tetter, Roughness of the Skin, Pimples, Blisters, Pains in the Bones, old Ulcers, Syphilis and Syphilitic Sores, Induration, Inflammation of the Bladder and Kidneys, Pains in the Back, General Debility, and for all complaints arising from deficiency and poverty of blood, to use the Queen's Delight.

Females of delicate constitution, suffering from weakness and depression of mind in consequence of those complaints which nature imposes at the period of change, have a pleasant and sure remedy in the Queen's Delight.

Children whose fair and ruddy complexion gave early promise of health and beauty, but too soon become blanched and pale, by some hereditary taint of the blood, will have the rich boon restored by using the Queen's Delight.

The unacquainted and persons traveling into warm countries will find the Queen's Delight a great protection from all malarious affections and diseases which originate in a change of climate, diet and life.

The extraordinary and unprecedented cures performed by the Queen's Delight Compound is attracting the attention of every one, not only at home, but abroad. The merits of this compound are being felt and appreciated everywhere. Hear what they say of it in New York: "It is a remedy of much importance and value, exerting an influence over all the secretions, which is unsurpassed by any other known alternative. It is extensively used in all the various forms of primary and secondary syphilitic affections; also, in scrofulous, hepatic and cutaneous diseases, in which its use is followed by the most successful results."

Its properties as a remedy were first introduced to the notice of the profession by Dr. Thos. Young Simons, of South Carolina, as early as 1828, as a valuable alternative remedy in syphilitic affections, and others requiring use of mercury. Dr. Simons' statements have been endorsed and extended by Dr. A. Lopez, of Mobile, and Dr. H. R. Frost, of Charleston. From reports in its favor, there seems no reason to doubt the efficacy of this medicine in Secondary Syphilis, Scrofula, Cutaneous Diseases, Chronic Hepatic Affections and other complaints benefited by alterative medicines.

**HEINITSH'S CELEBRATED  
GERMAN HORSE POWDER!**  
For all Diseases to which a Horse is Liable.

THE various diseases to which that noble and useful animal, the horse, is subject, and the little knowledge that is known of them by farriers and ignorant ostlers, have occasioned many remedies to be offered to the public under different forms, with high sounding names, and sanctioned by dignified names. Some of these are injurious; others, at best, of little use, and many entirely worthless, and do not meet the want. A good medicine, free from objections of this kind, has long been desired by many gentlemen who have valuable horses. We therefore offer the only good medicine—the true "GERMAN HORSE POWDER" which has proved so efficacious in all the diseases. It is prepared from the original recipe of Dr. Heinitsh, of Germany. Its extraordinary virtues are attested to by thousands, and for fifty years has stood, and still stands, first in the estimation of all experienced farmers and agriculturists as the best medicine for the horse. It is recommended for horses fonder by eating to excess or drinking cold water when heated, to such as have symptoms of glanders or are exposed to the infection by being with other horses, for indigestion, distemper, hidebound, drowsiness, loss of appetite, inward sprains, debility, wasting of flesh, sore eyes, swelled legs, grease, mange, surfeit, old coughs, for exertion from work. It carries off all foul humors, purifies and cleanses the blood, and prevents horses becoming stiff and foundered. It is a stimulus for weak stomachs, and renders the limbs and skin soft and fine, giving a smooth coat to the hair. Ask for "Heinitsh's German Horse Powder." For sale by FISHER & HEINITSH, Druggists.

**The Adornment of the Head--The Hair Restorer.**  
GRAY HEADED people have their locks restored by it to the dark, lustrous, silken tresses of youth, and are happy. Young people, with light, faded or reddish hair, have these unfashionable colors changed to a beautiful auburn, and rejoice. People whose heads are covered with dandruff and humors, use it, and have clean coats and clear and healthy scalps. Bald-headed veterans have their remaining locks tightened, and the bare spots covered with a luxuriant growth of hair, and dance for joy. Young gentlemen use it because it is richly perfumed. Young ladies use it because it keeps their hair in place. Every one who uses it will use it, because it is the cleanest and best article in the market. For sale by FISHER & HEINITSH, Druggists.

**THE TRIUMPH OF ART!  
MORE TESTIMONY IN FAVOR OF  
Heinitsh's Queen's Delight.**  
EXTRACTS FROM LETTERS: "The Queen's Delight is beginning to awaken the attention of our physicians. Its remarkable curative power is seen in its wonderful effect upon disease. As a blood purifier, there is no medicine like it known to the profession. A gentleman told me that his son has been taking the Queen's Delight, and is more benefited by it than by any other medicine. He wants a dozen bottles."  
Extract from a letter: "It is due to you to state in this public manner, in order that the people may know the truth, that I have tried your Queen's Delight, and found it not only what you said it was—"a pure medicine"—but the best medicine I have ever taken for eruptions and general bad health. I had an eruption all over my body, with impaired digestion and disordered liver, and have tried a great many medicines without any benefit. I have taken one bottle of your Queen's Delight, the eruption has disappeared, my appetite is better, my liver and digestion is improved. I am satisfied one or two more bottles will cure me."  
Extract from a letter: "At the close of the war, my constitution was shattered. I could not eat, sleep or perform any duty whatever, such was my prostrate condition. Medicine and medical aid I had in abundance, such was my condition up to a few months since, when I began the use of your Queen's Delight. I have used two bottles, my constitution is greatly improved, my appetite is good, enjoy refreshing sleep, and am able to perform my share of daily labor."  
Extract from a letter: "Wonderful effect of only one bottle: 'I have used only a half bottle of 'Queen's Delight' for boils and eruptions of the skin and itching humors of the blood, which annoyed me very much. I am entirely cured. I think your medicine a valuable one."  
A remarkable case of liver complaint and headache cured by the use of "Heinitsh's Queen's Delight." A lady of unquestioned worth and reputation voluntarily gives testimony of the wonderful effects of this medicine. She has been from early years a martyr to headache, caused by impure secretions of the liver, producing intense headache and pain over the eyes. She has taken only four bottles, and assures us of the perfect cure it has made. She now enjoys good health.  
Still another: "During last spring, I had been troubled with obstinate chills and fever, which, when cured, left my system in a wretched condition, blood impure, and low in vitality. The use of your Queen's Delight, an incurable, cutaneous eruption over my entire body. The most violent remedies suggested failed to work a cure, until, at the instance of a friend, I tried Dr. Heinitsh's Queen's Delight. Less than two bottles cured me, leaving my skin in a healthy condition. My general health is as good as ever. For such purposes, I have, ever since my cure, unhesitatingly recommended your Queen's Delight."  
Don't buy any but the right kind. All genuine Queen's Delight has the copy-right mark on the outside, and it is the only medicine which produces these wonderful cures. For sale wholesale and retail at

READY-MADE CLOTHING.

THE ladies, gentlemen and young people of Columbia, who may be in want of "SOMETHING TO WEAR," are respectfully and earnestly invited by the ladies of the Industrial Association to call at their Work-room, in the Female Academy, and examine the articles which they have now ready for sale. Some one will always be found ready to exhibit the ready-made garments and to receive orders from those who may wish to have work done neatly and promptly.  
The object of the Association is to furnish constant employment to those who, having been impoverished by the war, now depend on the piece for daily bread. Does not such an object commend itself to the hearts of our citizens? Or might the anxious applicants for work be told that our people prefer Northern-made garments, and that there is, therefore, no more work for them? Shall it be said that such an Association as this cannot be sustained in the capital of South Carolina? Jan 19
