Constantinople, August 9.—The difficulty between the Sultan and Viceroy of Egypt will be amicably settled.

Washington News

Washington, August 8.—The Cubans have official advice to the 30th ultimo. The Spanish troops in the insurrectionary districts were reinforced by all the disposable force in the island preparatory to active operations. Several small engagements at Cinco Villas District resulted disastrously to the Spaniards, with a loss of 400 killed, wounded and prisoners. It is reported that the Cubans hold Haquin, with its fortifications and stores. Céspedes' government will be removed to Haquin, as the position is very strong. Reinforcements from the United States continue to arrive. 225 recruited in Indiana, Ohio and Kentucky joined Quesada on the 28th, bringing arms, ammunition and a large supply of camp equipment. The health of the Cubans is good. Rosenzweig declines to be a candidate for the Governorship of Ohio, on the ground that his duties to his creditors and family prevent him.

Additional returns from Tennessee give Senter 65,000 majority.

Washington, August 9.—The Mexican Minister and Claims Commissioner arrived to-day.

Terrible Accident.—At Danbury, Conn., on Tuesday morning last, the trestle-work on the Boston, Hartford and Erie Railroad, just below the steam excavator, gave way and came to the ground, bringing with it four loaded cars and seven men, one of whom was instantly killed, another has since died, a third is said to be in a dying condition, and the remaining four are more or less injured.

The suit of J. B. Brown against Col. D. J. Young, involving the title to the Government property at Harper's Ferry, valued at several millions of dollars, is on trial at Parkersburg. Chief Justice Chase on the bench. B. Stanton appears for the plaintiff, and Hon. B. Smith and H. Blackburn for the United States.

A young girl named Daily, about fifteen years of age, was raped in Benton County, Indiana, several days ago, and died from the effects of her injuries. The man, whose name our exchange does not give, subsequently suicided, by taking poison, upon hearing of the death of the poor girl he had cruelly outraged.

Morgan Hamilton, of Texas, owns up. He says: "The Republican party is as dead to-day in Texas as it is in Kentucky. It had, in the face of the formidable combination organized against it, but a sorry prospect in the immediate future, but then it had a future, which now it has not. I have no stomach for further work in the contest. It has been from the start a hopeless contest."

Proceedings of Council.

COLUMBIA, August 6, 1869.

Present—His Honor the Mayor; Aldermen Agnew, Bates, Geiger, Hope, Hussung, Johnson, Shields, Walter, and Waring.

The minutes of the last regular and special meetings were read and confirmed.

A petition was presented by Mrs. John Glass, praying that Council would cause the removal of certain persons from her premises whose characters are disreputable and bad. Referred to the Mayor, with power to act.

A petition from Mrs. E. Turner, praying for alms, was referred to the Committee on Alms House.

A petition, signed by a number of citizens, was presented, praying that Council do not grant the application of John H. Heise for tavern license, as such a privilege would be detrimental to the business. Referred to the Committee on Licenses.

A communication from Alex. Y. Lee, City Surveyor, was read, suggesting that the names of the streets be posted, and giving the cost of the work. Referred to the Committee on Streets, with power to act.

An application from Charles Brown for tavern license to retail spirituous liquors was presented and referred to the Committee on Licenses.

The following accounts were presented and referred: E. & G. D. Hope, Alms House and City Hospital; J. M. Dent, Alms House and City Hospital; M. L. Bower, Alms House, Lunatic Asylum, for pauper lunatics. Drs. Taylor and Geiger, and A. L. Solomon, Magistrate, for examining a case of lunacy.

The City Clerk, Clerk of the Market and Chief of Police presented their respective reports for the month of July, which were referred to the appropriate committees.

Charges were preferred by the Chief of Police against Charles Brown, for retailing spirituous liquors without having a license to do so. After hearing the evidence in the case, on motion, it was ordered Mr. Brown pay for his license from the 1st of July last.

Charges were preferred against T. J. & H. M. Gibson, merchants, for purchasing old metals without having a license to do so, in violation of an ordinance of the city regulating junk shops. The parties pleaded guilty to the charge, alleging ignorance of the existence of the aforesaid ordinance, and were fined fifty dollars for the offence.

The Committee on Accounts presented a report, recommending that the following accounts be paid: Shields & Glaze, Water Works, \$156.85; Market Department, \$10.50; Bryan & McCarter, Alms House, \$1.50; City Clerk's Office, \$22.65; Guard House Department, \$8.30; Clark Waring, Water Works, \$218.91; J. M. Dent, Alms House, \$9.60; City Hospital, \$14.40; Hussung & Motz, Guard House Department, \$1.50; Fire Department, \$5.00; M. L. Bower, Alms House, \$22.00; J. & T. R. Agnew, Street Department, \$34.65. Report received and adopted.

The Committee on Licenses submitted the following report: The Committee, to whom was referred the petition of Haynes & Ellington, for renewal of their license to retail spirituous liquors, having at a former meeting of Council reported unfavorably upon said petition, and which was referred back to the Committee for reconsideration, beg leave to report, that they have given the matter their careful attention and consideration, and desire to do justice to all parties concerned. On investigating the case, several witnesses were examined, who stated that the house was a common nuisance, and petitioned that a license for the same be withheld. A few stated it to be no nuisance to them. Your Committee see no reason why they should change the tenor of their first report, inasmuch as in making a favorable report, a nuisance may exist, and in an unfavorable report, it may not exist. Your Committee beg leave to report unfavorably upon the petition of Haynes & Ellington for license.

Report received and adopted.

The Committee on City Clock presented the following report: The Committee on City Clock, to whom was referred the communication of Mr. Wm. Glaze, would respectfully report that they have had the same under careful consideration, and although your committee are particularly anxious that the city should have correct time, yet, after a careful review of the financial condition of the affairs of the city, your committee are of the opinion that it is inexpedient at the present to erect a city clock; we would, therefore, respectfully ask to be discharged from the further consideration of this matter.

Report received and adopted.

On motion of Alderman Agnew, the special committee appointed to ascertain upon what terms Mr. J. S. McIntosh would surrender his lease of the Fair Grounds was discharged, and the matter referred to the committee appointed to ascertain the cost of the necessary buildings for the Agricultural and Mechanical State Fair were submitted to Council. Mr. R. W. Johnson being the lowest bidder, the contract was awarded to him.

The following resolution was offered by Alderman Hussung, and adopted: Resolved, That the City Clerk is hereby authorized to open at his office a list for subscription to assist in defraying the cost of erecting buildings, and other expenses that may be incurred, for the Agricultural and Mechanical State Fair, and a notice to that effect be published in the daily paper.

On motion, Council adjourned. J. S. McMAHON, City Clerk.

LIFE ASSOCIATION OF AMERICA,

Parent Office, St. Louis, Mo.

TWO GOOD REASONS

FOR JOINING THIS

ASSOCIATION

IN PREFERENCE TO

INSURING IN ANY COMPANY.

1. It is a purely mutual Association, in which all the profits are divided equitably among the members, and no part of them absorbed by stockholders. For this reason it can insure at lower rates and pay larger dividends than any Western or Southern Company.

2. It is a purely MUTUAL WESTERN and SOUTHERN ASSOCIATION, with its funds all invested in the West and South, at high rates of interest. For this reason it can insure at lower rates and pay larger dividends than any Eastern Company.

ONE HUNDRED DOLLARS invested at 10 per cent. for 50 years will amount to \$1,739.09. ONE HUNDRED DOLLARS invested at 6 per cent. for the same time will produce only \$1,842.01. DIFFERENCE—\$9,897.08.

Why should Western and Southern men pay money to Eastern Life Insurance Companies, to be loaned out by them at 6 to 7 per cent., when the Life Association has a large demand for it at 10 per cent.? High interest incurs large dividends.

The LIFE ASSOCIATION proposes to the people of South Carolina, as she has done to all the Southern States, to make it a HOME COMPANY—that is, to invest the money derived from each State in the different States from which it is collected. Money is very much needed in the West and South, to assist in developing and building up the commercial, manufacturing, mineral and agricultural interests; and as the laws of New York and several Eastern States absolutely prohibit their companies from investing money outside their own States; and as these companies have heretofore done a large portion of the business of the West and South, and now hold many million dollars belonging to the citizens of these sections—of the use of which they are deprived by law—we therefore earnestly urge upon our people the necessity of insuring their lives in good Western and Southern Companies only, and thereby keep their money at home. The Association was started over a year ago, for the express purpose of changing the current of Life Insurance from the East to the West, and to-day, without a particle of stock, we have

ONE MILLION OF DOLLARS ASSETS.

We invite attention to our rates and plan, and feel confident that we can command the influence and hearty co-operation of the citizens of South Carolina.

ETNA

LIFE INSURANCE COMPANY,

Hartford, Conn.

ASSETS, JANUARY, 1869, \$10,462,631.75.

THE ETNA ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of policies in force; but one among all those incorporated under the laws of the State of New York had so small a percentage of expense to income during the year 1868.

Its Annual Income is over \$6,000,000. It has over 40,000 existing Policies. Its expenses are lower than most Companies, and consequently its ability to make and pay liberal dividends to the insured is greater than that of most Companies.

It is one of the great Companies of the land IN INCOME.

IN NUMBER OF POLICIES, IN AMOUNT INSURED, IN SOLIDITY AND STRENGTH, IN SOUNDNESS, IN CHEAPNESS, PROMPTNESS, AND SUCCESS.
